

# Vitarenew Cocogogo Coconut Rehydration Effervescent

**Pack Size:** 20 Tablets

**Case size:** 6

**Recommended Daily Dosage:** 1 tablet dissolved in 200ml water

## Description:

A great tasting coconut flavour electrolyte effervescent. It is a fantastic alternative to coconut water and has been formulated with magnesium and Vitamins B1 & B12 for added energy.

Packed full of electrolytes and energising B vitamins, our effervescent drink tablets are a perfect source of refreshment on the go. Ideal for holidays, the beach or gym, with fewer calories, salt & sugar content per drink than leading coconut water brands.

## Dissolve one tablet in a glass of water to:

- Rapidly replenish electrolytes and fluids during and after exercise
- Help with muscle fatigue and psychological function
- Rehydrate and revitalise when travelling, especially in hot climates

A refreshing effervescent drink inspired by the tropics!

Especially formulated to help with electrolyte re-balance!

Simply add to water and enjoy

Naturally flavoured with no artificial colours or preservatives and suitable for vegetarians
