

# T8 Tube Lights

These new and improved LUMiLiFe tubes have been designed to replace older, inefficient fluorescent units in offices, care-homes, commercial settings and the like.

As well as saving money on energy bills, your maintenance costs will also be lowered as they come with extra-long 30,000hr lifespans. Plus, LED tubes maintain their quality and brightness over time, unlike traditional tubes that flicker as they get older.

They come with an extra-wide 200° beam angle to give you enhanced lighting coverage, and they're all available in Cool White, Warm White and Daylight colours too.

Design-wise, they each feature a full glass cover that's proofed by a protective film that minimises shattering should it occur.

## Technical information

Model	Wattage	Colour	CCT	Size	Dimmable	ErP Lumens	ErP Wattage equiv.	Lumens per Watt
T8-GL-600-6500K	9W	Cool White	6500K	600mm	NO	800	18W	89
T8-GL-600-3000K	9W	Warm White	3000K	600mm	NO	720	18W	80
T8-GL-600-4000K	9W	Daylight	4000K	600mm	NO	800	18W	89

T8-GL-1500-4000K	22W	Daylight	4000K	1500mm	NO	2000	58W	91

## Common attributes

⚡	Voltage	220-240V
⚡	Power Factor	> 0.9
📏	Sizes	600, 1200 & 1500mm
🔊	Beam angle	200°
☔	IP Rating	IP20
⚙️	Dimmable	No
🕒	Lifespan	30000 hrs
👁️	CRI	80
🔄	Switch Cycles	40000
⚡	Instant on	< 1s

LUMiLiFe is constantly developing and improving its products. For this reason, all product descriptions are intended as a general guide and we may change specifications time to time in the interest of product development, without prior notification or public announcement. Data in this sheet has been obtained in controlled experimental conditions. However, LUMiLiFe cannot accept any liability arising from the reliance on such data to the extent permitted by law.
