# ETHICS & STANDARDS

#### ENVIRONMENTAL

Henbury are fully committed to the wellbeing and development of our planet which has encouraged big changes to our personal outlook and the way we trade. We aim to encourage our customers to follow in our footsteps by reducing the volume of waste going to landfill.

Going forward, our products will be packaged in recycled plastic bags, which will be recyclable at the end of life. Packaging components are being reduced by a huge 77% across shirts, as well as reducing the number of products packaged individually. Finally, our bags will be made for reuse, branding is being removed to allow ease of packaging for further use after decoration or re-branding.

On top of this, our employees are making a conscious choice to print less paper in the office and recycle all excess fabrics/ garments.

It is our corporate responsibility to make an impact in reducing our carbon footprint. All of our marketing materials printed for 2020 were carbon balanced, helping to reduce CO2 emissions and preserving ecologically endangered land with World Land Trust. By using FSC certified papers and printers, promoting responsible management of the world's forests, we are doing our part to make a change.

To reduce our footprint even further, we have taken the decision to only publish our brochure online for 2021, and it doesn't stop there! We aren't letting our 2020 material go to waste either; if you prefer a hard copy to hand, our 2020 brochures are still available to order with an updated insert to remind you of our discontinued lines and new products for 2021.

You can request hard copies of our 2020 brochure at: cloud.henbury.com

### MANUFACTURERS

We work with the very highest level of manufacturers developing strong, long-term partnerships to promote understanding of International Ethical Trading practices. Working with all our global suppliers to promote respect for workers' rights, ensuring workers are free from exploitation and discrimination, and enjoy conditions of freedom, security and equality.

We fully recognise the importance of the people and the countries where we manufacture, and we require any associated manufacturer or supplier to share our commitment to fair and safe working practices. Our manufacturing locations are personally selected, inspected via an independent, fully recognised and accredited ethical auditing body and supported with continuous monitoring by our local representatives. This ensures working conditions and practices are to the highest standard and within local government laws.

In addition to ensuring our high ethical standards are achieved, we support and sponsor a number of local charities within the communities with which we work and manufacture.

#### CERTIFICATIONS

A further indication of our commitment to social responsibility is in the number of certifications that we are supported by. Specific information by style and clarification relating to various certifications and standards is available from us on request.
