

GANGWAY SAFETY

BROWMATE® GANGWAY TREADS

SCOTGRIP® HD Browmate® is a heavy duty, high traction anti-slip polyurethane tread which enhances personnel safety on all types of marine gangways/brows.

Browmate® gangway treads incorporate the unique Pyragrip® anti-slip textured surface which is fully integrated into the design of this safety product. Another advantage is the moulded drainage tunnels which allow for quick water run-off. These are located along the entire length of the Browmate® gangway tread. These are designed for quick and secure fitting on your gangway with mechanical fixings.
