

# Kitchen Planner

On the grid diagram below draw out the - Room shape, Dimensions, Ceiling Height, Doors, Windows Radiators, Electrics etc.

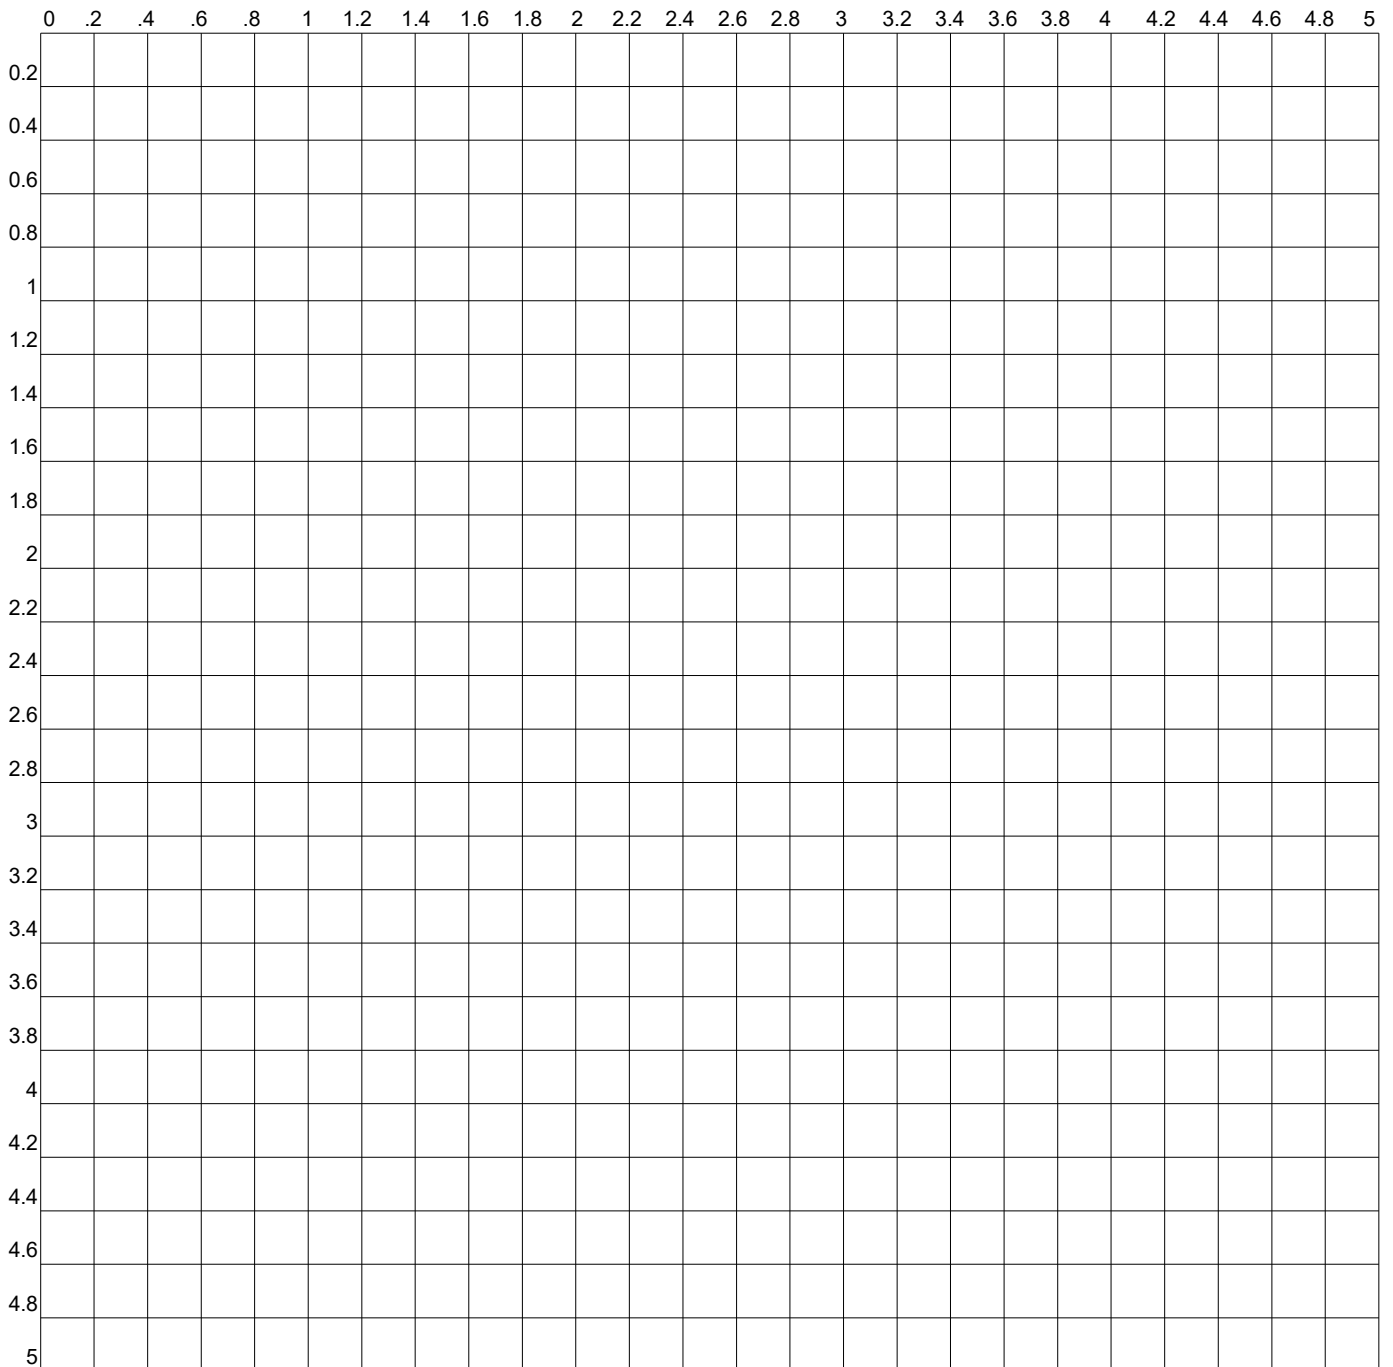

Use the handy shapes below to layout on the grid to help design the kitchen

Each grid line represents 200mm

*Remember to allow 50-70mm for corner posts*

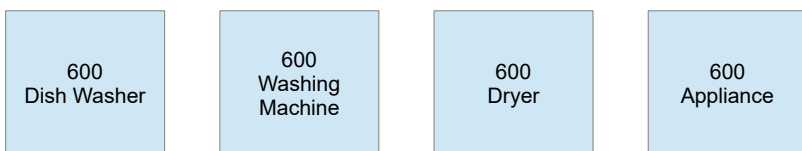

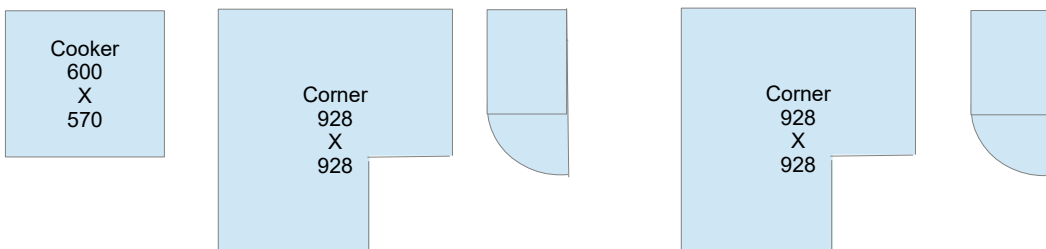

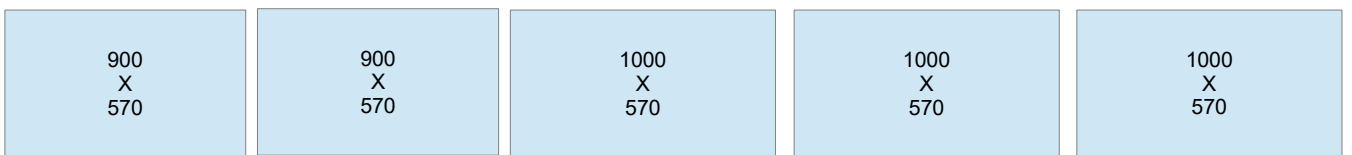

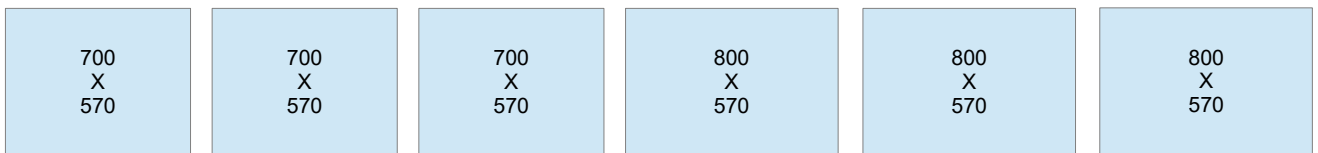

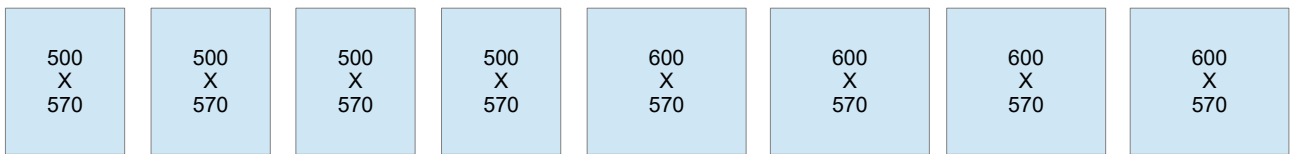

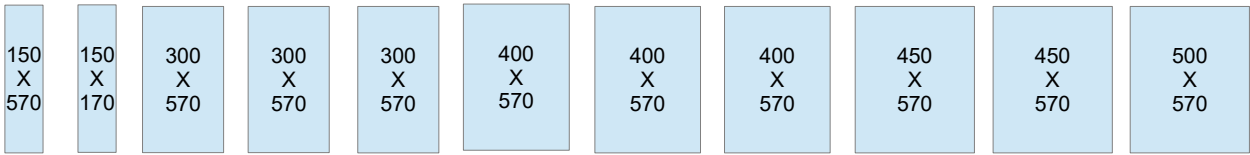

*If using a blind corner cabinet – do not butt right to the wall allow 100mm*

Please see example at the end.
