Askam-in-Furness - 10/01/2013

This information has been verified by an independent third party,
and by our 175 year history manufacturing the product.

However small variances can be found on individual batches, for
this reason all best brickwork practice should be followed at all
times.

Upon receipt of goods please check for the consistency of colour and texture as once the bricks have been laid it will be deemed
that the product(s) supplied meets with your approval

"We believe there is no such thing as a sustainable product in unsustainable packaging" To this end we have decided to remove all
clear plastic bags from our packaging If you require advice on keeping unused bricks dry please contact us.
