**Catalogue
Spring 2024**

Welcome to our spring 2024 catalogue.

With this catalogue we always have review programmes from the previous year - and this year is no exception with a great mixture of steam and diesel titles for your viewing pleasure. The popular and best-selling Scottish Diesels Review is back with a 2023 edition, plus Traction 2023 Part One, looking at rare and rateable workings from July-December.

For steam fans, it's a triple header with three superb titles from SAY: **Steaming Around Britain 2023**, **Keighley & Worth Valley Railway - Review of 2023** and what will be another best-seller - **From The Air: 2023**.

New cab rides out now and coming soon include 2 x 37s on the **ECML from Newcastle to Haymarket** and the fifth release with **Greater Anglia: Norwich to Cambridge**.

Following many requests we are pleased to add **Austrian cab rides** to our product range, produced by Bahnorama. Similar to the Swiss titles, these are multi-disc programmes and feature the best of Austria's railways.

The Videoscene stall hits the road in February and into spring with four Model Railway Exhibitions: Doncaster, Glasgow, Statford and Bristol. See the box below for details.

Please remember, we charge £ZERO postage on all DVD, Blu-ray and book orders to any UK address. If the item you want is £14.95, that's exactly what it will cost you - £zero postage - £zero card fees - £zero added - **GUARANTEED!**

You may notice the word 'HOT' next to a few titles in this catalogue. This basically means these are very popular and best selling titles and we have plenty of them in stock. If you order before 10am on a weekday, we can normally ship your order by first class post the same day.

Thank you for your continued support.

How to Order Delivery and Postage

UK Customers

We offer an excellent mail order service to everybody. We send everything by Royal Mail First Class post, which normally takes 1 to 3 days to arrive with you. All DVDs are dispatched post free. We normally dispatch orders within 24 hours.

Overseas Customers

Due to the extraordinarily high costs of shipping to Europe and worldwide, customers may have to pay a supplement. When ordering online, we may need to contact you for additional payment. Sorry.

Freepost Videoscene address

The address 'Freepost Videoscene' may seem strange but it is correct! Post Office staff sometimes say that this is not a valid address but we can assure you that it is. No postcode or any other further information is required for your order to be delivered to us. If you prefer, you can send your order to our PO Box address, which is Videoscene, PO Box 243, Lytham St. Annes, FY8 9DE. Remember, you will need a stamp if you use this address. Overseas customers should use this address when ordering.

Returns Policy

Our 14 day returns guarantee means that if for any reason you are unhappy with your purchase, you can return it to us in its original condition within 14 days of the date you received the item. We will issue a full refund for the price you paid for the item or exchange it for a replacement of the same value. Faulty items can be replaced, refunded or exchanged in the same way.

**Contact our friendly,
knowledgeable staff today!**

NEW STEAM DVDs

...we stock more than 900 archive, preserved, modern, mainline & footplate ride steam DVDs!

From The Air: 2023

'From The Air' captures steam action, but from a whole new height. From shots no longer accessible due to tree growth, to shots filmed over water, this four disc DVD and Blu-Ray features footage from throughout 2023, filmed solely using drone technology. This product features a mixture of mainline, heritage railways and narrow gauge action. Steam charters are included from across the UK, featuring a wide variety of locomotives, working hard at locations such as the Settle & Carlisle Railway, WCML, West Highland Extension, the Lickey Incline, the Cumbrian Coast, Welsh Marches, ECML and many others. Several heritage railways from across the UK are featured, including both standard and narrow gauge lines. Railways include: Bluebell, Bo'ness & Kinneil, East Lancashire, Ffestiniog & Welsh Highland, Gloucestershire & Warwickshire, Great Central, Keighley & Worth Valley; Mid Hants North Norfolk, North Yorkshire Moors, Severn Valley, Swanage Railway and West Somerset.

Duration: TBC minutes

Price: DVD £23.99 - Blu-ray £26.99

Code: SY104

Steaming Around Britain 2023

Features over six hours of top quality action, showcasing a varied collection of steam locomotives, working at preserved railways and on the mainline. Whether you're a mainline, preserved or narrow gauge enthusiast, this four disc set has something for everyone. We travelled over 35,000 miles across the country, recording all the best bits of 2023!

Duration: 369 minutes **Price:** DVD £23.99 - Blu-ray £26.99 **Code:** SY103

Keighley & Worth Valley Railway - Review of 2023

During the year the railway hosted multiple events including their annual steam gala, an extended visit from LNER A3 No.60103 'Flying Scotsman', vintage train services, photo charters, diesel running days and 'The Elf Explorer'. A wide collection of running days are featured throughout including lineside shots, an aspect not usually available to the general public.

Duration: TBA minutes **Price:** DVD £14.95 - Blu-ray £17.95 **Code:** SY102

Mainline 2023

Main Line steam action from January - December 2023. A comprehensive look at the Steam scene from the year, with action filmed countryside and numerous locomotives are featured. See website for full details.

Duration: TBA minutes **Price:** DVD £TBA - Blu-ray £TBA **Code:** PS070

London Midland Steam Miscellany No.11

The fourth instalment in our series of all new, and never previously seen, high quality cine films taken by the late Brian Parnell. This time it mostly features the area covered by the former London Midland Region but also footage from Scotland, Wales and Southern England, including some rare snippets of the famous Somerset & Dorset Joint Railway.

Duration: 70 mins **Price:** DVD £19.95 **Code:** BR245

Southern Steam Miscellany No.8

The fifth and final instalment in our series of all new and never previously seen, high quality cine films taken by the late Brian Parnell. Here we feature footage taken from one side of the erstwhile Southern Region to the other; from Kent, Sussex and Surrey to Hampshire, Somerset, Devon and Cornwall.

DOCUMENTARIES

The DVD cover for 'Life on the Line' features a high-speed train, likely a TGV, in motion on a track. The title 'Life on the Line' is prominently displayed in large white letters. Above the title, it says 'THE BRITISH TRANSPORT COMMISSION'S VISION FOR THE FUTURE'. The cover also includes the BBC logo and a small 'DVD' icon. The spine of the DVD case is visible on the left, showing the title 'Life on the Line' and the BBC logo.

Life on the Line

British Transport Films Volume 15

Duration: 53 minutes **Price:** £14.95 **Code:** KR161

Britain's nationalised railway of the 1970s was shaping up to be a very different operation from that which it had started in the late 1940s. So too was the film unit of the railway - British Transport Films. Exciting times were ahead, the Channel Tunnel was back on the drawing board, Electrification would get the nation through an oil crisis and the futuristic tilting Advanced Passenger Train was coming to fruition. Includes: • Multiple Aspects (1969, 20mins) • Top Level of Transport (1969, 15 mins) • Tale Out of School (1969, 25 mins) • Our Business is Moving (1970, 15 mins) • A Day with SELNEC (1972, 23 mins)

Duration: 238 minutes (2 discs) **Price:** £19.99 **Code:** BF015

This DVD programme traces the history of the preserved section of the GCR with pre-end of BR operation archive films by Richard Willis and Mike Clemens showing the story of the Great Central from London Marylebone all the way through to Nottingham Victoria. Individual studies of each station at Loughborough, Quorn & Woodhouse, Rothley and the new station at Leicester North almost in the same location as the previous Belgrave & Birstall station.

Duration: 60 minutes **Price:** £14.95 **Code:** KR162

Ships of the River Mersey

Ships of the River Mersey

This film was shot in August 2023. It coincided with the visit by three different cruise ships Vasco de Gama, Ambition and Jewel of the Seas. As well as getting close to these vessels we feature the Mersey Ferries Royal Iris and Snowdrop as they ply back and forth. Stena Lines ferries Stena Embla and Stena Edda are seen on the service from Birkenhead to Belfast with their twice daily sailings. The Isle of Man Steam Packet Companies high speed catamaran Mannanán links Liverpool with Douglas with a similar frequency.

Digitally Remastered Series

EUROPEAN & WORLDWIDE from Belhurst

For a number of years we have been selling DVDs by a company known as Belhurst. Specialising in steam from around the world, Europe and closer to home, filmmaker David Huntbatch has travelled far and wide, tracking down groundbreaking and fascinating subjects. Now, in conjunction with Videoscene, the entire back catalogue is being re-released - upscaled and remastered - and on Blu-ray for the first time. Five more titles are out now, three of which are snow-themed.

Ukraine - Steam In The Snow

This is the journey made by the Dzerelo Hotel train over the New Year period from 28th December to 4th January 2003/04. The steam action is with former Soviet steam classes FD 2-10-2, SO 2-10-0, SU 2-6-2, Yea 2-10-0, E 0-10-0, L 2-10-0 and narrow gauge 0-8-0 class Gr on passenger and mixed trains. Filmed entirely in snow covered countryside, spectacular big steam action was guaranteed.

Duration: 59 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE124

Dragons In The Snow

The year 2000 was the year of the Dragon, and time to witness dramatic QJ steam action over the famous JingPeng Pass in Inner Mongolia, this time in the snow. See also the amazing coal trains at AoBaoGou with three QJs lifting their loads up the hill. Finally freight on the Chengde Steelworks branch. The Ji-Tong railway in Inner Mongolia in 100% steam operated over its 1000 km length, including the famous JingPeng pass.

Duration: 58 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE104

Coal, Fire & Steam: The Last Steam in China

This film looks at some of the last steam operations. We start at Meihokou, a coal mining railway north of Shenyang with its SY 2-8-2s. Next is Gongwusu near Wuxi, a coal mining system using JS class 2-8-2s. Baiyin serves a number of metal smelting plants and associated chemical works. In Shandong Province we cover 3 QJ operated mining systems, the last QJs in service. Moving on there are SYs at another coal mining railway at Beipiao.

Duration: 88 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE146

Steam In The Snow - American Style

Two western U.S.A. Short Lines in deepest winter snow. The Nevada Northern Railroad and the Heber Valley Railroad. The Nevada Northern showed off No 40 a Baldwin 4-6-0 and No. 93 an Alco 2-8-0 on 4 different consists, whilst the Heber Valley Railroad ran Baldwin 2-8-0 No 618 on a mixed train. Dramatic steam action in the snow with blue skies and dramatic scenery.

Duration: 62 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE149

Viceroy Steam: Sri Lanka

This film starts with preserved working steam in Sri Lanka with B1 Class 4-6-0s on the Viceroy Special Train from Colombo to Kandy, Badulla and Trincomalee. We then take a very brief look at narrow gauge survivors Sentinel Railcar No. 331 and J1 tank No. 220. The second part covers the Darjeeling Himalaya Railway in India with the famous B Class tanks and the school train.

Duration: 56 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE125

Die Salzkammergutbahn 1 (2 Discs)

First filmed in 1993, 25 years later, we boarded an ÖBB train again, the REX 3415, departing at 9:40 a.m. In contrast to back then, everything has been enormously modernized. On the ÖBB side, we travel with the most modern ÖBB railcar, the Cityjet. The return trip from Attnang-Puchheim to Irnding is also documented. This time with a railway technical commentary from Bernhard Pichlhöfer.

Disc 1: REX 3415 Attnang-Puchheim – Bad Goisern.

Disc 2: REX 3415 Bad Goisern – Stainach-Irdning.

Duration: 127 minutes (2 discs)

Price: DVD £34.95 Blu-ray £39.95 **Code:** BA002

Graz - Prague with the Railjet ÖBB RJ 74 (5 Discs)

From the driver's cab of the control car of the railjet 1216 235, the RJ 74 departs from Graz to Prague.

Disc 1: Graz – Mürrzuschlag

Disc 2: Mürrzuschlag – Vienna

Disc 3: Vienna – Brno

Tauernbahn Winter 2005 (2 Discs)

On the occasion of the filming of the BAHNORAMA "100 Years of the Tauern Railway" in the winter of 2005, on December 2nd, in the most wonderful winter weather - the Gastein Valley covered in deep snow and in the most wonderful sunshine - the premiere of the first 16:9 driver's cab ride was shot in the new recording format HD - High Definition. From Schwarzach/St. Veit we go to Spittal am Millstättersee and back again.

Duration: 140 minutes (2 discs) **Price:** DVD £34.95 Blu-ray £39.95 **Code:** BA005

Die Wachaubahn (2 Discs)

Five golden railcars from the 654 series (Regional Sprinter) are currently in use on the Wachau Railway. The operating company NÖVOG is very pleased with the sharp increase in passenger numbers.

DVD 1: From Krems ad Donau to Emmersdorf ad Donau.

DVD 2: Emmersdorf ad Donau to Krems ad Donau.

Duration: 126 minutes (2 discs)

Price: DVD £34.95 Blu-ray £39.95 **Code:** BA003

Die Arlbergbahn

The memoirs of a veteran train driver are at the beginning of this RAILNORAMAS. We observe everyday working life on the railway, from the steam locomotive era to the first electric locomotives right up to the present day. Impressive perspectives of the most interesting sections and engineering structures of this railway - some from a helicopter - show the characteristic atmosphere of winter railway operations. Social and cultural-historical contexts are examined in even more detail.

Duration: 70 minutes **Price:** DVD £29.95 **Code:** BA006

Please Note: These titles are slightly more expensive than normal. This is due to the cost of importing them from Austria, the poor exchange rate between the Euro and the Pound and the Brexit taxes added when they arrive in England - sorry!

Cab Rides

NEW DVD
Only £16.95

Cab Rides: Cleethorpes to Sheffield

This Cab Ride takes us from the Victorian seaside resort of Cleethorpes to the industrial city of Sheffield over tracks originally laid by the Manchester, Sheffield and Lincolnshire and the Midland Railways. Our journey is in the cab of a TransPennine Express class 185 on the sort of beautiful sunny day with bright blue skies that you would hope for on a seaside holiday in Cleethorpes. Our first stop is at Grimsby, a town which owes much of its presence as an east coast port to the docks development financed by the Manchester, Sheffield and Lincolnshire. From there we head across the flatlands of north Lincolnshire, occasionally flanked on both sides of the track by rivers and canals. We reach Doncaster, meeting up with the East Coast Main Line, before branching west along the valley of the River Don, travelling deeper into South Yorkshire, by-passing Rotherham, before reaching our destination in the steel town of Sheffield.

Duration: TBA minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS119

Cab Rides: Bidston to Wrexham

Bidston is at the northern end of the Borderlands line, across the River Mersey from Liverpool. Our journey takes us south across the Wirral Peninsula and onwards to Wrexham aboard a Class 150/2 of Transport for Wales. There's full commentary throughout, with on/off option.

Duration: 57 minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS118

Cab Rides: Edinburgh to Carlisle

Travel in the cab of a Class 397 Nova 2 of TransPennine Express from Edinburgh Waverley to Carlisle along the West Coast Main Line at speeds of up to 110 mph. The five-car electric multiple unit entered service in November 2019 and provides a backbone of the company's cross-border routes up the west coast.

Duration: 74 minutes **Price:** DVD £16.95 Blu-ray £19.95

CAB RIDES

by Kingfisher Productions

Liverpool Lime Street to London Euston Cab Ride

We have boarded our Virgin Trains unit and depart from Lime Street Station, Liverpool for London Euston. The start of our journey takes us almost underground and through the high cuttings and tunnels towards Edge Hill and Speke where we veer off towards Runcorn and the impressive bridges spanning the Mersey. Our route is to Crewe, which is sadly with some rain, about and then a stop at Stafford and Lichfield Trent Valley before our final stop at Milton Keynes Central and arrival at Euston. This was made in conjunction with Virgin Trains.arius, molestie dignissim dui. Nullam.

Duration: 160 minutes **Price:** DVD £17.95
Code: KR995

Carlisle to Glasgow Central Cab Ride

The date is 11th September 2002 and Virgin Voyager 220023 is set to depart for Glasgow Central. Soon after departing, we pass by Kingmoor Depot where several class 20s, 56s and 66s are seen. Our first stop is at Lockerbie after which the train progresses up Beattock summit and then through some stunning scenery and approach Carstairs. We then call at Motherwell and approach the outskirts of Glasgow itself crossing the River Clyde and into Central's Platform 9. Speeds up to 110 mph are achieved during this passenger service. This was made in conjunction with Virgin Trains.

Duration: 90 minutes **Price:** DVD £17.95
Code: KR996

North Downs Line: Gatwick to Reading Driver's Eye View

We board a 3-car class 165 turbo DMU for a fast service that runs through all but 7 of the 22 intermediate stations en route. At first our train takes us along the four track main line to Redhill where our train has to reverse. We then run via Reigate, the end of the line for the electric services. A traditional signal box controls the level crossing and the next leg of our journey running below the Surrey Hills escarpment as far as Guildford. Here we see inside the panel signal box that controls our train as far as Wokingham. More than most, the gradients on this line are particularly apparent from the driver's cab.

Duration: 75 minutes **Price:** DVD £25.00 Blu-ray £30.00
Code: VE123

4 Cities - Driver's Eye View Glasgow Queen Street to Dundee

We board a HST (High Speed Train) rebranded as Inter7City, alluding to Scotland's seven major cities served by these iconic trains. Our train will call at four of these cities: starting in Glasgow at Scotland's second busiest station Queen Street. We run non-stop to the second City, Stirling. Here we not only see the traditional Scottish station but also inside the main signal box (Stirling Middle). Another non-stop run at up to 100 miles an hour, takes us to the magnificent junction station at our third City, Perth. In addition to cab cameras, we filmed numerous trackside runbys, at stations, inside signal boxes (9 in total) and even from a drone for some great aerial views.

Duration: 85 minutes **Price:** DVD £25.00 Blu-ray £30.00
Code: VE122

Traction 2023 Part Two

A healthy dose of loco action from July - December 2023 with passenger and freight highlights plus other exotic workings and combos. *See website for full listing.*

Duration: TBC minutes **Price:** DVD £19.95
Code: LM110

To be released late-February

Passenger Archive

This DVD takes a nostalgic look at the loco-hauled passenger scene in the 1980s. It was a decade that produced plenty of traction variety, from the use of Class 20s on summer-dated holiday trains to the unique Class 89 on the East Coast Main Line. The programme is divided into eight geographical areas that cover most of the country - the West Country, Southern England, London, East Anglia, Lincolnshire, Central England, Wales & Borders, Northern England and Scotland. A wealth of diagrammed passenger work was supplemented by diesel-hauled 'drags', DMU substitutions, summer holiday services and freight locos deputising for the booked passenger loco.

Duration: 110 minutes **Price:** DVD £19.95
Code: LM109

The Elizabeth Line

The first section of the highly successful Elizabeth Line opened between Paddington and Abbey Wood on 24th May 2022, using newly constructed tunnels across central London. It runs from Paddington, under Oxford Street to Abbey Wood. The station at Bond Street was not ready at the time of the initial opening and opened later. Initially the project was known as Crossrail, until Queen Elizabeth II officially named it the Elizabeth Line, during a visit to the construction site at Bond Street on 17th May 2022, where a plaque was unveiled. This production starts with a journey from Paddington to Abbey Wood filmed during the opening week. Initially the line operated in three distinct parts: Paddington to Reading, Liverpool Street to Shenfield, plus the new underground section. Operation from the surface terminals at Paddington and Liverpool Street, prior to the link up, is covered. From the 21st May 2023 the sections were joined up, and trains also started to run to the Heathrow terminals. This video continues showing the line from Paddington to Reading in detail, including many freight trains sharing the Elizabeth Line tracks. It then concludes with a comprehensive look at the line from Whitechapel to Shenfield, where it parallels Greater Anglia services. At the end of the first year the line was carrying an average of 600,000 passengers per day and has transformed travel for millions of Londoners.

Riding the ROG Loco Move#5

Cab Ride: Newcastle to Haymarket via ECML and Edinburgh

Scottish EMU moves, worked by ROG Class 37s, have been a highlight of the Scottish traction scene in recent years. Usually, the 37 heads from Derby to Kilmarnock via the WCML, works a few EMU moves and heads back the same way.

In January 2023, due to engineering works, this route wasn't available, so instead the loco was routed via the ECML and instead of one loco - both of ROG's 37/7 heavyweights were used and this is the subject of this cab ride.

We pick up the action just before Newcastle. Due to a minor fault on the lead loco 37800, a run round is required and this takes place opposite Heaton depot and with 37884 now leading, as the 37s blaze along the ECML.

Cab rides in winter can be challenging weather-wise but this was a lucky one with bright and dry conditions for most of the way and just a couple of short showers. Instead of the usual sea of green trees and bushes that you get in summer, the wintertime colours are very different and so much more of the railway can be seen.

Highlights include the Heaton run round, into the goods loop at Berwick, passing over the Royal Border Bridge and non-stop through Edinburgh. The programme finishes at Haymarket. The full journey is shown.

Includes maps, on-screen captions and minimal narration. A thrash cam records the 37s at work and ambient sounds.

Duration: 160 mins **Price:** DVD £19.95 - Blu-ray £22.95 **Code:** TC163

Greater Anglia CAB RIDES filmed in conjunction with Greater Anglia

Norwich to Cambridge via Brandon and Ely

The fifth cab ride in the Greater Anglia series is Norwich to Ely and onto Cambridge - filmed on board a Class 755 bi-mode unit.

The Breckland Line has featured on numerous cabs rides over the years and this is the version filmed for Greater Anglia for driver training and route learning. Starting on diesel power, we call at Wymondham, Attleborough, Thetford, Brandon and Ely and switching to AC power, Waterbeach, Cambridge North and finally Cambridge.

The entire outward journey is shown with highlights of the return. Includes part-narration, on-screen captions, maps and live cab sounds.

Duration: 90 mins **Price:** DVD £16.95 - Blu-ray £19.95

Download: SD £11.95 HD £14.95 **Code:** TC165

* Due for release in March

Greater Anglia CAB RIDES Also available in this series...

Ipswich to Felixstowe / Norwich to Sheringham

The third Cab Ride is a contrast of lines: In Suffolk, the short but very busy 15.5 mile railway from Ipswich to Felixstowe; and in Norfolk, the longer and more scenic 30.5 mile journey orwich to Cromer, then onto Sheringham.

Duration: 120 mins **Price:** DVD £16.95 - Blu-ray £19.95

Download: SD £11.95 HD £14.95 **Code:** TC295

London Liverpool Street to Norwich

The fourth cab ride in the series features the Great Eastern mainline in its entirety. We board 745003 working the 14.00 from Liverpool Street on a fine summer's day, calling at Colchester, Manningtree, Ipswich and Diss.

Duration: 145 mins **Price:** DVD £16.95 - Blu-ray £19.95

Download: SD £11.95 HD £14.95 **Code:** TC298

Norwich to Great Yarmouth and Lowestoft via Acle and Reedham

This is a cab ride, filmed on board Class 755 bi-mode units, featuring the line from Norwich to Lowestoft and via both routes to Great Yarmouth. Split into six sections, all routes are shown in both directions.

Duration: 154 mins **Price:** DVD £16.95 - Blu-ray £19.95

37418 CAB RIDES

One of the traction highlights of recent months has been 37418 on hire to Loram, in the LRLO pool and working off Derby RTC. Painted in the large logo livery and named "An Comunn Gaidhealach" the loco looks as it was in 1986, newly converted as a 37/4 and based at Inverness.

In addition to railtours, regular trips to Toton and Doncaster and working with 'Caroline', on 12th/13th May 2023, the 37 worked a massive out and back journey from Derby, running a whopping 600+ miles and reaching the Eastern and Southern regions! It may well be the Class 37 working of the year and the whole journey - every single mile and chain - was filmed from the cab and with the full of assistance from Loram, it is available from Videoscene on DVD, Blu-ray and download - split into four full length cab rides.

37418 Cab Ride 1 Derby to Ely

via Gascoigne Wood, Doncaster and Peterborough

From Derby, we head north through Chesterfield, Masborough and Milford Junction then on to the sidings at Gascoigne Wood. For this first section, the load was two coaches, a DBSO and a Mk2 TSO. After a few shunt moves, a whopping EIGHT Mk3 coaches were added and as LOAD 10 - we head for Knottingley, Doncaster and the ECML to Peterborough and Ely. One Class 37 and TEN coaches is a decent load any day, and 37418 had to work hard!

Duration: 240 mins (2 discs) Price: DVD £16.95 - Blu-ray £19.95
Code: TC151 Download: SD £11.95 HD £12.95

37418 Cab Ride 2

Stowmarket - Welwyn GC - Hither Green

via Bury St Edmunds & Cambridge/ECML, Gospel Oak & Kensington Olympia

We head off via Bury St. Edmunds, Chippenham Junction and Cambridge, Hitchin and the ECML again, to Welwyn Garden City. Resuming the following morning, south along the ECML, Finsbury Park and on to the North London Line, Gospel Oak, Camden Road and Willesden, then via Mitre Bridge Junction, Kensington Olympia, Factory Junction, Denmark Hill, Nunhead and Lewisham we reach Hither Green and run into the yard.

Duration: 202 mins Price: DVD £16.95 - Blu-ray £19.95
Code: TC153 Download: SD £11.95 HD £12.95

37418 Cab Ride 2 Ely to Yarmouth/ Yarmouth to Stowmarket

via Norwich & Reedham/Acle & GEML

At Ely, the plan was to use the station avoider but due to a track defect, we had to run round instead. We then head east across the fens towards Norwich and taking the Wensun curve, on to Great Yarmouth, via Reedham and the lesser-used and remote Berney Arms. From Yarmouth, it's light engine back, but over the other route via Acle, to Wensun and the GEML to Stowmarket.

Duration: 174 mins Price: DVD £16.95 - Blu-ray £19.95
Code: TC152 Download: SD £11.95 HD £12.95

37418 Cab Ride 4 Hither Green to Derby

via Nunhead, Kensington Olympia, Upper Holloway, ECML and Melton Mowbray

Now hauling a track machine, the final journey is back via Nunhead and Kensington Olympia to Gospel Oak, to Upper Holloway and the curve to the ECML. It's ECML all the way north, Stevenage, Hitchin, Sandy and Peterborough then Helpston Junction and the signal boxes and traditional signals on the line to Melton Mowbray, the lesser-used Syston East to North Junctions and then the MML north to Loughborough, Trent South Junction and Derby, finally propelling into the RTC.

CAB RIDES

Riding the Cambrian Timber Train Aberystwyth - Shrewsbury - Chester

Available
on DVD,
Blu-ray &
Download

Cab Ride: Aberystwyth - Shrewsbury - Chester via Machynlleth, Newtown, Welshpool and Wrexham.

After a gap of almost 30-years, commercial freight returned to the Cambrian lines in 2022 in the shape of train conveying timber, running from Aberystwyth to Chirk. Only running occasionally, by the summer and autumn of 2023, it ran up to three times a week, usually empties down overnight, coming back loaded on either a late afternoon path or a daytime path the following day. Operated by Colas, the flow initially employed 2 x 97s, but latterly has been a 97 on top - for the ERTMS signalling requirement - with a 37 tucked in behind. This is a cab ride on board the Cambrian timber train, filmed on one of the daytime paths, in August 2023. 97302+37405 provide the power as far as Coleham depot, where the 97 is swapped for 56096 for the run through to Chester via Wrexham. Although mid-summer this was a classic case of 'four-seasons-in-one-day' and the 97+37 combo struggled up the 10-mile Talerddig gradient, with sections as steep as 1 in 52. The entire four-hour 123-mile journey is shown. Includes maps, on-screen captions and minimal narration. A trash cam in the back cab records the locos at work and ambient sounds.

Duration: 246 minutes (2 discs) **Price:** DVD £19.95 - Blu-ray £22.95 **Download:** SD £14.95 - HD £17.95 **Code:** TC162

Riding the Colas Yorkshire Route Learner Doncaster - Sheffield - Worksop - Halifax

This is the three-hour edited version and it includes the freight-only Bentley Jn to Hexthorpe Jn (Doncaster avoider) line and the Mexborough Jn to Aldwarke Jn (Kilnhurst) line, followed by a run alongside Supertram from Rotherham towards Sheffield. Next we head via Worksop to Gainsborough Central. Back at Sheffield we head out the other way, to Halifax.

Duration: 180 minutes **Price:** DVD £19.95 - Blu-ray £22.95
Code: TC299 **Download:** SD £14.95 - SD £17.95

Riding the ROG Loco Move #4 Carlisle to Kilmarnock

This is a cab ride on board Class 37/7, 37884 'Cepheus' from Carlisle to Kilmarnock via the scenic and lesser known alternative GSW route from Carlisle to Glasgow. The working here was a light engine move for an EMU move. The journey begins just south of Carlisle passing through the station, we head for Gretna Junction and join the Glasgow South Western route.

Duration: 140 minutes **Price:** DVD £19.95 - Blu-ray £22.95
Code: TC297 **Download:** SD £14.95 - SD £17.95

Riding the ROG Stock Move #12 Doncaster to Gloucester (New Yard)

This programme covers the route from Doncaster to Gloucester, a total of 145 miles. Running as a six coach formation, the power cars are 43004 'Caerphilly Castle' and 43154 'Compton Castle'. The route we take is fairly straightforward: From the Doncaster to Swinton and Chesterfield to Derby, then Tamworth, Water Orton, a crawl around the Birmingham suburbs to Kings Norton, down the Lickey, Cheltenham Spa and Gloucester (New Yard).

Duration: 165 minutes **Price:** DVD £19.95 - Blu-ray £22.95
Code: TC282 **Download:** SD £14.95 - SD £17.95

Riding the ROG Stock Move #13 Gloucester (New Yard) to Plymouth (Laira Depot)

Gloucester to Plymouth, a total of 164 miles. The route we take is as expected but at Bristol - due to the part-closure of Temple Meads station - we are routed all the way through St. Philips Marsh HST depot - a mega rare diversion! The journey along the sea wall at Dawlish and Teignmouth is always a highlight and we finish by running into Laira depot itself.

Duration: 168 minutes **Price:** DVD £19.95 - Blu-ray £22.95
Code: TC283 **Download:** SD £14.95 - SD £17.95

BIG FREIGHT 29

Produced in association with
FREIGHTMASTER
THE NATIONAL RAILFREIGHT TIMETABLE

Your six-monthly installment of freight action from around the UK can be found on Big Freight 29! Once again - and it never seems to stop - there's a feast of action from around the UK with new locations, terminals and old favourites, with an incredible selection of locos; from humble 08s and 20s, right through to the brand new Class 69s and even a Class 56 hauling Biomass trains! Sit back and enjoy another action-packed three-hour programme.

Durham Coast and Middlesbrough: Sunderland to Hartlepool and Stockton is just under 30-miles in distance and along this railway are five freight terminals. Following years of decline, all five now see semi-regular flows with DB 66s working steel and scrap trains to Sunderland docks; Colas 70s working cement to Seaham; DRS 68s working flasks to Seaton Nook; DB 66s with steel trains to Hartlepool Pipe Mill and Colas 56s and 70s working oil trains to the recently reopened Haverton Hill, plus GB 60s on Biomass trains passing along the main line. All five terminals are featured. Plus: A look at freight around Middlesbrough and South Bank with the Class 08 and the Potash trains from Tees Dock to Boulby plus a feature on the (almost) freight-only lines at Northallerton where most freight to/from this area joins and leaves the ECML.

Peak Forest 20s and 60s: Our cameras return to this very popular Freightmaster hotspot, but this time in search of two specific loco classes: 20s and 60s. Both were found, working side by side, with one of the last DB Class 60 flows in the country and a weekly DCR 60. We filmed a typical day with no less than TEN different loco liveries including a BR Green Class 47!

North Wales Freight: North Wales has also seen an increase in freight in the past few years with the regular steel trains to Dee Marsh now hauled by GB 66s, joined by a regular flow of cement to the reopened Penyffordd terminal and along the coast, GB 66s working slate trains from Llandudno Junction and Colas 70s with stone trains from Penmaenmawr.

East Midlands Gateway: The freight-only East Midlands Gateway branch, off the freight-only Stenson branch has featured before on this series. We return with a look at moves to/from the container terminal. Various trains and light engine moves are featured.

56098: One of the freight highlights of 2023 has been the use of Large Logo 'Tinsley' 56098 on the biomass trains from Liverpool docks. Often described as a 'draw-back' loco or a 'banking' loco, it's neither - as the 56 usually hauls the train from the docks to Tuebrook sidings with the train loco banking on the rear. We tracked down this beast and filmed it on full power scream up the gradient! A large logo Grid hauling Biomass wagons in the year 2023 - wow!

Plus: Class 69 weedkilling trains; 69s and 73s on Engineers trains, RHTT action from autumn 2023 and much more.

All sections are introduced with full commentary and maps.

- Includes aerial footage.
- So much more than just train after train running past the camera!
- This is all brand new footage, filmed in 2021-23 - GUARANTEED.

Duration: 187 minutes **Price:** DVD £19.95 - Blu-ray £22.95 **Code:** TC159

Train Crazy 30 Years 1994-2024 CLASS 141 to 158 DMUs 1994 to 2002 Compilation

2024 marks the 30th anniversary of Train Crazy railway videos and DVDs. Starting out as a hobby in 1994, then a full time job from 1998, over the last three decades, just about every type of locomotive and unit has featured, with more than 400 passenger, freight, cab ride and tram titles, released on VHS tape, DVD, Blu-ray and download.

Here's the good bit... In the last few years, software to restore old grainy and wobbly film has become more accessible. Previously it was expensive, slow and not very good, but in 2022 huge advances were made. The old film used on these new compilation programmes is all being reworked, improved, cleaned up and upscaled. For the first time, all of the film shot in standard-definition (720 x 576 or less) can be upscaled and presented in top quality high-definition (1920 x 1080).

Long gone and long scrapped EMUs, DMUs, 31s, 37s, 47s, 86s and many other locos and coaches which were only ever filmed in SD, can now be appreciated in full HD! Whether on DVD or Blu-ray, the picture quality of this new series is better than anything seen before, of trains filmed in the same era.

The fifth release features Train Crazy film of the Class 141 to 158 DMUs, filmed between 1994 and 2002. The Pacer and the Sprinter were the names given to the first batch of second generation DMUs, first introduced in the 1980s. Filmed countryside we see the early liveries carried by these units with the short-lived 141s working around Leeds. Classes 141, 142, 143, 144, 150, 153, 155, 156 and 158 are included.

Presented in a no-nonsense format of on-screen captions with unit number, location and date, sit back and enjoy some top quality action from 30-years ago - with much improved picture quality and in HD for the very first time! This is far from a complete record of these units during these years but this is what was filmed, now re-edited, re-worked and upscaled.

The ultimate Class 37 DVD now on Blu-ray!

CLASS 37 HAILED 22

Following many requests, this and all future editions of Class 37 Hailed will be available on Blu-ray. Now two editions per year - February and August.

See website for full listing.

This programme is still in production but so far includes:

The Year 2024: A look at the status of the Class 37 fleet as of 1st January 2024. Every loco, every livery, every location.

Scrapbook: A look at 37411 and 37425, two celebrity repaints from the final years of the Rhymney trains.

Preservation: One of the 37 highlights of recent years has been 37263 running at the Severn Valley Railway. Hauling heavier trains over a much longer distance, compared to normal, the DCE all-grey departmental liveried loco has been very popular! A typical day is featured from August 2023 with the loco working two round trips.

Autumn/Winter 2023/24: 37 RHTT action from the autumn plus another mixed bag of Type 3 workings countrywide with ROG, Colas, LSL, Loram and DRS locos.

Duration: TBA minutes

British Rail Motive Power 1981-1999 - Volume 12

Working our way through 121 hours of unused and unseen archive railway film, shot between 1981 and 1999; and all recorded with the original audio on tripod-mounted cameras.

Highlights of Volume 12 include:

Derbyshire & South Yorks: Class 45s on the Midland Main Line around Chesterfield, Clay Cross and Dore in 1982, working expresses train to/from St. Pancras.

Midlands: Wolverhampton and Bescot in the 1980s with a great selection of locos including 20s, 25s, 45s, 47s and 56s plus 40106 on a engineers train.

London: Footage from Paddington, Kings Cross and Waterloo from 1992 and 1986 with 50s, HSTs, 33s and various DC EMUs.

Welsh Marches: Shrewsbury, Hereford and Leominster with various freight and passenger workings in 1986/87.

Thames Valley: Oxford and Reading 1987 and 1989 with 47s and 50s plus Bubble car 55027 on a local service and 50007 in green.

North Wales: The popular location of Llandudno Junction features again with action from the early 1980s with 40s and 47s and lots of Mk I stock plus containers, and then right up to 1999 with 37403 'Ben Cruachan' in BR Green.

A Day at Birmingham Moor Street on 10-12-85: In the mid-1980s it was decided that the original Moor Street Terminus, dating from 1909, was to be closed, with plans for new platforms to re-connect it to a re-built Snow Hill Station. So, on a misty December day in 1985, the old station was filmed with the idea of capturing the bustle and routine of a typical day and scenes that were was soon to be history. Various Class 115 and 116 are featured.

So much more than just trains passing the camera!

Sunrise Sunset Volume 13 - A Day at Stafford

Stafford is a key artery for WCML freight, with trains from Scotland, Liverpool & Manchester merging south of Crewe, all passing Stafford station, then continuing south or heading for the numerous terminals in the Midlands.

With an eight-track layout through the station, during a typical hour, 20-passenger trains call or pass though, with up to four freight trains. Our cameras filmed a typical day from 6th June 2023. Passenger services are operated by Avanti, Cross Country and London and North Western Railway using Class 390 Pendolinos, Class 220 and 221 Voyagers and Class 350 EMUs. For freight, all five major companies have flows through here. It's mostly containers

using 66s, 70s, 88s and 90s, with stone trains, car trains and engineers trains.

Duration: 94 minutes **Price:** DVD £16.95 - Blu-ray £19.95 **Code:** TC156

DIGITALLY REMASTERED SERIES

These Train Crazy titles have not been available for more than a decade. Due to many requests they're back - bigger, better and in stunning HD for the very first time! These are the original programmes that have been put through the upscale and remaster treatment with improvements to audio, colour balance, contrast and most of all - picture quality. Some of the trains featured here were never filmed in HD or in broadcast quality. Now, for the first time - you can enjoy just that!

HSTs & Eurostars Express Passenger Trains from the Early-2000s

Originally released in 2001

SPECIAL NOSTALGIA EDITION BLACKPOOL TRAM DVD

Special Nostalgia Edition!

Blackpool Tram DVD No.103 - Autumn/Winter 2023

The Life & Times of:

625 627 634 641 645 678 708 726

This latest edition looks at the News from the summer and autumn of 2023 plus the Year End but concentrates on the life and times of eight trams that have recently departed Blackpool or been scrapped. From early B&W images in the 1950s and 1960s, when numbered 2xx/3xx and to the 1980s and 1990s and the 21st century.

With the Heritage service reduced and most of the more interesting trams now out of service, we look at the what was left with the Train, Warship and two Balloons working off Starr Gate depot. Includes 012 in its new advert livery. 35 trams ran in passenger service during 2023. Some of them were only used a couple of times but all 18 Heritage cars and the 17 Flexitys that ran during the year are shown here.

Announcing No.4 in the Light Rail Systems series!

**NEW
DVD**

Light Rail Systems No.4 **LISBON** Route 28 & Tram Parade

Our second programme on Lisbon's trams features the world famous route No.28. It is said that on a typical journey on a busy day - such is the popularity of these iconic four-wheel 90-year old vehicles - the tram is photographed or filmed more than one thousand times, and this may well be true - see for yourself!

Route 28 has featured heavily over the years but this is probably the most detailed account of a journey ever produced. Filmed from the roadside, on board and from the front, you can appreciate this magnificent journey to full effect as the tram snakes, weaves and battles its way from Martim Moniz to Prazeres, climbing gradients and squeezing through narrow streets, whilst avoiding road traffic, crazy tuk-tuks and lost tourists!

The journey is compiled from a number of visits to Lisbon during 2023 and includes multi-car run pasts, a breakdown, and some rare moves at Estrela plus night time footage.

The anniversary of Carris is celebrated each year in September, with a tram parade which usually involves most of the operational museum cars, running from Santo Amaro through the city centre and back - and this is normally the only time in the year when many of these cars run. The 2023 event was different, as due to the overrunning road works in the city, the parade ran to Alges and back instead!

This is definitely the lesser-seen part of Lisbon's tramway for these vehicles and in two parades, ten trams were used: 283, 444, 1, 330, 535, 802, 744, 745 and 713 plus buses 301 and 1001 and brand-new tram 601. Filmed from the roadside and on board, enjoy the best of Lisbon's museum fleet in action, and some rare track, on a baking hot summer's day!

Duration: 100 minutes **Price:** DVD - £12.95 Blu-ray - £14.95 **Code:** TC114

***Released in March**

Also available... Light Rail Systems No.3 - LISBON - An Introduction

The depth and scale of Lisbon's trams could never be covered in one programme, so this - the first of a proposed series - offers an overview of the entire system. There's a look at the five routes operated by the Remodelados - 12, 18, 24, 25 and 28 - with roadside, on board and driver's eye footage; a look at the No.15 route - worked by the modern Articulado trams by day, but Remodelados at night; the tourist trams; the main depot at Santo Amaro; a visit to the Museum da Carris with a delightful display of the old fleet plus Lisbon's funiculars. As an introduction to Lisbon's trams, this first programme includes a free 12-page booklet with a brief history, maps, a fleet list and other tram information.

The London 'E/3s' London's Lost Classic Tram

Drawing upon the previously unseen or rare works of many of Britain's foremost tramway photographers, this book provides a largely pictorial history of the 'E/3' in operation between 1930 and 1952. In its later days, the LCC acquired a significant number of new tramcars. Although prototype car No 1 was, sadly, destined to be a one-off, a total of 150 new bogie cars – designated Class E/3 – were acquired in the early 1930s.

Pages: 64 (paperback) **Price:** £11.99 **Code:** UT116

Settle & Carlisle: The Postwar Years

There are few more spectacular railway lines in England than the route from Skipton to Carlisle. Threatened with closure, the line survived and is now regarded as one of the most scenic railways in the country. Featuring previously unseen or extremely rare photographs taken in the 30 or so years after the end of World War 2, this book is mainly a pictorial tribute to the men and machines that operated this line.

Pages: 64 (paperback) **Price:** £11.99 **Code:** UT117

British Railway Stations 1825-1900: An Essential Gazetteer

Whilst the vast majority of stations opened before 1900 survived into the post-Victorian era, a significant number did not and, in a prequel and companion volume to the well-received British Railway Stations Since 1901, where the 9,000 or so in existence in that period were identified and located, this book examines those stations that were opened during the 19th century and were to survive into the 20th.

The London Enviro 200

Launched by Transbus in 2004, the original Enviro 200 mode was not a success. The Enviro 200 was relaunched in 2006, this new model becoming more successful. The new model was taken into stock by many London operators, replacing older single-deckers in their fleets. The Enviro 200 had just as much success as its predecessor, the Dennis Dart SLF. As with the Dart SLF, the Enviro 200 was available in a number of lengths. 2014 saw the launch of the Enviro 200 MMC (major model change), this replacing the original 'classic' Enviro 200.

A History of Ship Launches and Their Ceremonies

Throughout history, man has been performing rituals at the launch of a new ship to seek supernatural or divine protection for his ship and those who will sail in her. The form of the ritual varies according to local custom and religion: from the breaking of a coconut, to the release of doves, to the role of astrologers in choosing an auspicious day for the launch. But the sentiment that lies behind all launching ceremonies is fear. At the moment of launching a new ship a seafarer is alert to any sign that his ship is not sound.

Railway Towns: An Overview of Towns That Developed Through Railways

The railways changed the world. They initiated a revolution in communications which continues to this day, ever more profoundly influencing our lives. They had an enormous economic and social impact in Britain, not least with its demography. Before 1914 places on the railway system felt they were connected to the wider world. Those left off the system often feared for their future. It was never actually as simple as that. Some places well served by railways prospered, other did not.

Pages: 256 (hardback) Price: ~~£25.00~~ £22.00 Code: PW081

*Released early March

Railways and Industry on the Vale of Neath

This book covers the Vale of Neath line, the eastern portion of which was originally the Taff Vale Extension line, opened in the mid 19th Century, and taking in all the locations in this first book. It was unique in South Wales railway history as it was the only line running east to west across several of the valley lines which ran north to south, with connecting junctions into and from each. The line was famous for the iconic Crumlin Viaduct, hailed as one of the greatest achievements of the Industrial Revolution.

NEW BOOK
3rd Edition

RELEASED in APRIL

A History of British Rail Engineering Limited

In 1970, British Railways Board established a new subsidiary company to take over the design, manufacture and maintenance of its rolling stock. British Rail Engineering Limited (BREL) was born. The company drove a new era of rail technology and this new company history tells the dazzling story of BREL from its humble beginnings up until its sale in 1992 during the controversial privatisation of Britain's railways. The company's work in designing the iconic new trains that would take Britain's railways into a new era.

Pages: 256 (hardback) Price: ~~£25.00~~ £22.00 Code: PW084

*Released early April

The London Mini and Midi Bus Types

London Passenger Transport Board inherited a number of small buses from various independent operators during the early 1930s, followed by the introduction of the Leyland Cub around the same period. The introduction of the big-bus policy saw many of the small buses withdrawn from service. The 1950s saw the introduction of the G5-class Guy Special for use on the lightly-trafficked country routes. More smaller buses entered the London Transport fleet in the form of the Ford Transit and Bristol LH / LHS saloons.

Pages: 224 (hardback) Price: ~~£35.00~~ £32.00 Code: PW085

*Released early April

Branch Lines around Preston and Lancaster

Apart from what remains of the former Preston Dock railway network that serves the Total bitumen terminal and Ribble Steam Railway and Museum, all the branch lines covered in this album were closed and lifted long ago. There are traces of the Longridge branch at Maudland Bridge through the abandoned Miley Tunnel and also occasional traces of earth works of the former branch to Knott End in open fields. Much of the Glasson Dock branch trackbed is now part of the Lancashire Coastal Way and Bay Cycleway.

Pages: 96 (hardback) Price: ~~£19.95~~ Code: MP114

*Released early April

UK Metro & Light Rail Systems including London Underground (3rd Edition)

A new 2023-published edition of the Platform 5 guide to the rolling stock of London Underground and all public-carrier light rail and metro systems in the UK. Includes complete fleet lists and technical data for all trams and metro vehicles in service, plus engineers' fleets, on-track machines and preserved vehicles.
