**Catalogue
Winter 2019/20**

Welcome to our winter 2019/20 catalogue.

It's the time of year when we usually have a large number of new releases and this year is no exception. Over the next 32 pages, you'll find details of more than 50 new titles as well some new lower prices and special offers. Starting at just £9.95, the DVD remains the ultimate stocking filler!

For diesel fans, new titles include **Big Freight 22** and **Power Hour 8. Diesel Hauled Passenger Trains - The Story of 2019** features Class 37s at Rhymney and 68s working for TPE. No.4 in the best-selling and popular **British Rail Motive Power** series provides another feast of diesels and electrics from the 1980s onwards.

For steam fans, two new Driver's Eye Views are on board **60009 'Union of South Africa'** from Berwick to Edinburgh and on **5029 'Nunney Castle'** along the Welsh Marches.

New cab rides include a **Colas Class 70**, a green **Class 33** and a **Network Rail Class 97! Edinburgh & Glasgow - Driver's Eye View** is the latest release from Video 125.

Add **European steam** and **diesels, buses, trams, ships** and a **Blackpool Tram book** and that's Christmas all wrapped up!

The Videoscene stall hits the road for the big Warley show in November and Peterborough in December. If you're coming to either, please pop along and say hello!

You may notice the word **'HOT'** next to a few titles in this catalogue. This basically means these are very popular and best selling titles and we have plenty of them in stock. If you order before 12noon on a weekday, we guarantee to ship your order by first class post the same day.

Don't forget we still charge £ZERO postage on all DVD/Blu-ray orders to UK addresses. Please don't be paying £2.00 or £2.50 per DVD from other sellers. If the item you want is £14.95, that's exactly what it will cost you - £zero postage - £zero credit card fees - GUARANTEED!

Thank you for your continued support.

The BLACKPOOL TRAM SHOP

Bigger - Better - First Floor Showroom

NOW OPEN

The new shop is located on the outskirts of Blackpool at Whitehills Business Park, behind the huge B&Q, two minutes from J4 at the end of the M55.

There was an ongoing joke that if four people were in the old shop it was full and this may well have been true! The new unit eliminates all of this and has many benefits which include:

- FREE customer parking, which we were asked for so many times
- A huge first floor showroom, 10 times the size of the old shop
- For the first time we will be able to display ALL of our DVDs and ALL of our books plus many other items - not just a selection
- The shop is a new-build on a developing complex and on all those winter days of gale force winds and high tides - when we couldn't open at North Pier - this is very much inland, less windy and drier!
- We will be now be able to expand further, introduce more books, new tram memorabilia and some other very exciting new products yet to be announced.

Please note: Our usual contact details for mail order remain. Same phone number, same postal address, same email and web details.

The programme opens with 1950s film of the Eastern Region, focusing on London's Liverpool Street Station and its suburban services. Further afield: Wickham Bishops, Maldon East, Kelvedon and Tiptree feature, whilst at Cambridge former GER and LNER locomotives were still an everyday sight. On the ECML at Retford, steam traction monopolised the almost non-stop workings through the station.

Next is North East Lincolnshire, with film of freight movements around Scunthorpe, together with rare footage of the Grimsby and Immingham Tramway. Enthusiasts specials working to Horncastle and Winterton.

Bradford Forster Square Station is the starting point for a journey to Keighley, where a DMU is boarded in December 1961 on the final day of BR passenger services on the Worth Valley Branch. After Keighley, scenes at Skipton are followed by film taken at Carlisle and on the Waverley Route at Whitrope and Hawick, before arrival at Edinburgh St. Margarets MPD.

North of Edinburgh, steam at Kirkcaldy and Thornton Junction feature, together with the Lochty Private Railway and its famous occupant, Union of South Africa. From Fife, the ECML is followed north to Dundee and its busy freight yards and in the north of Scotland views of the Fortrose Branch, the Dornoch Branch, Achnasheen and Grantown-on-Spey.

Returning south, views of condemned Pacifics at Glasgow Polmadie MPD contrast sharply with film of A4 Pacifics operating from Buchanan Street Station. Locomotives from Stirling MPD worked the short branch between Killin and Killin Junction. At Perth, Gresley A4 Pacifics were a regular sight, but to find four A4s on Perth MPD at one time was most unusual.

TRAIN CRAZY

BIG FREIGHT 22

Produced in conjunction with Freightmaster, the latest in the Big Freight series takes the viewer from the far north of Scotland via the North East of England, to Merseyside, Cheshire and on to East Anglia, with a feast of freight featuring almost every class of loco, from the humble Class 20 - back again - right through to GBRf 60s and Colas 70s.

Lynemouth and North Blyth: A detailed look at the freight operations on the Northumberland coast with GBRf Class 60s hauling lengthy biomass trains plus 66-hauled coal and alumina trains. With no less than six mechanical signal boxes and some fine traditional signals and gantries, these freight-only lines provide a wealth of interest in a scenic backdrop.

Class 86 Twilight: In to their final years, these 1960s-built AC veterans are featured hauling container trains on the WCML.

Manisty Wharf: Out of commission for many years, the coal loading dock on the side of River Mersey at Ellesmere Port is now a storage location for off-lease wagons. With full access granted, we feature a Colas Class 66 with a rake of VGAs running from Bridgend to Hooton, on to the docks and along this rarely featured freight-only line.

Lincoln: An afternoon around the station, showing the variety of flows that pass through including oil, containers, stone, sand and coal - hauled by Class 60s and 66s.

Far North Ballast: One of the Class 37 freight highlights of 2019 saw 37116+37219 on a five-day ballast drop on the Wick line. Stunning dawn and dusk footage is featured with the train working off Ardgay VQ.

West Coast Stone: On the WCML between Warrington and Wigan it's often forgotten that there are two stone unloading terminals. At Dallam, DB Class 66s provide a flow from Peak Forest and at Ashton, GBRf Class 60s operate regular trains from Shap, via Liverpool. Both terminals are featured.

Plus: DRS Large Logo 37s working Colas IM, Jersey Marine Junction South, Colas Class 70s at Workington and BR Blue Class 20s working spoil trains from Crewe to Longport.

- All sections are introduced with full commentary and maps.
- Filmed in 16:9 widescreen.
- So much more than just train after train running past the camera!
- This is all brand new footage, filmed 2019. It has never been used before and is not available anywhere else - GUARANTEED.

Arrival at Hinksey Yard

Departing from Westbury Up Sidings, this is the first part of the journey and with 1,000 tonnes of ballast in tow, we are on board 70812 for the run through to Hinksey yard, a distance of 65 miles. The route is as expected, running via Trowbridge, Thingley Junction, Chippenham, Swindon, Didcot West Curve Junction, Appleford and Culham. The entire journey is shown.

Colas Rail Freight operates 17 Class 70 locomotives and this is thought to be the first cab ride filmed on board one of them.

Filmed on a fine early-autumn day in September 2019, the loco and ambient sounds are recorded with a special 'trash-cam' in the back cab. Includes maps, part-narration and on-screen captions.

The second part of the journey on 6M50 from Hinksey Yard to Bescot Yard will be released in February 2020.

Riding the RHTT Shrewsbury to Holyhead

via Crewe, Chester and Llandudno Jct

The Class 97 locomotives are based at Shrewsbury and are fitted with the ERTMS signalling equipment for use on the Cambrian lines. Every autumn, they are booked to work the overnight Rail Head Treatment Train from Shrewsbury to Machynlleth and back, with Class 56s taking over for the daytime run to Holyhead and back.

On this rare occasion, the 97s stayed on the train and worked the full 18-hour diagram and this cab ride is filmed on board 97302 (37170) with 97304 (37217) on the back, for the journey to Holyhead.

The route is as expected, from Shrewsbury via Whitchurch and Crewe, then on to Chester all the way along the coast to Llandudno Junction, Bangor and then Holyhead - a distance of 137 miles. The entire journey is shown, including the numerous now-closed but repainted signal boxes!

Network Rail operate four Class 97/3 locomotives and this thought to be the first cab ride filmed on board one of them.

Filmed on a fine autumn day in September 2019, the loco and ambient sounds are recorded with a special 'thrash-cam' in the back cab. Includes maps, part-narration and on-screen captions.

DIESEL HAULED PASSENGER TRAINS THE STORY OF 2019

The revival in diesel-hauled passenger trains continued throughout 2019 with the introduction of the new Mark 5 daytime and sleeper stock and TPE Class 68s. This title provides a review of what happened during the year.

Anglia: The Class 37 top and tailed Short Set finished in September. A visit from the summer features 37407 and 37424.

South Wales: Class 37s returned to the Rhymney line in the summer with Colas Rail Freight providing 37421 and privately owned 37418. Both locos are featured on a typical day including 37025.

Trans Pennine: The much delayed introduction of the Class 68-hauled Mk5 sets between Liverpool and Scarborough finally got underway in September. With four diagrams in the autumn, various trains are featured at Liverpool and York.

Chiltern: The Class 68s in the XHCE and XHVE pools continued working from London Marylebone. Action comes from Leamington Spa and Banbury.

Wales: The Class 67 TFW sets continued on their regular diagrams in 2019 with one set on the Manchester - Holyhead circuit, the other out and back from Holyhead to Cardiff.

Fife Circle: Class 68s also continued on commuter trains in to and out of Edinburgh each day. Both trains are featured.

Scottish Sleepers: In autumn, the new Mk5 sleepers commenced in the Highlands. See the last of the Mk3s with 73s hauling the new stock.

West of England sleeper: Footage of the Class 57 hauled Paddington - Penzance sleeper.

Each section is introduced with maps and diagrams plus loco and stock trivia.

Edinburgh & Glasgow - Driver's Eye View

Glasgow Queen Street to Edinburgh Waverley via Falkirk High.
Edinburgh Waverley to Glasgow Central via Shotts.

Following the electrification and introduction of brand new class 385 electric trains on the core intercity route between Scotland's two main cities, Video 125's cameras filmed on board one of the ScotRail Express services running from Queen Street to Waverley via Falkirk High. One of the other five routes between the two cities runs via Shotts. We take another class 385 this time from east to west finishing at Glasgow Central. As well as the view itself, there are plenty of runbys, shots of the driver, aerial views and even the viewpoint of the signallers in the Waverley Signalling Centre. Paul Coia expertly narrates the detailed history of the myriad of lines in the central belt.

Driver's Eye Views

Chiltern Mainline - Driver's Eye View

Our journey starts at Marylebone Station then our train takes us alongside the Metropolitan and Jubilee lines and past Wembley Stadium. We join the former Great Central/Great Western JOINT line at Northolt Junction and run alongside the Central Line before joining the busy former GWR main line to Birmingham Moor Street, the station there seeing a remarkable restoration reminiscent of the 1930's steam age. The fascinating history of the Great Central Railway – the last traditional main line into London, is included in the narration.

Headcode 98 - Cab Ride Basingstoke to Swanage

Between 1967 and 1969, loco-hauled services ran from London Waterloo to Swanage using either Class 33s or 73s and two 4TC sets. Fifty years after those services last ran, Class 33 D6515 made a nostalgic trip along the same route, displaying the authentic 98 headcode. This cab ride is a record of the 82 miles of that journey from Basingstoke to Swanage. The stock of this August 2019 charter train comprised London Underground's 4TC set with 73107 on the rear of the train, making the formation the equivalent of load 8.

LONDON UNDERGROUND GUIDE 2020

Due to popular demand and so as to cover a full calendar year, the seventh edition of the London Underground guide will be released in December. Fully updated for 2020, this must-have publication is again without a doubt the best in its field, detailing one of the world's most complex and fascinating metro systems.

Looking at all eleven Underground lines - together with all the different types of trains which operate on the system - a complete and accurate fleet list is included. There is information about engineering trains, heritage operations and once again superb brand new high quality colour images are used throughout.

The book is in A5 format with line maps and a full **fold-out** official map of the entire system.

The book features:

- All eleven underground lines
- A full tube map
- Fleet lists of all trains
- Brand new colour photographs throughout
- Easy to use colour-coded sections

- A5 size
- 110 pages
- Softback, perfect bound
- Printed on glossy paper
- Written by Jason Cross

Announcing the first of three new books dedicated to Blackpool's trams

BLACKPOOL TRAMS

1950-1967

NEW BOOK
Limited Edition
only 1000 copies

To be released in autumn 2019, this new book contains a collection of evocative and beautifully restored images from the heyday of Blackpool's illustrious tram system, previously unseen and previously unpublished.

Limited to 1,000 copies each book will be certified, numbered and personally signed by the author. Printed on coated super-glossy thick art paper, the book is hardback and thread sewn with 200+ pages and 350+ images.

Working its way through 17-years of history, the book starts with a class-by-class look at the trams. Starting with the Standards followed by Toastracks, Pantograph cars and Boat cars, both Series 1 and 2 Railcoaches are included then Balloons, Brush cars, VAMBACs, Coronation cars, Twin cars, Illuminated cars, Works cars and then some exotic cars!

Included are stunning images of Railcoaches on Lytham Road and Marton; Brush cars passing on Dickson Road; VAMBACs on the Marton route at South Pier, Royal Oak, Whitegate Drive, Talbot Square and in Blackpool town centre; images inside Marton, Bispham, Blundell Street and Rigby Road depots; celebrity cars 208 and 303; brand new trailers; rare images; tours; Boats on Squires Gate Lane bridge; a Brush car reversing at Highfield Road crossover; Balloons on Marton; Standards in the scrap line; a VAMBAC at Fleetwood; a Pantograph car on Squires Gate lane; a Standard at North Station; Twin car motors with destination boards; The Lifeboat; The Gondola; ABC TV filming cars; the trolley reversers at North Station and Royal Oak in use; Dreadnought 59 and Rack 2; maps; timetables; track diagrams; fleet lists; interviews with people who were there in the 1960s and so much more!

Eleven years in the making, more than 600 black and white and colour images have been sourced. The best 350 will be used in the book.

If you can't make the launch or want to reserve your copy now, advance orders are being taken. With a cover price of £35.00, all pre-orders received before the launch will qualify for a £5.00 discount, and this will include postage to any UK address. You can order now online, by phone, by calling in at the Blackpool Tram Shop or from the various Videoscene stalls at tram and railway events.

UPDATE: The publication and launch of the book is scheduled for the 16th November at the New Blackpool Tram Shop from 10am (*please check Facebook for final details*). The author will be present to personally sign any copies. The intention is to mail-out all pre-orders the day before. If you'd like to pre-order, or call in on the day to collect a copy, we are extending the £5.00 off promotion up to and including 16th November. Thank you for your support.

North West Municipals in the 21st Century

Just over 50 years ago in 1968 there were 93 Municipal fleets operating in the British Isles, 31 of these fleets were situated in the north-west of England. At the time of filming this DVD, only three remain in the north-west, Blackpool, Halton (Widnes) and Warrington. During 2019 the our cameras went along to these three towns to record the contemporary scene.

Liverpool Buses MTT Running Day 2019

Our filming begins bright and early on a very sunny morning on Mann Island at Liverpool's iconic Pier Head. We film the buses running in service as they arrive as well as four preserved Ribble buses and coaches forming a special "Ribble 100" display as 2019 sees the centenary celebrations of that well-loved bus company. By 10 am Mann Island is awash with buses featuring the liveries of Liverpool Corporation, Wallasey Corporation and the MPTC.
