**Catalogue
Winter 2023/24**

Welcome to our winter 2023/24 catalogue.

It's the time of year when the new releases come thick and fast and with so much coming out AND a lot more books, we've gone bigger, with a bumper 48-page catalogue!

New releases include **Big Freight 29**; a cab ride on a Class 97 on the **Cambrian Timber train**; a cab ride on a **HST from Glasgow to Dundee** and another on board a **Class 397 EMU from Edinburgh to Carlisle**.

There are some great new steam titles as well including **Welsh Narrow Gauge in the 1950s and 1960s** and **A Decade of Steam looking at the Big Four**. No.15 in the very popular **British Transport film** series is out in December and there's a second Blu-ray compilation.

Heading further afield we're pleased to announce that the programmes made by **Belhurst** over the last 20-years are going through the upscale and remaster process. We start with ten titles, covering **China, South Africa, France and Germany**.

Add **Class 86s, HSTs, EMUs, DMUs, trams, buses and some top quality books** and it's another action packed catalogue. **Look out for some £9.95 DVDs and 3 for 2 offers.**

Please remember, we charge £ZERO postage on all DVD, Blu-ray and book orders to any UK address. If the item you want is £14.95, that's exactly what it will cost you - £zero postage - £zero card fees - £zero added - **GUARANTEED!**

You may notice the word '**HOT**' next to a few titles in this catalogue. This basically means these are very popular and best selling titles so we have plenty of them in stock. If you order before 10am on a weekday, we can normally ship your order by first class post the same day.

Thank you for your continued support.

How to Order Delivery and Postage

UK Customers

We offer an excellent mail order service to everybody. We send everything by Royal Mail First Class post, which normally takes 1 to 3 days to arrive with you. All DVDs are dispatched post free. We normally dispatch orders within 24 hours.

Overseas Customers

Due to the extraordinarily high costs of shipping to Europe and worldwide, customers may have to pay a supplement. When ordering online, we may need to contact you for additional payment. Sorry.

Freepost Videoscene address

The address 'Freepost Videoscene' may seem strange but it is correct! Post Office staff sometimes say that this is not a valid address but we can assure you that it is. No postcode or any other further information is required for your order to be delivered to us. If you prefer, you can send your order to our PO Box address, which is Videoscene, PO Box 243, Lytham St. Annes, FY8 9DE. Remember, you will need a stamp if you use this address. Overseas customers should use this address when ordering.

Returns Policy

Our 14 day returns guarantee means that if for any reason you are unhappy with your purchase, you can return it to us in its original condition within 14 days of the date you received the item. We will issue a full refund for the price you paid for the item or exchange it for a replacement of the same value. Faulty items can be replaced, refunded or exchanged in the same way.

Contact our friendly,
knowledgeable staff today!

Welsh Highland Railway - The Centenary Gala (3 disc set)

The Ffestiniog & Welsh Highland Railways held their WHR Centenary Gala between the 23rd and 25th June 2023. Featuring an intensive timetable, the weekend saw the FF&WHR come together with the Welsh Highland Heritage Railway. The DVD features a number of locomotives in action, including Russell, Gelert, Emma, Glaslyn, Garratt's 87, 130 and 143, Merddin Emrys, David Lloyd George, Blanche, Lilla, Welsh Pony, Lyd and Caernarfon Castle.

Duration: 240 minutes (3 discs) **Price:** DVD £24.99 Blu-ray £28.99 **Code:** RL008

Welsh Narrow Gauge Railways in the 50s and 60s

In this programme we witness life as it was on the narrow gauge lines in fascinating unseen or very rare colour film from the period. Heading from east to west, we start at the Welshpool & Llanfair where it had become clear that the section through Welshpool town itself would not survive and it was decided to recover all of the remaining rolling stock from Welshpool in March 1962. South to Aberystwyth and the final narrow gauge branch and the last route on which BR operated steam.

Duration: 60 minutes **Price:** DVD £16.99 **Code:** UT008

A Decade of Steam: 'The Big Four' 2013 - 2023

2023 marked the 100th anniversary since 'The Big Four' companies were formed. This four disc product showcases locomotives that were either designed or ran under one of the 'Big Four' companies. Each disc shows various locomotives hauling services at both heritage railways and mainline charters, filmed between 2013 and 2023. Disc 1: Great Western Railway (GWR); Disc 2: London Midland Scotland Railway (LMS); Disc 3: London North Eastern Railway (LNER); Disc 4: Southern Railway (SR).

Duration: 305 minutes (4 discs)
Price: DVD £22.99 Blu-ray £24.99

NEW DVD

British Transport Films Volume 15: Life on the Line (2 Disc Set)

Britain's nationalised railway of the 1970s was shaping up to be a very different operation from that which it had started in the late 1940s. So too was the film unit of the railway - British Transport Films. Exciting times were ahead, the Channel Tunnel was back on the drawing board, Electrification would get the nation through an oil crisis and the futuristic tilting Advanced Passenger Train was coming to fruition. Includes 16 films.

Duration: 256 minutes (2 discs) **Price:** DVD £19.99
Code: BF015 *Released in December

NEW Blu-ray

DOCUMENTARIES

The Best of The British Transport Films Volume 2 (2 Blu-ray Discs)

British Transport Films was established in 1949 to focus on transport as a Nationalised undertaking, to create an appetite for travel and to entice the public to use transport. Over a period of more than 35 years, BTF produced an unrivalled documentary film legacy for generations of film and transport enthusiasts.

This 2-disc Blu-ray compilation gathers together 20 films representing some of BTF collection's most celebrated titles.
Duration: 420 minutes **Price:** Blu-ray £24.95 **Code:** BF202-b (*Sorry, this title is only available in Blu-ray)

HUNDREDS MORE DOCUMENTARIES ON OUR WEBSITE

BEST SELLING STEAM DVDs from

Traction Archive No.4:

Heritage DMUs in Yorkshire

Filmed from service trains and the lineside, the first film features the 20-mile long route from York to Harrogate via Knaresborough and Starbeck, with many of the stations still possessing their original architectural features. A return journey from Malton to

Pickering and Whitby is next, a route that was severed between Rillington Junction, near Malton, and Pickering in 1965.

Duration: 60 mins **Price:** DVD £14.95 £9.95 **Code:** CR204

The Railways Of Scotland Volume Eleven: Edinburgh To Aberdeen

Scenes at Edinburgh Waverley and Haymarket, the Corstorphine branch plus superb aerial views of the Bridge are a prelude to reaching Fife. Inverkeithing, Kirkcaldy (and harbour branch) are shown before reaching Thornton Junction. Film of Leuchars Junction and St. Andrews is followed by scenes at Dundee between 1931 and 1981.

Duration: 65 mins **Price:** DVD £19.95 £12.95 **Code:** CR111

Archive Series Volume 12:

Northern Ireland Steam, The Final Years

Between 1966 and 1970, more than four million tons of stone was transported by rail for use in the construction of the M2 motorway. This immense undertaking was carried out by daily steam-operated workings that consisted of specially constructed side-discharge hopper wagons, powered by 2-6-4 tank locomotives, known as 'Jeeps'.

Duration: 60 minutes **Price:** DVD £19.95 £12.95 **Code:** CR012

Archive Series Volume 15:

Scottish Byways Part 2

Includes Stranraer, Ayr and the Waterside mining complex with its associated heavy coal trains. The Waverley Route is followed with steam traction much in evidence at Edinburgh's Millerhill Yard, Whitrope, Shankend, Hawick and Galashiels. To Perth with film taken in 1930 shows a wide range of pre-grouping locomotives.

Duration: 82 mins **Price:** DVD £19.95 £12.95 **Code:** CR015

Archive Series Volume 14:

Scottish Steam - The A4s Final Years

Filmed almost entirely on 16mm colour film taken between 1962 and 1966, this programme shows A4s and other locomotive classes at work on the East Coast main line between Edinburgh and Aberdeen, together with workings between Glasgow, Perth, Forfar and Aberdeen.

Duration: 65 minutes **Price:** DVD £19.95 £12.95 **Code:** CR014

Archive Series Volume 8:

Paddington And The West

The programme traces the former Great Western Railway route to London (Paddington) via Swindon and Didcot in the 1950s and '60s when steam - in the form of ex-GWR designs - still predominated. Action on the main line starts at the extremity of south west rail operation - Penzance.

Duration: 67 minutes **Price:** DVD £19.95 £12.95 **Code:** CR008

Steam Driver's Eye Views

OLDHAM VIDEO PRODUCTIONS

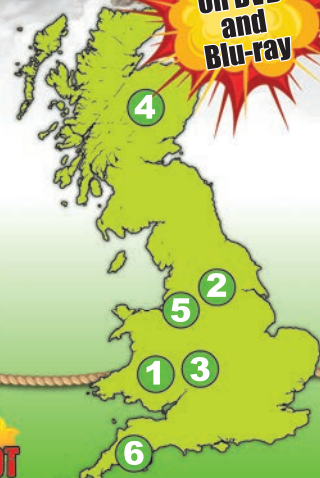

Available on DVD and Blu-ray

Steam Driver's Eye View - Welsh Marches Mainline (Newport - Hereford - Shrewsbury)

Locomotive Featured: GWR Castle Class, No. 5029 'Nunney Castle'. Join us for this unique view along the Welsh Marches Mainline with an ex-Great Western Railway Castle Class Locomotive. Known historically as the 'North & West Route', our journey begins at Newport, before heading northbound, taking in the dramatic scenery as we climb to Pontypool & Llanvihangel. After a brief stop at Hereford, our journey continues north as we pass some timeless pieces of railway history, with plenty of GWR infrastructure dominating the scene, before we arrive at Shrewsbury.

Duration: 120 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO055

2 Steam Driver's Eye View - Dearne Valley Line (Sheffield - Rotherham - York)

Locomotive Featured: LMS Jubilee Class, No. 45690 'Leander'. Starting from Sheffield, we pass through a series of tunnels and cuttings before turning left away from the junction for the line to Lincoln. We continue north passing through Rotherham and Bolton-upon-Deane, seeing visible remnants of the railway's past with abandoned stations and sidings tell us a story. After switching to former LNER metals at Ferrybridge, we speed away before running alongside the mainline from Leeds at Church Fenton and running into York.

Duration: 75 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO053

3 Steam Driver's Eye View - Cathedrals Express: Volume 1 (Didcot - Honeybourne - Worcester)

Locomotive: GWR 'Castle' 5043 'Earl of Mount Edgcumbe'. We begin at Didcot and travel through Oxford. Our locomotive tears through open countryside catching the beautiful sunset as we climb to Chipping Campden before speeding down Honeybourne Bank and into the twilight before arriving at Worcester.

Duration: 90 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO052

4 Steam Driver's Eye View - Highland Mainline (Inverness - Aviemore - Perth)

Locomotives Featured: LMS 'Black 5' 4-6-0, No. 45212 & LNER K1 2-6-0, No. 62005. Starting from Inverness, we begin by tackling the steep 23 mile climb to Slochd Summit, crossing over the spectacular Culloden & Findhorn Viaducts before descending towards Aviemore. After our water stop we have another long climb through the Scottish Highlands.

Duration: 200 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO050

5 Steam Driver's Eye View - Liverpool & Manchester Railway

Locomotive Featured: LMS Jubilee Class, No. 45690 'Leander'. Starting from Liverpool Lime Street, we tackle the steep climb through the incredible deep rock cutting to Edge Hill. On a beautiful spring morning we pass many significant landmarks including the site of the famous Rainhill Trials. We continue at speed along Chat Moss, under the West Coast Mainline, and into Manchester Victoria Station.

Duration: 60 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO048

6 Steam Driver's Eye View - 'Royal Scot' Goes West (Exeter - Plymouth - Par)

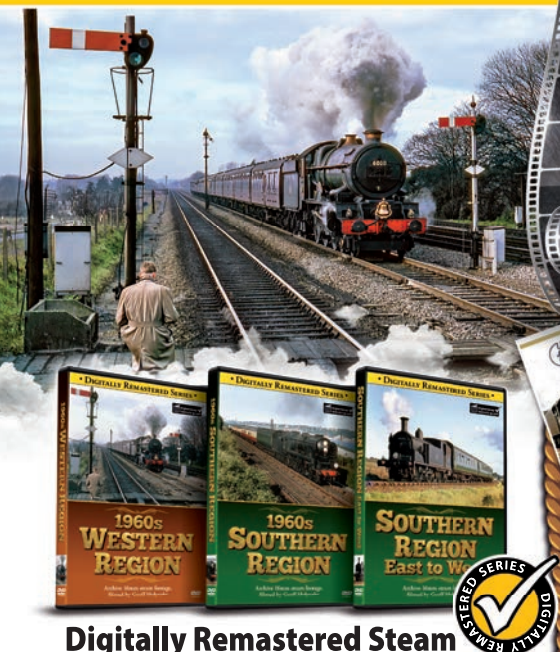

Locomotive Featured: LMS Royal Scot Class, No. 46100 'Royal Scot'. On a beautiful summer's day, join us on this exciting journey as we take on the Devon & Cornish Banks. The first part begins at Exeter, where we run along the famous Sea Wall at Dawlish and Teignmouth. We then head for the arduous South Devon Banks of Dainton & Rattery, on the edge of Dartmoor, before dropping into Plymouth.

Duration: 135 mins Price: DVD £14.95 Blu-ray £19.95 Code: DO040

• DIGITALLY REMASTERED SERIES •

Digitally Remastered Steam

The first of our remastered steam titles features the camera work of Geoff Holyoake. Available many years ago as part of a set, these are the reworked and upscaled programmes, reissued on DVD and on Blu-ray for the very first time.

1960s Western Region

This programme looks at the Western Region in the 1960s with Kings and Castles on a variety of workings, including express passenger trains, freight and railtours. Locations include Paddington, Stratford-upon-Avon, Stourbridge, Cholsey and The Last Run of the Wallingford Bunk from June 1959.

Duration: 52 minutes **Price:** DVD £14.95 Blu-ray £17.95
Code: UT401

1960s Southern Region

The last years of steam on British Railways have been well documented. Geoff Holyoake was one of the small elite who used 16mm film rather than 8mm, producing films for commercial sale. He recorded the last days of steam, filming the King Arthurs, Charlies and Bulleid Pacifics as well as some of the final examples of the pre-grouping engines that worked here. Filming locations include: Waterloo, Clapham Jct, Kensington Olympia, the South Western Main Line and the Isle of Wight.

Duration: 58 minutes **Price:** DVD £14.95 Blu-ray £17.95
Code: UT402

Southern Region - East to West

This programme brings the Southern Region of the 1960s back to life - from the Eastern Division through the Central and the Western Divisions. Here we can see once again push-pull Hs and M7s, Brighton "Terriers" and Radial tanks, as well as the Pacifics, Moguls and BR Standard classes that all went to make up the most varied selection of steam motive power on British Railways in the 1960s. Locations include: Victoria, Three Bridges, East Grinstead, Redhill, Guildford and Littlehampton.

Duration: 60 minutes **Price:** DVD £14.95 Blu-ray £17.95
Code: UT403

unseen STEAM

Our Archive Heritage

From the great days of steam. Unseen collections of rare footage brought to life.

Unseen Steam 01

Unseen Steam is a series of transport films with a focus on the great days of steam. Features: The Black Fives; Western Region in the 1950s; Branches and Byways of Scotland; The Southern 50 Years; East Coast Variety; Liverpool Overhead Railway.

Duration: 70 minutes **Price:** £11.99 **Code:** UT201

Unseen Steam 02

No.2 features: West Lancashire Railways - 50 Years On; Branches & Byways - The Cambrian Line; O2s on the Isle of Wight; Isle of Man - The Ailsa Years; Eastern Lines in the 1950s and Industrial Scotland.

Duration: 71 minutes **Price:** £11.99 **Code:** UT202

Unseen Steam 03

No.3 features: The Mumbles Railway; Eastern Region variety in the 1950s; Branches & Byways: Southern Branches; Great Western Pannier Tanks; Filming for the BBC and 50 Years Ago - The Denbigh Line.

Duration: 70 minutes **Price:** £11.99 **Code:** UT203

Unseen Steam 04

No.4 features: The Ffestiniog Railway; Branches & Byways: BR's LMS Tank Engine Inheritance; The Bulleid Pacifics of the Southern; LNER steam on 'penetrating lines'; Western Steam Variety and Scottish railways in the 60s.

Duration: 79 minutes **Price:** £11.99 **Code:** UT204

Unseen Steam 05

No.5 features: The Talylyn Railway; Southern Steam in the 1950s and 1960s; Branches & Byways Eastern & North Eastern; BR Standard Locomotive Classes; The Western in the 60s and Cambrian lines under the LMR.

Duration: 83 minutes **Price:** £11.99 **Code:** UT205

Unseen Steam DVDs
are exclusive to Videoscene

UNIQUE TRANSPORT

Isle of Wight Railways in Colour 1953-1994

In very rare colour archive footage, we travel back in time to the early 1950s to witness BR Crimson stock at work on the Bembridge branch, including the use of the tiny turntable there, and then go across country from Sandown to Newport to visit the little terminus at the end of the island at Freshwater.

Duration: 56 minutes **Price:** £16.99 **Code:** UT002

Trains & Trams of the Isle of Man 1956-1972

In full colour archive footage we see the steam train services at their peak, serving Port Erin in the south as well as Peel and Ramsey from Douglas along the western and northern coast and also the trams running along the eastern coast to Ramsey from Douglas and, from a junction at Laxey, up to Snaefell.

Duration: 58 minutes **Price:** £16.99 **Code:** UT003

Ireland's Railways - Two Decades of Change 1951-1971

This colour archive programme recalls the railways of Ireland as they were from the early 1950s until the final gasps of steam in 1971 and tells the story of a period which saw vast changes to the system - especially the rise of the diesel at the expense of steam and the elimination of most of Ireland's famous narrow-gauge lines.

Duration: 58 minutes **Price:** £16.99 **Code:** UT004

The Barmouth Rivals - Two Lines to the Cambrian Coast

In this programme we see both routes to Barmouth in their final days under British Railways and the closure of the Ruabon line and dieselisation on the Cambrian line. Many of the Ruabon line stations were filmed in great detail whilst the advent of diesel railcars allowed the remaining Cambrian Line to be filmed from the cab.

Duration: 58 minutes **Price:** £16.99 **Code:** UT005

West Country Railways: GWR v LSWR in the Far West

Using rare archive footage from the heyday of steam this programme traces the history of these two railways and tells this intriguing story - including double-dealing and chicanery in the early Victorian era and the famous Gauge Wars between the GWR's Broad Gauge and the LSWR's standard gauge.

Duration: 58 minutes **Price:** £16.99 **Code:** UT006

Gone But Not Forgotten - Volume One

From the Unseen Steam series, this title continues with previously unseen and rare archive footage. This programme includes: Cromford & High Peak - action from the final day with two Class J94 tanks; Welshpool & Llanfair Railway - footage from 1954 when it was goods traffic only running through the streets of Welshpool.

Duration: 43 minutes **Price:** DVD £12.95 Blu-ray £14.95 **Code:** UT404

Byways of Steam in The English Heartlands

This programme explores a variety of byways that thread their way through the industrial hubs of the region and into stunning rural locations. Footage here comes from the Severn Valley - rural Staffordshire and the River Churnet, and brushes the edge of the Cotswolds. We also look at engines serving deepest Leicestershire and the Nene Valley.

Duration: 50 minutes **Price:** DVD £12.95 Blu-ray £14.95 **Code:** UT405

INDUSTRY of STEAM

Industry of Steam 1: Scotland

Scotland during the 1970s. Using stunning, previously unpublished film footage showing steam working hard, location maps and an in-depth script the fascinating story of steam during this forgotten decade is revealed. Locomotives from Andrew Barclay, Hunslet, Peckett, Hudswell Clarke, W G Bagnall and Sentinel feature in this feast of steam.

Duration: 83 mins Price: ~~£19.95~~ £9.95 Code: VS009

Industry of Steam 2: Wales

In this second episode of the series we take a look at the fascinating industrial steam scene in Wales during the 1970s. Using some wonderful, previously unpublished film footage, location maps and an in-depth script, the fascinating story of steam during this forgotten decade is revealed.

Duration: 64 mins Price: ~~£19.95~~ £9.95 Code: VS010

Industry of Steam 3: Northern England

Locations and Locomotives include: NCB Bold - HE3694; CPC Trafford Park - AB1964; CEBG Agecroft - RSH7485; YD Papers Bury - AB945; NCB Bickershaw - HE3830, 3831, 3696; BNFL Windscale - P2027; NCB Harrington - HE3778, VF5297; NCB Haig - HC1814, 9735, HE3302, 3698, 3699; NCB Shilbottle - HC1823.

Duration: 63 mins Price: ~~£19.95~~ £9.95 Code: VS026

Industry of Steam 4: Southern England

Episode four in the series covers a very different industrial scene to the previous three. There may have been few major coal reserves in Southern England, but the area had a huge variety of other commercial activity employing steam power in the 1970s. Locations include: Ipswich, Thurrock, Gravesend, Neasden and Willesden.

Duration: 63 mins Price: ~~£19.95~~ £9.95 Code: VS027

Industry of Steam 5: Yorkshire

The heavy concentration of collieries in the area forms the main backdrop to the programme but we also visit a couple of coking plants and a sewage plant! Featured Locations and Locomotives include: NCB Markham Main - HE3782; Smithy Wood Coking Plant - HE3192 and 3193 and NCB Skiers Spring - HC1891.

Duration: 61 mins Price: ~~£19.95~~ £9.95 Code: VS032

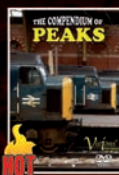

Industry of Steam 6: Central England

The final instalment of our popular Industry of Steam series features the 1970s scene in Central England, including the following locations and locomotives: Ironbridge PS - Peckett 1803/33; Stourport PS - Barclay 2088/40; Littleton Colliery - Hudswell Clarke 1752/43; Hams Hall - RSH 7151/44 and Cadley Hill Colliery - Vulcan 5286/46.

Duration: 63 mins Price: ~~£19.95~~ £9.95 Code: VS038

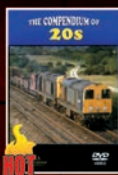

COMPENDIUMS

The Compendium of Peaks

If you like Peaks, you will love this DVD. Includes: The 1980s - 45/1s on the Midland main line, inter-Regional and trans-Pennine, rounding off with the North Wales coast. ECML in the 1970s - A wealth of 46s working between King's Cross and Berwick are joined by Class 45s working cross-country north of Doncaster.

Duration: 79 mins Price: ~~£19.95~~ £9.95 Code: VS087

The Compendium of 20s

Includes: The 1980s - 20s on a wide variety of freight including oil at Fort William, cement at Peak Forest and of course MGRs. Passenger Work - Service trains and railtours including a single 20 in the West Highlands; pairs along the North Wales Coast; Matlock branch trains and the Skeggyes.

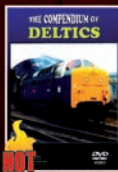

Duration: 82 mins Price: ~~£19.95~~ £9.95 Code: VS092

The Compendium Of Type 2s

Includes: Push-pull 27s on the Glasgow-Edinburgh; 24s & 26s on the Kyle line, 25s on central Scotland workings. East Coast 31s in the '70s - passenger and freight action from King's Cross to Berwick in 1973-75. Papers & Parcels - action from the 1970s and 1980s.

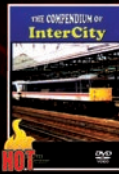

Duration: 84 mins Price: ~~£19.95~~ £9.95 Code: VS098

The Compendium of Deltics

Includes all twenty-two locos with footage taken between 1973 - 1981; Named Trains - Featuring: The Flying Scotsman, The Talisman, The Aberdonian, The Leeds Executive and The Silver Jubilee; Under The Wires - Footage from the electrified section between Kings Cross to Hitchin.

Duration: 80 mins Price: ~~£19.95~~ £9.95 Code: VS100

The Compendium Of InterCity

Programme highlights include: Footage from the major main lines in the early 1970s; Deltics, 47s, Peaks and 40s on the East Coast - 50s, 47s, AC electrics on the West Coast - Westerns, Warships, 47s, 50s and the 'Blue Pullman' on the Western; The prototype HST, the gas-turbine APT on show and the electric APT in action.

Duration: 76 mins Price: ~~£19.95~~ £9.95 Code: VS105

The Compendium of the 40s

Programme sections: 1970s Passenger - this section features the locos at work on various services that traversed the East Coast Main Line; Parcels & Papers - More from the ECML in the '70s, plus cross-country paper trains; 1970s Freight - 40s on a wide variety of freight, including coal, vans, cement, mixed freight, grain and freightliner trains.

Duration: 67 mins Price: ~~£19.95~~ £9.95 Code: VS114

NEW Swiss Cab Ride

Various Railway Lines - Additions I (Double-Disc Edition)

On this DVD we show railway routes that in no way fit into the current pattern of 'Perren - cab rides'. This includes a new railway line (Zurich diameter line) or routes that are no longer in commercial operation (Bubikon - Wolfhausen). There are also railway lines that are only used by freight trains or on which there is no official train service (Guttannen-Handeck). We also include the two tram lines of the Glattalbahn (line 10 and line 12) and the m1 Lausanne route as railway routes and show the driver's view on this DVD.

- Disc 1 includes:** Zurich Oerlikon - Zurich Altstetten (diameter line) • Glattbrugg - Würenlos - Limmattal Ost marshalling yard • Niederglatt - Mettmenhasli tank farm • Zurich Bahnhofplatz/HB - Zurich Airport Freight (Glattalbahn, line 10) • Zurich Airport Freight - Stettbach (Glattalbahn, line 12) • Lausanne-Flon - Renens-Gare (m1 Lausanne) • Ouchy - Lausanne-Flon
- Disc 2 includes:** Basel Dreispitz - Basel marshalling yard • Basel marshalling yard - Birsfelden harbor • Birsfelden harbor - Pratteln • Basel marshalling yard - Kleinhüningen harbor • Nyon - Eysins • Guttannen - Handeck • Bubikon - Wolfhausen
- Duration:** 250 minutes **Price:** DVD £39.95 (2 discs) **Code:** PR053

...more Swiss Cab Rides

Railway Lines in the Jura I

Bahnhöfen im Jura I. From Biel/Bienne to Delle, you drive through the typical section with the short tunnels, the so-called Jura noses. The route from Courtemaiche to Bure is used only by special military trains and belongs to the Swiss Confederation. Route sections: Delémont - Basel (35'57"); Biel/Bienne - Delle (1h 02'42"); Courtemaiche - Bure (8'32"); Bure - Porrentruy (12'01")

Duration: 119 minutes **Price:** DVD £23.95 **Code:** PR048

Private Railways in the Canton of Aargau

Privatbahnen im Kanton Aargau. Route sections: Menziken - Aarau - Schöftland (49'53"); Wohlen - Dietikon (33'30"); Fahrwangen-Meisterschwanden - Wohlen (16'06"). Railway companies: AAR bus+train and BDWM Transport AG. As a bonus clip, there is a cab ride from Fahrwangen-Meisterschwanden to Wohlen.

Duration: 99 minutes **Price:** DVD £23.95 **Code:** PR049

Railways on Lake Geneva

This DVD contains three narrow gauge railways between Nyon and Lausanne at the southern part of the lake Geneva. The NStCM (Chemin de fer Nyon - St. Cergue - Morez) runs from the city of Nyon on the French border, to La Cure. The MBC (Transports de la région Morges-Bière-Cossonay) is the largest of these three railways.

Duration: 145 minutes **Price:** DVD £23.95 **Code:** PR050

RBS Linien

RBS-Linien. Route sections. Bern Zytlogge - Worb Dorf (24'35"); Worb Dorf - Berne RBS (21'11"); Bern RBS - Unterzollikofen (9'39"); Solothurn - Worb (32'11"). Railway company: RBS (regional traffic Bern-Solothurn). Extra trains were used to produce these cab films. Some films have been shot from the driver's cab of the legendary 'Pendler-Pintlis'.

Duration: 87 minutes **Price:** DVD £23.95 **Code:** PR044

SBB Line Zürich - Bern (New Route)

We are in the cab from Zurich to Bern on the new line (NBS). Opened in 2004, this NBS shortens the travel time of intercity trains between these two cities to under an hour and relieves the main line between Olten and Bern. A new branch, built on the former Herzogenbuchsee - Solothurn line, leads directly to Solothurn (upgraded line). As a bonus film, the old line from Herzogenbuchsee to Solothurn can be seen, a recording from 1990.

Duration: 124 minutes **Price:** DVD £23.95 Blu-ray £30.95 **Code:** PR040

Please note:

These titles are slightly more expensive than normal. This is due to the cost of importing them from Switzerland and the poor exchange rate between the Swiss Franc and the Pound (due to the ongoing Brexit issues). Some titles are double disc and most are at least two hours long.

These DVDs contain German language descriptions, narration and on-screen captions.

DOZENS MORE ON OUR WEBSITE

Belhurst Productions

For a number of years we have been selling DVDs by a company known as Belhurst. Specialising in steam from around the world, Europe and closer to home, filmmaker David Huntbatch has travelled far and wide, tracking down groundbreaking and fascinating subjects. Now, in conjunction with Videoscene, the entire back catalogue is being re-released - upscaled and remastered - and on Blu-ray for the first time. We start with five worldwide and five European titles:

Steamy Java: Javan Sugar Mill Steam

This title features steam action in the fields and around the mills, also steam-powered mill machinery and most of the operational steam-powered Sugar Mills in Java. Here many locomotives are close to 100 years old, supplied new by builders in Germany, Holland and Belgium plus a visit to the Cepu Forest Railway built for hauling teak.

Duration: 58 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE117

The Union Limited: Maluti

This railway ran from Cape Town South Africa in a broadly circular route via Worcester, Kimberley, Bloemfontein, Port Elizabeth, Oudtshoorn, George, Knysna, Hartenbos and back to Cape Town. The train was steam powered on most sections and included five different Classes of Beyer Garratt. Most famously two days were hauled by No 3450 The Red Devil.

Duration: 60 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE121

The Union Limited: Zambezi

The Union Limited Zambezi travelled from Cape Town to Victoria Falls and back over two weeks. Classes 25NC, 19D, 16A, 16D and 15F are used in South Africa. Within Zimbabwe the train is hauled by 14A, 15A and 16A Beyer-Garretts. Big steam hard at work on the more than fifty photo run-by's performed on the 1996 trip.

Duration: 60 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE122

Zafra: Cuban Sugar Steam In 2003

Baldwin's, Alcos and Vulcan-built American style locomotives from the early 1900s on both standard and 2'6" gauge lines. A visit to the major steam mills. A wide variety of steam locomotives hauling cane trains to and from the loading points. Steam action on both standard and narrow gauges. Cuba's finest engines show their paces.

Duration: 60 minutes **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE132

CHINESE INDUSTRIAL STEAM POWER

Chinese Industrial Steam Power

This film about modern working steam in China starts with the SY operation at Handan Steelworks and the fleet of QJ 2-10-2's based on the Zhungeer Coal Railway. Shots include night shed scenes. The western end of the JiTong Railway around Baiqi and at Sanggendalai is visited before focusing on Jingpeng Pass. Next is Yuanbaoshan with its allocation of JS 2-8-2's. Then we move on to the busy mining railway system at Pingdingshan, unique for its allocation of all three classes QJ, JS and SY. The film finishes with the opencast coalmine at Jalainur on the Russian border.

Steam in the Benelux: Part 1 - The Netherlands

This title looks at six lines in Holland starting with The Goes - Borsele line in Zeeland with S100 0-6-0 tank No 4389 built by Davenport in the USA. The Veluwsche steam train has a large number of German locomotives including Class 23s, Class 50s and Class 52s. The Rotterdam Tramway line features preserved carriages and locomotives from this once extensive tramway system. The railway Hoorn to Medemblik is another tramway style operation north of Amsterdam with an attractive range of steam locomotives. The Narrow Gauge museum at Katwijk Leiden has a wide range of preserved industrial locomotives on display. The South Limburg Railway's annual steam festival features 4 visiting locomotives.

Narrow Gauge

Harz Narrow Gauge Railways

The metre gauge Harzschmalspurbahnen or HSB narrow gauge railway system in Germany's Harz mountain region are 140 Km long, running as three separate lines - the Brockenbahn, the Harzquerbahn and the Selketalbahn. There are 25 steam locomotives of 5 different classes. The shed at Wernigerode is the busiest steam shed in Europe today. We look at all parts of this extensive system.

Duration: 75 mins **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE158

French Narrow Gauge Railways Part 1: Mallets & Moguls

Three of France's narrow gauge tourist lines, each very different. The metre gauge Vivarais Railway runs for 20 miles up the steep Doux river gorge from Tournon sur Rhone south of Lyon to Lamastre. The Abreschviller Forest Railway is a 70 cm operation in the Alsace region west of Strassburg. Both these lines use Mallet articulated compound locomotives. The Baie de Somme Railway is a metre gauge system with two branches around the Somme estuary serving seaside towns.

Duration: 90 mins **Price:** DVD £14.95 Blu-ray £17.95 **Code:** BE135

Saxon Winter Steam

This film covers seven different lines in Saxon Germany during winter conditions. The lines included are the Harz metre gauge Railway, plus six 75 cm gauge railways broadly around Dresden. The Weisseritztalbahn, The Lossnitzgrundbahn, The Fichtelbergbahn, Dollnitzbahn, Pressnitztalbahn and the Schonheide Museum line. Featured are the Saxon-Meyer IVK articulated compound locomotives as well as the V1K 2-10-2 tanks. The action includes many charter mixed trains and freights including the use of Rollwagons.

What Hitler's Butler Said 1934-1943

Nine years on Hitler's side (2 discs)

Karl Wilhelm Krause is one of the most important witnesses to the history of the Third Reich. Having the title of Hitler's personal valet from 1934-1943 Krause had unparalleled access inside the personal and military life of Hitler, seeing firsthand what happened behind closed doors. His statements and recollections of Hitler his immediate surroundings are a valuable and historically important document of time.

Sea Warfare in the North Atlantic

The North Atlantic was the main battleground for the German submarines during the Second World War. From early 1942, the Anglo-American convoys ran through the northern route between Iceland and Russia. Made up entirely from original wartime footage, much of which is unseen outside of Germany, this DVD tracks some of the many titanic battles at sea between the might of the British and American navies and the unrelenting killing ability of the German U-Boat.

Duration: TBC mins **Price:** DVD £16.95

Code: PW124

Germany At War

Allied Bombers Over the Reich

These two films contain captivating footage on air warfare, ranging from the mass dogfights between allied and enemy fighter planes in the skies to the impressive anti-aircraft defence units found in towns and cities. These Flak guns were often massive pieces of machinery that could bombard enemy planes with shells, with the German 88 becoming one of the most famous and lethal AA guns in history.

Dive Bombers vs Aircraft Carriers

1910 was a momentous year both for aviation and maritime history as it saw the first experimental take off of a plane from the deck of a warship. Following this, the 20s and 30s saw the aircraft carrier come into its own, with several navies building many variants. By the outbreak of the Second World War these ships became the backbone of the carrier forces for the United States, British and Japanese.

POST WAR RAILWAYS

Britain's Railways: The Golden Age of the Big Four 1923 to 1939

The definitive archive film led history of the interwar grouping of Britain's extensive railway network into 'The Big Four of the New Railway Era'. The story of this 'golden age' is told through the original archive cinema newsreel reports of the time and evidence the diversity of locomotive types across the companies: LMS Royal Scot Class, LNER B17 Class, LMS Patriot Class, LMS Black 5 Class and the 'Streamlined' Locomotives of the GWR, LNER and LMS among many, many more!

Britain's Railways - From Victory to Nationalisation 1945 to 1948

A detailed overview of the state of the British railways in the aftermath of Victory. Suddenly, the railways were no longer a weapon of war and the worn out rolling stock and permanent way were relieved somewhat of the heavy burden of the transportation of the men and munitions of war.

Duration: 101 mins Price: DVD ~~£19.95~~ £11.95 Code: SE041

British Railways - The Early Years: 1948 to 1961

This is a definitive archive film led history of the early years of Britain's nationalised rail network. Post-War, the 'Big Four' struggled with a backlog of maintenance and acute demands made on them during the War. Nationalisation as 'British Railways' came in 1948 and brought with it steam locomotive standardisation and the beginnings of the wholesale transition to diesel and electric traction as outlined in the 1955 Modernisation Plan.

BIG FREIGHT 29

Produced in association with
FREIGHTMASTER
THE NATIONAL RAILFREIGHT TIMETABLE

Your six-monthly installment of freight action from around the UK can be found on Big Freight 29! Once again - and it never seems to stop - there's a feast of action from around the UK with new locations, terminals and old favourites, with an incredible selection of locos; from humble 08s and 20s, right through to the brand new Class 69s and even a Class 56 hauling Biomass trains! Sit back and enjoy another action-packed three-hour programme.

Durham Coast and Middlesbrough: Sunderland to Hartlepool and Stockton is just under 30-miles in distance and along this railway are five freight terminals. Following years of decline, all five now see semi-regular flows with DB 66s working steel and scrap trains to Sunderland docks; Colas 70s working cement to Seaham; DRS 68s working flasks to Seaton Nook; DB 66s with steel trains to Hartlepool Pipe Mill and Colas 56s and 70s working oil trains to the recently reopened Haverton Hill, plus GB 60s on Biomass trains passing along the main line. All five terminals are featured. Plus: A look at freight around Middlesbrough and South Bank with the Class 08 and the Potash trains from Tees Dock to Boulby plus a feature on the (almost) freight-only lines at Northallerton where most freight to/from this area joins and leaves the ECML.

Peak Forest 20s and 60s: Our cameras return to this very popular Freightmaster hotspot, but this time in search of two specific loco classes: 20s and 60s. Both were found, working side by side, with one of the last DB Class 60 flows in the country and a weekly DCR 60. We filmed a typical day with no less than TEN different loco liveries including a BR Green Class 47!

North Wales Freight: North Wales has also seen an increase in freight in the past few years with the regular steel trains to Dee Marsh now hauled by GB 66s, joined by a regular flow of cement to the reopened Penyffordd terminal and along the coast, GB 66s working slate trains from Llandudno Junction and Colas 70s with stone trains from Penmaenmawr.

East Midlands Gateway: The freight-only East Midlands Gateway branch, off the freight-only Stenson branch has featured before on this series. We return with a look at moves to/from the container terminal. Various trains and light engine moves are featured.

56098: One of the freight highlights of 2023 has been the use of Large Logo 'Tinsley' 56098 on the biomass trains from Liverpool docks. Often described as a 'draw-back' loco or a 'banking' loco, it's neither - as the 56 usually hauls the train from the docks to Tuebrook sidings with the train loco banking on the rear. We tracked down this beast and filmed it on full power scream up the gradient! A large logo Grid hauling Biomass wagons in the year 2023 - wow!

Plus: Class 69 weedkilling trains; 69s and 73s on Engineers trains, RHTT action from autumn 2023 and much more.

- All sections are introduced with full commentary and maps.
- Includes aerial footage.
- So much more than just train after train running past the camera!
- This is all brand new footage, filmed in 2021-23 - GUARANTEED.

WE'VE UNLOCKED THE TRAIN CRAZY VAULT AGAIN...

Train Crazy 30 Years 1994-2024 **CLASS 86** 1994 to 2021 Compilation

2024 marks the 30th anniversary of Train Crazy railway videos and DVDs. Starting out as a hobby in 1994, then a full time job from 1998, over the last three decades, just about every type of locomotive and unit has featured, with more than 400 passenger, freight, cab ride and tram titles, released on VHS tape, DVD, Blu-ray and download.

Here's the good bit... In the last few years, software to restore old grainy and wobbly film has become more accessible. Previously it was expensive, slow and not very good, but in 2022 huge advances were made. The old film used on these new compilation programmes is all being reworked, improved, cleaned up and upscaled. For the first time, all of the film shot in standard-definition (720 x 576 or less) can be upscaled and presented in top quality high-definition (1920 x 1080).

Long gone and long scrapped EMUs, DMUs, 31s, 37s, 47s, 86s and many other locos and coaches which were only ever filmed in SD, can now be appreciated in full HD! Whether on DVD or Blu-ray, the picture quality of this new series is better than anything seen before, of trains filmed in the same era.

The fourth release features Train Crazy film of the Class 86 locomotives from the period 1994 to 2021. The 86 needs little introduction and locos are featured far and wide including West Coast, Cross Country and Anglia passenger duties as well as West Coast container and mail trains. More than 50 different locos are featured wearing a rainbow of liveries - from Inter City and Virgin to the numerous Freightliner colours, RES and a few celebrities.

Presented in a no-nonsense format of on-screen captions with unit number, location and date, sit back and enjoy some top quality action from up to 30-years ago - with much improved picture quality and in HD for the very first time! This is far from a complete record of these units during these years but this is what was filmed, now re-edited, re-worked and upscaled.

Departure from Aberystwyth

Machynlleth

Slow climb up Talerddig

Arrival at Sutton Bridge

Passing Gobowen

Riding the Cambrian Timber Train

Cab Ride: Aberystwyth - Shrewsbury - Chester

After a gap of almost 30-years, commercial freight returned to the Cambrian lines in 2022 in the shape of train conveying timber, running from Aberystwyth to Chirk. Only running occasionally, by the summer and autumn of 2023, it ran up to three times a week, usually empties down overnight, coming back loaded on either a late afternoon path or a daytime path the following day.

Operated by Colas, the flow initially employed 2 x 97s, but latterly has been a 97 on top - for the ERTMS signalling requirement - with a 37 tucked in behind.

This is a cab ride on board the Cambrian timber train, filmed on one of the daytime paths, in August 2023. 97302+37405 provide the power as far as Coleham depot, where the 97 is swapped for 56096 for the run through to Chester via Wrexham.

Although mid-summer this was a classic case of 'four-seasons-in-one-day' and the 97+37 combo struggled up the 10-mile Talerddig gradient, with sections as steep as 1 in 52.

The entire four-hour 123-mile journey is shown. Includes maps, on-screen captions and minimal narration. A thrash cam in the back cab records the locos at work and ambient sounds.

37418 CAB RIDE 2

Ely to Yarmouth/ Yarmouth to Stowmarket

via Norwich & Reedham/Acle & GEML

Available
on DVD,
Blu-ray &
Download

Upon arrival at Ely, the plan was to use the station avoider but due to a track defect, we had to run round instead. We then head east across the fens towards Norwich. It's quite a slow run, for a loco hauled train and at Norwich we avoid the station, taking the Wensun curve and on to Great Yarmouth, via Reedham and the lesser-used and remote Berney Arms. 37s hauling lots of coaches were once common at Yarmouth, as the train is propelled into the former carriage sidings, now of course the home of Eastern Rail Services - the new owner of these coaches. From Yarmouth, it's light engine back, but over the other route via Acle, to Wensun and the GEML to Stowmarket. The full route is shown a thrash cam in the back cab records the 37 and ambient sounds.

Norwich avoider

Arrival at Yarmouth

Arrival at Stowmarket

WARNING - it gets noisy! On 12th May, very few passenger trains were running due to industrial action so we don't pass much - except freight. This was a bonus as we were often routed on fast lines, with constant green signals, running at maximum line speed.

Duration: 150 mins

37418 Cab Ride 3

Stowmarket - Welwyn GC - Hither Green

via Bury St Edmunds & Cambridge/ECML,

Gospel Oak & Kensington Olympia

After changing ends at Stowmarket we head off via Bury St. Edmunds, Chippenham Junction and the lesser-seen mostly single line to Cambridge, then to the Hitchin and the ECML again, finally to Welwyn Garden City CE sidings for overnight stabling. Resuming the following morning, the journey continues south along the ECML, Finsbury Park and on to the North London Line, Gospel Oak, Camden Road and Willesden. It's a slow crawl - as always - following EMUs, then via Mitre Bridge Junction, Kensington Olympia, Factory Junction, Denmark Hill, Nunhead and Lewisham we reach Hither Green and run into the yard.

Riding the Colas Inspection Loco #2

Crewe to Southport

Starting from Basford Hall we are routed via the Liverpool Independent Lines to the WCML. At Olive Mount Junction, we take the freight-only curve to Edge Lane Junction and join the Bootle Branch. Passing through the cuttings and tunnels we emerge at Bootle Junction and Merseyrail's Southport line, for the journey to Southport, arriving on platform 1.

Duration: 150 minutes **Price:** DVD £19.95 - Blu-ray £22.95
Code: TC279 **Download:** SD £14.95 - SD £17.95

Riding the DCR Spoil Train

Calvert to Willesden 2

This previously unseen cab ride, filmed in August 2013 on board 56091, hauling 17 JGA bogie hoppers. We are routed via Aylesbury and Princes Risborough, for a fast run on the Chiltern Main Line to South Ruislip, then the freight-only line to Greenford, West Ealing, Acton, up and over via Acton Wells and finally to Willesden and the Euroterminal.

Duration: 130 minutes **Price:** DVD £19.95 Blu-ray £22.95
Code: TC272 **Download:** SD £14.95 - SD £17.95

Riding the North Wales RHTT

Holyhead to Shrewsbury

Filmed from the cab of 56078 with 56087 on the back, this cab ride shows the complete journey from Holyhead to Chester, Crewe and onto Shrewsbury. Filming cab rides in the month of December is not easy, but this was a gorgeous day with brilliant sunshine and the North Wales coast and autumn colours are shown in all their glory.

Duration: 190 minutes
Price: DVD (2 discs) £19.95 £14.95 - Blu-ray (1 disc) £22.95 £14.95
Code: TC238 **Download:** SD £9.95 - SD £11.95

Riding the DCR Loco Move

Derby to Grosmont

This is a cab ride on board 56104. We join the train at Derby and go forward to Barrow Hill, collecting 45060. With the train reformed, the four loco convoy heads to Masborough, Colton Junction and York, taking the station avoiding lines. 56104 runs around at Battersby and continues along the scenic branch to Glaisdale, Grosmont and the NYMR.

Duration: 150 minutes
Price: DVD £19.95 £12.95 - Blu-ray £22.95 £14.95
Code: TC218 **Download:** SD £9.95 - SD £11.95

Norwich to Great Yarmouth and Lowestoft via Acle and Reedham

This is a cab ride, filmed on board Class 755 bi-mode units, featuring the line from Norwich to Lowestoft and via both routes to Great Yarmouth. Filmed in summer 2022 this was one of a number of routes filmed for Greater Anglia. Split into six sections, we start with the full 23.5 mile journey from Norwich to Lowestoft, then Brundell to Great Yarmouth via Acle and Reedham to Great Yarmouth via Berney Arms. All routes are shown in both directions.

Duration: 154 mins **Price:** DVD £16.95 - Blu-ray £19.95
Download: SD £11.95 HD £14.95 **Code:** TC290

Ipswich to Lowestoft - The East Suffolk Line

The East Suffolk line is a 49-mile railway which runs from Ipswich to the seaside town of Lowestoft. Passing through many traditional market towns and small villages, across open fields and farmland, there is a mixture of single and double track running. This journey was filmed in 2022 on board a three-car Class 755 bi-mode multiple unit. The entire journey is shown from Ipswich to Lowestoft with bonus footage featuring highlights of the opposite direction.

Duration: 100 mins **Price:** DVD £16.95 - Blu-ray £19.95
Download: SD £11.95 HD £14.95 **Code:** TC294

Ipswich to Felixstowe Norwich to Sheringham

The third Cab Ride in the Greater Anglia series is a contrast of lines: In Suffolk, the short but very busy 15.5 mile railway from Ipswich to Felixstowe; and in Norfolk, the longer and more scenic 30.5 mile journey from Norwich to Cromer, reverse, then onto Sheringham. Ipswich to Felixstowe: A single line railway with passing loops, a typical journey is shown in both directions. Norwich - Cromer - Sheringham: The outward journey is shown in full, with highlights of the return.

Duration: 120 mins **Price:** DVD £16.95 - Blu-ray £19.95
Download: SD £11.95 HD £14.95 **Code:** TC295

London Liverpool Street to Norwich

Electrification of the 115-mile GEM1 was completed in 1987. In 2020 brand new purpose built 12-coach EMUs to operate the 30-minute all day service. We board 745003 working the 14.00 from Liverpool Street on a fine summer's day, calling at Colchester, Manningtree, Ipswich and Diss. It's a journey of contrasts. From the multi-track layout around Stratford to the open fields of Stowmarket and Diss, we pass dozens of other trains and many stations, speeding our way to Norfolk.

Duration: 145 mins **Price:** DVD £16.95 - Blu-ray £19.95
Download: SD £11.95 HD £14.95 **Code:** TC298

The *ultimate* Class 37 DVD series • Archive • Preservation • Modern

CLASS 37 HAULED 21

See website for updated full listing. This title is still in production but so far this is included:

Scrapbook: Another selection of Class 37s working from the late-1980s onwards with action from South Wales and Scotland.

Far North 2010: DRS 37s may no longer work Railtours and Charters in Scotland so we head back to October 2010 when 37423+37610 powered the UK Railtours 'Cock of the North' charter which ran all the way to the top, and right into the train shed at Thurso! At this time 37s were very much in decline in Scotland, working very few trains and this charter which ran to both Kyle and Wick was a real highlight from this period. The weather was great too!

Preservation: A visit to the Chinnor & Princes Risborough Railway for a day with 'Metals' 37/0, 37227. It may well be only a short line, but with six round trips on the diesel diagram there's plenty of opportunities to ride behind the loco and film from the lineside. Lots of run-pasts are featured, plus the run-round move at each end.

Summer/Autumn 2023: Full details awaited, but includes Cambrian Timber Trains, IM Locos, ROG stock moves and much more.

Duration: TBA minutes **Price:** £14.95 **Code:** TC521

British Rail Motive Power 1981-1999

Volume 12

Working our way through 121 hours of unused and unseen archive railway film, shot between 1981 and 1999; and all recorded with the original audio on tripod-mounted cameras.

Highlights of Volume 12 include:

Derbyshire & South Yorks: Class 45s on the Midland Main Line around Chesterfield, Clay Cross and Dore in 1982, working expresses train to/from St. Pancras.

Midlands: Wolverhampton and Bescot in the 1980s with a great selection of locos including 20s, 25s, 45s, 47s and 56s plus 40106 on an engineers train.

London: Footage from Paddington, Kings Cross and Waterloo from 1992 and 1986 with 50s, HSTs, 33s and various DC EMUs.

Welsh Marches: Shrewsbury, Hereford and Leominster with various freight and passenger workings in 1986/87.

Thames Valley: Oxford and Reading 1987 and 1989 with 47s and 50s plus Bubble car 55027 on a local service and 50007 in green.

North Wales: The popular location of Llandudno Junction features again with action from the early 1980s with 40s and 47s and lots of Mk I stock plus containers, and then right up to 1999 with 37403 'Ben Cruachan' in BR Green.

A Day at Birmingham Moor Street on 10-12-85: In the mid-1980s it was decided that the original Moor Street Terminus, dating from 1909, was to be closed, with plans for new platforms to re-connect it to a re-built Snow Hill Station. So, on a misty December day in 1985, the old station was filmed with the idea of capturing the bustle and routine of a typical day and scenes that were soon to be history. Various Class 115 and 116 are featured.

So much more than just trains passing the camera!

NEW DVD

4cities

Glasgow Queen Street To Dundee

Driver's Eye View

We board an HST rebranded as Inter7City, alluding to Scotland's seven major cities served by these iconic trains. Our train will call at four of these cities: starting in Glasgow at Scotland's second busiest station Queen Street. We run non-stop to the second City, Stirling. Here we not only see the traditional Scottish station but also inside the main signal box (Stirling Middle). Another non-stop run at up to 100mph, takes us to the magnificent junction station at our third City, Perth. In addition, we filmed inside nine signal boxes and even from a drone for some great aerial views.

Sunrise Sunset UK spends a full day at a busy and popular location, recording a typical day of passenger and freight trains.

Stafford is a key artery for WCML freight, with trains from Scotland, Liverpool and Manchester merging south of Crewe, all passing Stafford station, then continuing south or heading for the numerous terminals in the Midlands. With an eight-track layout through the station, during a typical hour, 20-passenger trains call or pass though, with up to four freight trains. Our cameras filmed a typical day from 6th June 2023. Passenger services are operated by Avanti, Cross Country and London and North Western Railway using Class 390 Pendolinos, Class 220 and 221 Voyagers and Class 350 EMUs. For freight, all five major companies have flows through here. It's mostly containers using 66s, 70s, 88s and 90s, with stone trains, car trains and engineers trains.

GREAT CAB RIDES

Cab Rides from Creative Imagineers - DVDs only £16.95 and Blu-rays £19.95

Cab Rides: Edinburgh to Carlisle

Travel in the cab of a Class 397 Nova 2 of TransPennine Express from Edinburgh Waverley to Carlisle along the West Coast Main Line at speeds of up to 110 mph. From Edinburgh Waverley we head west past the dominating edifice of Edinburgh Castle to the former headquarters of the Edinburgh & Glasgow Railway at Haymarket Station. We branch south-west, initially on the most contested piece of track in Britain, to join the Caledonian Railway's metals. At Midcalder Junction we turn for Carstairs Junction to meet the tracks from Glasgow Central, before heading south for the summit at Beattock, the highest point on the line at 1016 feet. The climb may be steep at 1:99 in places, but the descent is a helter-skelter ride as we plunge downhill at 1:69.

Duration: 74 minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS117

Cab Rides: Manchester Oxford Road to York

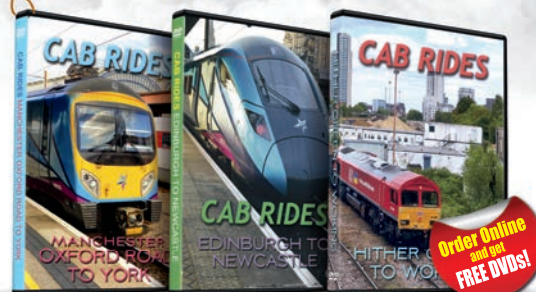

Leaving Oxford Road station we travel along the Castlefield corridor, in normal times one of the most congested parts of the network. It takes us past the Cheshire Lines Committee route to Liverpool and onto the Ordsall Chord, opened in 2017. This short stretch of line allows trains from the North East to reach Manchester Airport.

Duration: 82 minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS116

Cab Rides: Edinburgh to Newcastle

Climb aboard this ultra-modern Class 802 Nova 1 of TransPennine Express for a trip from Edinburgh Waverley to Newcastle along the East Coast Main Line. We'll be travelling at speeds of up to 124 mph with some spectacular views of the rugged coastline as we speed our way southwards on a beautiful winter's day.

Duration: 120 minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS115

Cab Rides: Hither Green to Woking

This Cab Ride takes us on a winding, circuitous route across south London on a freight train carrying sand and stone from Hither Green to Woking depot. It's a very busy area, and we create a moving road block for the many passenger trains around. To avoid causing disruption, our journey twists and turns.

Duration: 108 minutes **Price:** DVD £16.95 Blu-ray £19.95 **Code:** CS114

DIESEL

AND ELECTRIC

Traction 2023 Part One

Today's modern railway continues to produce plenty of surprises! Freight Traffic & Traction highlights include: DRS's 37401 & 37419 on the Dagenham Dock to Garston Cars; GBRf's 92044 with china clay tanks for Dollands Moor' 37418 on the last-ever rail movement of TTA fuel tanks; Colas Rail's 56078 working DCR's Ravenhead sand; a grey primer 69008 heading to Eastleigh for painting; Freightliner's 47830 shifting intermodal flats from Crewe to Southampton; 37418 hauling a rake of 30 new box wagons to Warrington.

Duration: 100 minutes **Price:** DVD £19.95 **Code:** LM108

Railfreight Archive

The third in a series of four nostalgia-packed programmes looks at the rail freight scene in the 1980s. This was a decade of much variety in terms of traction, the types of wagons and the many commodities they carried. The Speedlink wagonload network was buoyant, vast tonnages of coal were being carried, marshalling yards were a hive of activity and many vacuum-braked wagons were still in regular use. On the few freight flows that still run today, this programme recalls the old order of locos and wagons.

Duration: 110 minutes **Price:** DVD £19.95 **Code:** LM107

Sulzer Archive

The second in the series features six Sulzer-engined loco classes 25, 26, 27, 33, 45 and 47 at work on a variety of passenger and freight turns in the 1980s when all six were in gradual decline. The 25s, 27s and 45s were all withdrawn in the latter half of the decade, but inroads were also made into the fleet of Scottish 26s and the Southern Region 33s. On the plus side, the Cromptons extended their sphere of operation with passenger work to destinations such as Cardiff, Crewe and Manchester.

Duration: 105 minutes **Price:** DVD £19.95 **Code:** LM105

English Electric Archive

This DVD features the five classes of English Electric-built main line locomotives that were in regular use with British Rail during the 1980s - 20, 37, 40, 50 and 55. And it's not just the traction that provides the nostalgia here - so does the rolling stock and surrounding railway infrastructure. There's not a single strand of palisade fencing in sight! The material in this programme is previously unreleased on DVD and David Maxey provides the narration for this fascinating trip down memory lane.

Duration: 100 minutes **Price:** DVD £19.95 **Code:** LM103

The Edinburgh - Plymouth High Speed Train

Filmed on location between 1984 and 2023.

- 140 HST movements at 40+ locations over the 39 years
- Diversions via Eaglescliffe & Barnsley included
- Cross Country 40th anniversary railtour on the Severn Valley
- Celebrity power cars 43007, 43008 & 43184 also feature

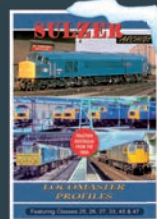

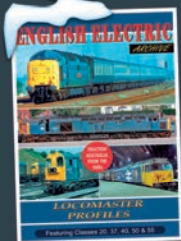

Duration: 84 minutes **Price:** DVD £14.95 **Code:** AV259

This is Bristol Temple Meads, Parkway & Harbour (1986-2023)

Filmed on location between 1986 & 2023.

Temple Meads was visited 14 times, Parkway 5 times & Bristol Harbour Railway twice. Classes featured: 37, 47, 50, 108, 150, 153, 155, 158, 165, 166, 205, 221, 802, HST & steam locomotive.

SHEFFIELD

A day on SUPERTRAM

We visited Sheffield on 22nd June 2022 and with the bargain-priced £4.60 all-day ticket, travelled over the entire system. Like all UK systems, Supertram was badly affected by the Covid-19 pandemic and on this day services were more-or-less back to normal. On both the core yellow and blue routes a 12-minute service operated with a 60-minute service on the purple line and a 30-minute service on the tram-train line. Included here is footage of all six terminals plus some great moves in the city centre around Cathedral. There's footage from the triangular junction at Park Square and the other junctions at Hillsborough, Meadowhall South and Gleadless Townend plus moves to/from the depot at Nunnery Square. From the serenity of Herdings Park and Crystal Peaks to the hustle and bustle of street running and passing through a major city, the Sheffield system is a great example of a successful and popular UK light rail system.

21 different trams and four tram-trains are featured including the blue and white No.120 and advert liveried 111, 116 and 118.

Light Rail Systems No.2

MANCHESTER

In the City

Operating since 1992, Manchester Metrolink needs little introduction. With a huge expansion in the last decade, as of 2023 the system operates 147 trams, serving 99-stops, across route 64 miles, with eight primary routes, serving nine individual terminals. Unique as being the only high-floor system in the UK - with railway height platforms - and the ability to couple two trams together, Metrolink provides a quality service to the City of Manchester and the surrounding suburbs of Greater Manchester.

This programme looks at the city centre operations. The original city crossing from 1992 was joined by a second (2CC) in 2017 and the intensive multi-route system is almost non-stop, with - at times - trams running literally seconds apart. Footage comes from the east end of Piccadilly with trams reversing and running to Ashton, then Victoria with its impressive junction, followed by action across both routes to St. Peter's Square.

The short section from St. Peter's Square to Deansgate-Castlefield and Cornbrook sees the most intensive service, with multiple routes passing through here. At times, it's a none stop procession of vehicles - an absolute pleasure to watch and record - Light Rail at its very best. Footage comes from all three stops and in between.

Light Rail Systems No.3

LISBON

An Introduction

If you think of Lisbon's trams, two things probably spring to mind: The colour yellow and Route No.28! Tourism promotion in Portugal, and the city of Lisbon, has capitalised on these two factors for decades now and there's no doubt that these small four-wheeled trams and the No.28 are so historically and culturally important - but there's a lot more to Lisbon's trams than this!

The depth and scale of Lisbon's trams could never be covered in one programme, so this - the first of a proposed series - offers an overview of the entire system. There's a look at the five routes operated by the Remodelados - 12, 18, 24, 25 and 28 - with roadside, on board and driver's eye footage; a look at the No.15 route - worked by the modern Articulado trams by day, but Remodelados at night; the tourist trams; the main depot at Santo Amaro; a visit to the Museum da Carris with a delightful display of the old fleet plus Lisbon's funiculars.

As an introduction to Lisbon's trams, this first programme includes a free 12-page booklet with a brief history, maps, a fleet list and other tram information.

Northern and Wirral Lines

507s & 508s

Given one very last opportunity to film them, the idea of this programme was to record all 55 units working in normal passenger service across the eight Merseyrail lines in the year 2022 - the last full year before the 777s started. Add some of the more interesting locations, a bit of history, add some unusual moves and here we have it... all of them, presented in numerical order! Bonus footage: From new there were 33 x 507s and 43 x 508s. A look at what happened to the other 21 units - from Connex and Silverlink to store, scrap, barrier vehicles and fire training coaches.

KOLKATA TRAM

DRIVER'S EYE VIEW

NEW DVD

NEW DVD
Only £18.00

Take a ride with the driver of a tram following route 25 in Kolkata (formerly Calcutta) in West Bengal, India. This is a totally fascinating and absorbing journey through a typical Indian City away from the normal tourist spots and luxury hotels.

We ride on board a Burn Standard tram and trailer, hired for the day by Darjeeling Tours. Travelling through the teeming streets of Kolkata amidst traffic of all sorts coming at us from all angles from pedal carts, to Tuk Tuks, to yellow Ambassador taxis (based on the 1956 Morris Oxford) to lorries and buses of every shape size and colour, this turns out to be not just of interest for tram and train enthusiasts but for anyone who travels the world.

What we see is an Indian city in the raw, with traders, workers and pedestrians going about their every day activities right in front of our eyes completely unaware that they are being filmed. It was just an everyday tram that nobody took any notice of.

The footage will almost certainly be viewed in years to come as a snapshot of candid Indian city life, totally fascinating and totally absorbing.

Even in the production process, every time we viewed the footage, we saw something different. For this very reason, when our tram reaches its destination at Gariahat tram depot, we then see the return journey to the original starting point at the Esplanade terminus.

To see our tram threading its way through a one way street in the wrong direction is in itself remarkable how everything and everybody manages to get out of the way, but that's India for you.

Introducing: Willowherb Publishing

Over the years, we've always tried to support some of the smaller and lesser known publishers and authors who produce their own work. We're pleased to add Willowherb Publishing to our range. Established in 2016 and based in Bradford, the company specialises in the production of full colour transport history albums and we have three of their recent titles available now:

Bradford Railways in Colour Volume 4: The Midland Lines After Steam

This is the fourth and final book in the 'Bradford Railways in Colour' series and highlights all the major changes which have occurred on Bradford's former Midland lines in the half century since the demise of steam. It concentrates mainly on scenes and locations which have since disappeared and features a wide variety of first generation diesel types which are no longer in front-line service.

Pages: 112 (hardback) Price: £21.95 Code: WH003

Bradford Railways in Colour Volume 3: The L&YR and GNR Lines After Steam

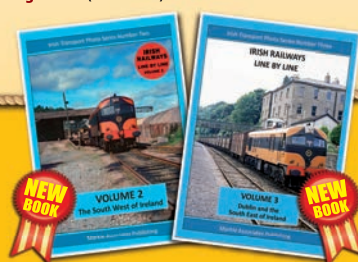

This book highlights all the major changes which have occurred on Bradford's former Lancashire & Yorkshire and Great Northern lines in the half century since the demise of steam. It concentrates mainly on scenes and locations which have since disappeared and features a wide variety of first generation diesel types which are no longer in front-line service. The last of Bradford's dwindling local goods services are also covered with rare views.

Pages: 112 (hardback) Price: £19.95 Code: WH002

Midland Railway Outpost: Lancaster - Morecambe - Heysham

Coverage begins at Wennington where trains from Leeds were split into Morecambe and Carnforth portions. We then continue along the Midland's main line through Hornby, Caton, and Halton to Lancaster Green Ayre, Morecambe Promenade and Heysham, before featuring a variety of ships. This full-colour album will bring back many memories for those who travelled by train to Morecambe for their holidays.

Pages: 112 (hardback) Price: £21.95 Code: WH001

Irish Railways Line by Line Volume 2

The South West of Ireland

This book covers the South West of Ireland, mainly counties Cork, Kerry, Limerick and Tipperary. For all the changes we can see during the years covered by this book, some parts of the railway maintained the feel of a bygone era throughout the period. A wide range of passenger and goods trains feature.

Pages: 52 (softback) Price: £11.50 Code: MA501

Irish Railways Line by Line Volume 3

Dublin and the South East of Ireland

This book covers Dublin and the South East of Ireland. Starting in the Dublin area at Heuston Station and Inchicore Works, this volume covers the Cork Main line as far as Ballybrophy before venturing to Waterford via Kilkenny. Next the 'South Wexford' line between Waterford and Rosslare is visited.

Pages: 96 (softback) Price: £11.50 Code: MA502

The West Highland Lines: Post-Beeching

Linking Glasgow with Oban, Fort William and Mallaig, the lines managed to survive the axe of Dr Beeching. With a detailed look at the routes, their workings and rolling stock since then and British Rail's rationalisation, privatisation, fluctuating freight traffic levels and economic downturn, the network retained its unique infrastructure in the modern age.

Pages: 176 (softback) Price: £16.99 Code: MX195

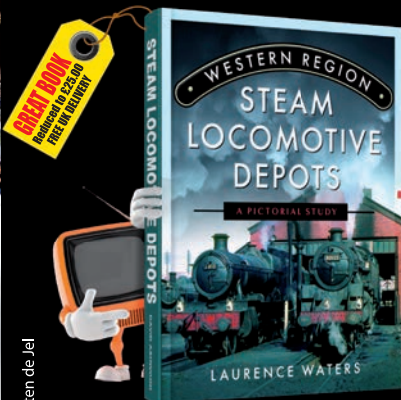

The Railways of Glasgow: Post-Beeching

This book examines the changing face of Glasgow's railways ever since that infamous report, starting with the period of rationalisation and industrial decline that followed. It also explores the revival enjoyed in the last few decades, with lines reopened and modern rolling stock introduced.

Pages: 160 (softback) Price: £16.99 Code: MX196

FREE UK DELIVERY on ALL BOOKS

Western Region Steam Locomotive Depots - A Pictorial Study

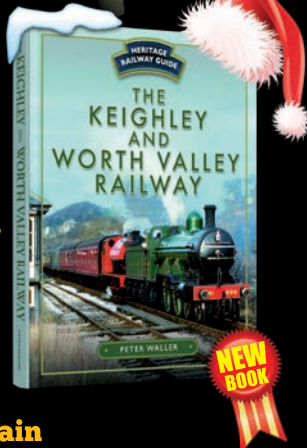

Using black and white and colour images from the Great Western Trust archive, the book illustrates Western Region steam depots and 'sub sheds' that were in operation in the mid 1950s. With many previously unpublished photographs the book should interest modellers, historians and enthusiasts of the Western Region. Today the unique atmosphere of the steam shed can still be experienced at Didcot, where the original 1932 locomotive shed forms at Didcot Railway Centre.

Pages: 114 (hardback) Price: ~~£28.00~~ £25.00 Code: PW074 *(due late November)

The Keighley and Worth Valley Railway

Now preserved for almost sixty years, the former Midland Railway branch from Keighley to Oxenhope to the west of Bradford may not be one of the country's longest – indeed it only stretches for just under five miles – but it is one of the country's most popular preserved lines. With a history stretching back to the mid-nineteenth century, the Keighley & Worth Valley provided an essential link for the communities that it served for almost a century.

Pages: 120 (hardback) Price: ~~£25.00~~ £22.00 Code: PW075

Branch Line Britain

Local Passenger Trains in the Diesel Era

This book examines in words and pictures the network of British branch lines and other secondary routes that survived the mass closures of the 1960s. While nearly 4,000 route miles were lost between 1963 and 1970, the cuts were less severe than they might have been. Some lines were reprieved because of their social importance, even though they would never pay their way in purely commercial terms. They included some lengthy rural routes, such as those serving the Far North of Scotland.

Pages: 152 (hardback) Price: ~~£30.00~~ £27.00 Code: PW076

The Great Eastern Railway

The Early History 1811-1862

Covers the Great Eastern Railway from its beginnings to its absorption into the London and North Eastern Railway under the 1923 grouping of the railways. This volume covers the period from the first proposal for a railway in the East of England in 1811 up to the formation of the Company in 1862. Shows how the Great Eastern Railway emerged from a series of separate companies, of which the most dominant was the Eastern Counties Railway, into one unified company.

Pages: 240 (hardback) Price: ~~£25.00~~ £22.00 Code: PW077 *(due late November)

The London Underground 1968-1985

The Greater London Council Years

Many rare and unusual scenes are included, especially of the then still basically intact portion of the uncompleted Northern Line extension between Drayton Park and Highgate, which had been so close to completion when work was halted during the war, but then abandoned in the early 1950s. For anyone with a serious interest in London's Underground, this is essential reading, including many previously unpublished photographs.

Pages: 192 (hardback) Price: ~~£25.00~~ £22.00 Code: PW078 *(due late November)

The Hixon Railway Disaster - The Inside Story

This is the shocking true story behind the botched introduction of Automatic Half-Barrier level-crossings. Using previously undisclosed information, the author has been able to cast fresh light on to not only the Hixon Disaster, but also the extraordinary story of the largely successful attempts, by British Railways and the Railway Inspectorate of the time, to hide the truth of just how close we came to having dozens of 'Hixons'.

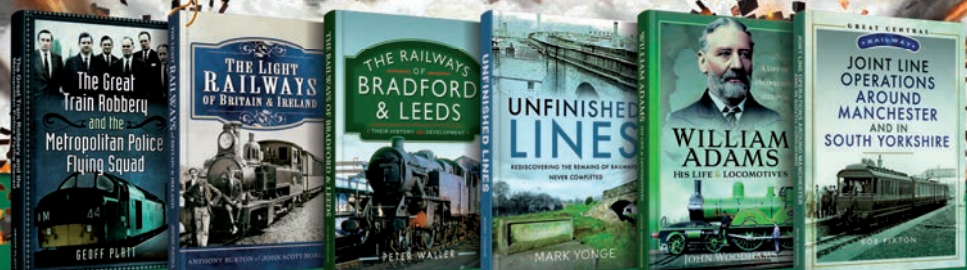

Pages: 132 (paperback) Price: ~~£14.99~~ £11.99 Code: PW079

PEN & SWORD BOOKS

BRINGING YOU CLOSER TO THE PAST

RAILWAY BOOKS

by  **PEN & SWORD BOOKS**
BRINGING YOU CLOSER TO THE PAST

The Great Train Robbery and the Metropolitan Police Flying Squad

Detective Chief Superintendent Tommy Butler selected six of the best officers on the elite Metropolitan Police Flying Squad to investigate the Crime of the Century, but whilst many books have been written by and about every criminal arrested for this crime, NONE have been written about the detectives who traced and tracked them. This book provides a detailed account of these men.
Pages: 214 (hardback) Price: ~~£19.99~~ £16.99 Code: PW066

The Light Railways of Britain and Ireland

Rigorously detailed, this book charts the overall history of the last great railway boom in Britain - the light railway boom - from 1896, to the beginning of the Great War in 1914. During this period a large number of narrow and standard gauge lines were constructed in both Britain and Ireland. This book tells the story of how these lines were constructed and why.
Pages: 160 (hardback) Price: ~~£30.00~~ £27.00 Code: PW067

The Railways of Bradford and Leeds: Their History and Development

The demise of steam meant more new or refurbished diesel trains, while the Transport Act introduced the concept of locally subsidised services. Both of these impacted heavily on the Leeds/Bradford area, especially when the West Yorkshire Passenger Transport Executive began to financially support local 'Metro' lines from 1976 onwards. The first major developments were at Bradford.
Pages: 208 (hardback) Price: ~~£30.00~~ £27.00 Code: PW072

Unfinished Lines: Rediscovering the Remains of Railways Never Completed

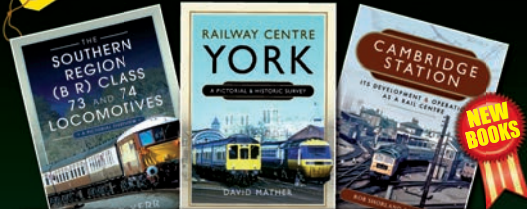

The physical evidence of these works throughout England although rapidly vanishing, can still be seen in places to this day. The reader can view several examples which include viaducts, earthworks, bridges, partially completed tunnels, an abandoned tunnel boring machine and the beginnings of a major London airport.
Pages: 272 (hardback) Price: ~~£30.00~~ £27.00 Code: PW068

William Adams: His Life and Locomotives

William Adams (1823-1904) is probably best known from his locomotive designs for the London & South Western Railway. He has been described as the father of the suburban train, an inventive engineer, who pioneered the use of continuous train brakes, developed well designed, free-steaming locomotive boilers for services requiring rapid acceleration and frequent stops.
Pages: 224 (hardback) Price: ~~£25.00~~ £22.00 Code: PW070

Joint Line Operations around Manchester and in South Yorkshire

This volume looks at the joint lines that once served the area from Lancashire to Yorkshire, serving heavy industry and providing an intense passenger service in the 19th and early 20th centuries. The lines and services declined on many of the branch lines and some of the cross country lines by the 1950s, heralding their final demise in the early 1960s, as a result of the Reshaping of British Railways.
Pages: 256 (hardback) Price: ~~£30.00~~ £27.00 Code: PW063

NEW BOOK
SAVE £3.00NEW BOOK
SAVE £3.00**PEN and SWORD BOOKS****Britain's Changing Train Liveries:
Four Decades of Change**

Railway liveries play an important role in establishing much-valued recognition of the many operating companies through the variety of colours worn by their trains which ply our British railways. This is demonstrated by the immaculate designs which adorned the Pre-grouping steam locomotives through to the stamp of Network South East which certainly raised the profile of many ordinary commuter trains.

Pages: 208 (hardback) Price: ~~£32.00~~ £29.00 Code: PW069

**High Speed Trains to the
North of England**

By the mid-1970s the stage was set for the development and introduction of an alternative mode of traction for main lines not yet electrified, based on the concept of a powerful diesel locomotive at each end of a rake of newly designed carriages. The High Speed Diesel Train was thus conceived. Sleek and elegant. A modern design for a new age of rail travel. Capable of running at speeds of up to 125mph.

Pages: 144 (hardback) Price: ~~£25.00~~ £22.00 Code: PW071

**Scotland's Railways in the 1980s and
1990s: A Snapshot in Time**

In the 1980s and early 1990s, Scotland was an excellent destination for the railway enthusiast. The many locomotive hauled trains running through splendid scenery, together with the surviving railway infrastructure and mechanical signalling, provided many fine photographic opportunities. This book is a record of the locomotives, trains and infrastructure of the railways of Scotland and the landscapes through which the trains ran.

Pages: 200 (hardback) Price: ~~£25.00~~ £22.00 Code: PW065

GREAT BOOK
SAVE £3.00**Britain in the 1950s**

The 1950s was the decade of the Queen's Coronation and the Festival of Britain; of family shops and pea-souper smogs; listening to the wireless and watching the box; when money was counted in pounds, shillings and pence and weights were in pounds and ounces. It was when children walked to school and 'six of the best' was a painful experience; postmen wore uniforms with peaked hats and chimney sweeps rode bikes with their brushes and poles balanced on their shoulders; milk and bread were delivered to your doorstep every morning and orange juice was free for schoolchildren; and when most people still preferred smooth shiny toilet paper to the new absorbent type.

Pages: 288 (paperback) Price: ~~£19.99~~ £16.99 Code: PW061

DIESEL and ELECTRIC**The Southern Region (B R) Class 73 and
74 Locomotives**

The Southern Region of British Railways had long sought to design a locomotive capable of working on electrified lines and non-electrified station yards and sidings. In 1959 British Railways approved a design, designated Class HA, later British Railways Class 73, which combined the electrical equipment of the latest EMU design with the standard English Electric diesel engine in one body shell.

Pages: 120 (hardback) Price: ~~£20.00~~ £17.00 Code: PW073

**Railway Centre York:
A Pictorial and Historic Survey**

The ancient city of York has been closely associated with railways since their conception and promotion by the 'Railway King', George Hudson. Its impressive station and engine sheds have played host to the elite of East Coast Main Line traction as well as a wide variety of 'locals'. David Mather has brought together a collection of his images which represents Yorks railway heritage.

**Cambridge Station: Its Development and
Operation as a Rail Centre**

This is the first substantive illustrated book about Cambridge Station which explores the opening of the station in 1845; the four principal railway companies which all worked to and from the station; the extensive goods traffic which was handled in the several goods yard around the station; and the way the Station operated from early beginnings, to what Abellio East Anglia and Network Rail offer today.

The Beaten Track Volume 3: The Traction and Extremities of Britain's Rail Network 1970-1985

A third selection of the best colour photography from 1970-1985. More than 250 high quality colour images illustrate an assortment of traction types, very few of which can still be seen on the main line, many at railway locations that have long since disappeared or have changed out of all recognition. All the photographs are accompanied by extensive captions, containing considerable historical and anecdotal information relating to the lines, stations and trains depicted.

Pages: 176 (A4 hardback) Price: £34.95 Code: PF014

The Beaten Track Volume 2:

The Traction and Extremities of Britain's Rail Network 1970-1985

A second selection of the best colour photography from 1970-1985. More than 280 high quality images illustrate an assortment of traction types, very few of which can still be seen on the main line, many at railway locations that have long since disappeared or have changed out of all recognition.

Pages: 176 (A4 hardback) Price: £34.95 Code: PF005

The Beaten Track Volume 1:

The Traction and Extremities of Britain's Rail Network 1970-1985

This book contains more than 260 high quality colour images of Britain's railway network taken between 1970 and 1985. The photographers' authorised access to the rail network in the 1970s enabled the capture of many rare views that have given rise to this interesting and unique record. The Beaten Track is an exceptional combination of outstanding colour photography.

Pages: 176 (A4 hardback) Price: £32.95 £29.95 Code: PF004

Croydon: Tram to Tramlink

This book tells the story of Croydon's new light rail network. It starts with a look at the area's original tramways and trolleybus routes along with surviving examples of first generation London trams and trolleybuses, followed by the Tramlink project from planning and design to completion and operation. It describes the tram fleet, the depot, control centre and how the network operates, concluding with a look at the various extensions that have been proposed over the years.

Pages: 96 (softback) Price: £19.95 Code: PF013

Rails Around the East Midlands in the 21st Century Volume 2: Nottinghamshire & Lincolnshire

The much anticipated second part of Ian Beardsley's journey around the railways in the East Midlands. This volume takes in several of today's important lines, each of which has an interesting history. It includes: The East Coast Main Line; The Doncaster-Peterborough GNR/GER Joint Line; The Sheffield-Lincoln Line; The Nottingham-Lincoln Line; The Poacher Line (Nottingham-Skegness); The South Humberside Main Line; The Brigg Line; The Market Rasen Line; The Barton Line.

Pages: 96 (softback) Price: £19.95 Code: PF012

British Rail Traction Maintenance Depots 1974-1993 Part 2: Central & Southern England

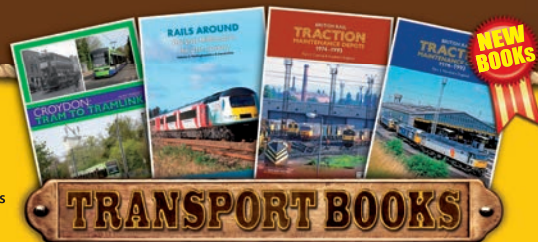

Recalling an era when 'Shed Bashing' was a popular pursuit amongst railway enthusiasts, this volume looks at Southern and Central England, having visited many of these fascinating locations between 1974 and 1993. Armed with his camera and notebook, the inner recesses and outer reaches of these captivating places are reached, recording the traction of the day.

Pages: 96 (softback) Price: £21.95 Code: PF010

British Rail Traction Maintenance Depots 1974-1993 - Part 1: Northern England

Plenty of the locations depicted are now long-gone, as are the industries they supported, such as coal mining and steel making. Other locations have survived but they now look very different. This pictorial collection provides a superb visual and descriptive insight into what was to be found at the national operator's depots over a two-decade period.

Pages: 96 (softback) Price: £21.95 Code: PF009

The Glorious Years of the LMS - London, Midland and Scottish Railway

The Glorious Years of the LMS examines the company over the period 1923-1947 using over 250 high-quality black-and-white images. These are split into several sections: locomotives; carriages; war work; road vehicles; stations. The LMSR's territory spread across much of England, Scotland and into Wales and the photographs have been taken at a number of locations. These include stations, lineside, sheds and workshops.

Pages: 176 hardback **Price:** £27.50 **Code:** GN030

The Last Years of South West Steam

Many of the locomotive classes that worked in the region are present. These were mainly ex-Great Western Railway designs, such as 'Castle', 'Hall', 'Grange' and 'Manor' Class 4-6-0s or the numerous 5700 and 8750 Class 0-6-0PTs, 5101 and 6100 2-6-2Ts, whilst Churchward's 2800 Class 2-8-0s and 4300 2-6-0s were still employed. Some ex-Southern Railway classes feature, such as the 'West Country' Pacifics, Maunsell's 'N' Class 2-6-0, Drummond T9 Class 4-4-0 and Adams 415 Class 4-4-2T.

Pages: 160 hardback **Price:** £22.50 **Code:** GN029

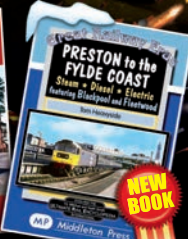

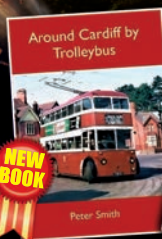

Stanier's Jubilees

Beautifully produced in hardback. A superb edition with over 200 outstanding photographs and thoroughly researched, informative captions. A wide area was worked by the Jubilee Class, ranging from the West Coast Main Line to the Midland Main Line, Glasgow-Perth-Aberdeen route and cross-country from York to Liverpool, in addition to Leeds-Bristol. The images included have been taken at stations, sheds, lineside and workshops. Accompanying the pictures are informative captions.

Pages: 160 hardback **Price:** £27.50 **Code:** GN028

Around Cardiff by Trolleybus

This book illustrates all the routes operated, the vast majority of the photographs not having been published before. The backdrop to a great many scenes has changed dramatically since the trolleybuses finished in 1970, and thus they present an interesting insight as to what Cardiff looked like when the trolleybuses were operating. At the beginning of each chapter, there is a small line map showing the roads the route passed along, whilst timetable frequencies are also included in each chapter.

Pages: 168 hardback **Price:** £35.00 **Code:** AG005

Preston to the Fylde Coast Steam - Diesel - Electric, featuring Blackpool and Fleetwood

The railways laid across the Fylde from the mid-19th century played an important role in the development of the peninsula, particularly the coastal towns, which to this day continue to attract tourists from far and wide. This volume highlights the radical changes to the railway system since the early 1960s: steam, diesel and electric traction all feature. The album also details some of the early preservation schemes.

Pages: 96 hardback **Price:** £19.95 **Code:** MP113

Limited Edition
only 1,000 copies

The second of three books dedicated to Blackpool's trams.

BLACKPOOL TRAMS

1968-1985

The second volume of a three-book series.

It contains a collection of evocative and beautifully restored images of Blackpool's trams from the years 1968 to 1985.

Limited to 1,000 copies, each book will be certified, numbered and personally signed by the author. Printed on coated super-glossy thick art paper, hardback and thread sewn with 280 pages and just short of 500 images - most of which are previously unseen and previously unpublished.

Working its way through 17-years of history, the book starts with a class-by-class look at the trams. Presented in numerical order from the 1968 renumbering, we start with the Boat cars and surviving Railcoaches; then the Brush cars, Coronation cars and Twin cars. All 27 Balloons are next, followed by the Illuminated cars and Works cars.

By 1968 the tramway had moved on from the route closures of early-1960s and driver-only operation was on the agenda with the 638 experiment in 1969, thirteen rebuilt Railcoaches from 1972; Jubilee car 761 in 1979 and the brand new Centenary car 641 of 1984.

Other significant tram events from this period which have a dedicated chapter include the first all-over advert cars in 1975 (every advert livery is shown); the 705 v 706 crash from 1980; the snow of 1981 and of course the wonderful Centenary year of 1985 - with the visiting cars and the 21-car procession.

Other chapters feature Blundell Street and Rigby Road depots; the fascinating winter period in 1972/73 with OMOs, Brush cars, Railcoaches and Coronations on the Fleetwood service; trams in trouble; rare moves; maps; timetables; track diagrams; fleet lists plus interviews with a former motorman and enthusiasts who were there in 1970s and 1980s.
