They're Back!

A Blast from the Past

The new Decotel Christmas Snapper is inspired by the past and those free gifts that came with your weekly comic. We have reworked the snapper as a fun alternative to a cracker, yet still containing a hat, a joke and a fun origami sculpture kit. Best of all, the Christmas Snapper is made from recycled board and contains no plastic.

We've gone Eco Crackers

with two versions of our most popular crackers in fully recycled foil-free board and containing no plastic novelties.
