- White powder coated enclosure frame
- 3 function shower head
- Adjustable slide rail kit
- Moulded seat and useful, built-in storage shelves
- Double articulated metal rollers at top and bottom of door to prevent door rattling
- 8 adjustable body jets
- Thermostatically controlled shower, with separate controls for flow and temperature
- Chrome thermostatic shower valve c/w 38°C - preset with override function and failsafe shutdown capability
- 2-function chrome diverter - shower only or body jet only
- Anti-scald device in case the cold water supply fails
- Suitable for corner fitting only
- Glass thickness 5mm
- Projection: 1100mm
- Door Opening Width: 480mm

Option shown above:
Hydro Massage Cabin

HMC001

£933.33

	Dimensions	Code	
Enclosure	2100 (H) x 840 (W) x 960mm (D)	HMC001	£933.33

Minimum operating pressure: 1.5 bar

Easy to Fit

The Pearlstone Matrix has screw retention so that the feet from the leg set (sold separately) can be screwed directly into the base of the tray.

- All trays have a flat underside making installation and levelling even easier.

Slimline

At just 40-45mm high, Pearlstone trays are amongst the sleekest on the market.

- Perfect for a modern and contemporary wet room design

Patented Technology

Made of the patented 'Pearlstone Matrix' making the range one of the strongest and lightest available.

- All trays are acrylic capped and constructed from a polyurethane resin mixed with filler including volcanic ash.

Lightweight

- The trays are up to 50% lighter than conventional stone resin trays - making them safer for handling and fitting. See pages 114-115 for weights.

PEARLSTONE SHOWER TRAYS

SLEEK, STRONG, EASY TO FIT
SHOWER TRAYS

Lifetime Guarantee

We believe our patented products bring innovation, exceptional quality and value for money shower trays to all our customers - which is backed by our Lifetime Guarantee.

The guarantee applies to manufacturing defects and products in domestic use, provided they have been used in the manner they were intended.

EASY PLUMB LEG SETS:

- Leg Sets can be fixed with a battery powered driver - no need for pilot holes.
- The Leg Set turns the Pearlstone tray into an easy-plumb tray.

	Leg Sets	RRP inc VAT

E329	90mm Fast Flow Shower Waste	£12.00

Introducing a new concept in showering from Premier - the Pioneer valve is injection moulded from a high grade engineering polymer, using WRAS approved materials.

Innovative

A first in the market, this state-of-the-art patented design draws on technology commonly used in the defense and aerospace industries - to produce a super-strong, lightweight valve.

Indestructible

Pioneer is highly resistant to calcium build up, can withstand pressures of up to 25 bar and is temperature resistant up to 85 degrees. We're so confident it won't let you down that it comes with a lifetime guarantee!

Safe

Partnered with the proven patented technology of the Valquest thermostatic cartridge - Pioneer offers the best in shower valve design - at an incredible price.

Environmentally Friendly

The pioneer valve is 100% recyclable and manufactured in the UK, reducing its environmental footprint.

- Made from high-grade engineering polymer
- Lightweight for easy installation
- Strong – able to withstand pressures of up to 25 bar
- High temperature resistance – up to 85 degrees
- High resistance to calcium build-up
- WRAS approved materials
- Lifetime guarantee
- Standard 22mm connections
- Patented design

Engineering polymers are quickly becoming the material of choice in global aerospace applications. These materials are able to maintain their exceptional material properties even when exposed to elevated temperatures and aggressive fuels. Engineering polymers are also cost-effective and weigh less than other materials, such as metal. The use of performance polymers in aircraft design is expected to increase.

Typically, an engineering plastic is chosen for its range of enhanced physical properties. In these types of applications, designers are looking for solutions that can replace traditional engineering metals such as, aluminium, Mazak, brass and some steels. Other properties exhibited by various grades of engineering polymers include high heat resistance, mechanical strength, rigidity, etc.

RADIATOR VALVES

NEW

MTY084 Angled Radiator Valves (pairs) £10.50

MTY085 Straight Radiator Valves (pairs) £10.50

Option shown above:

MTY088 Angled Radiator Valves

MTY086 Angled Radiator Valves (pairs) £37.20

MTY087 Straight Radiator Valves (pairs) £20.00

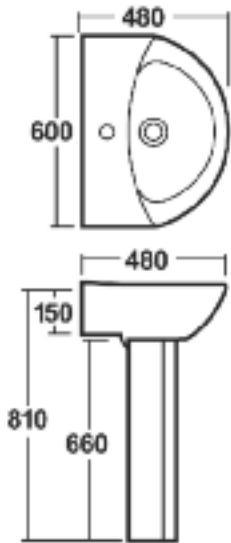

MTY088 Angled Radiator Valves (pairs) £20.00

- All radiators come complete with fixing screws
- Prices exclude radiator valves and heating elements
- After installing any new radiators, when refilling the system it is recommended a suitable inhibitor is used
- All tappings are 1/2" BSP
- Dimensions are subject to minor deviations
- We recommend pipework is not installed until receipt of radiator or heated towel rail

TERMS & CONDITIONS

- All retail prices include VAT at 20% and are valid on orders placed from 1st September 2012.
- Up to 33.5% discount off retail prices - visit www.jtspas.co.uk.
- All products are guaranteed for 5 years from date of purchase, unless otherwise stated. We guarantee against manufacturing defects on all products when used in normal domestic applications (excluding serviceable parts, neglect or abuse). Additionally, we guarantee the surface finishing on chrome.
- Pioneer lifetime guarantee applies to the valve body and is against faulty material or manufacturing defects. Products must have been installed and commissioned fully in line with our fitting instructions. The product must be used in normal domestic application. Guarantee excludes serviceable parts, neglect or misuse, as well as any consequential loss.
- All shower enclosures and bath screens come with a lifetime guarantee against faulty materials or manufacture, provided they have been maintained in accordance with our instructions. Non-glass or metallic parts (eg seals) are subject to normal wear and tear through usage and are therefore covered on all products for 12 months from installation.
- TMV2 - all twin and triple concealed valves incorporate either the VQ20 or VQ21 TMV2 valve assemblies (BC947 1111).
- As a continually evolving company, we reserve the right to change specifications and prices at any time.
