

BD_SW_4B_02 Ducati 899 , 959, 1199 Panigale 4 button left side handlebar race switch

This switch is intended to replace the standard left hand handlebar switches on Ducati Panigale track bikes which no longer require the light and turn signal controls, yet still require the use of the dash MODE / SET and Flash (lap) functions.

The aluminium assembly has been ergonomically designed for easy use and encompasses 4 momentary switches as described below.

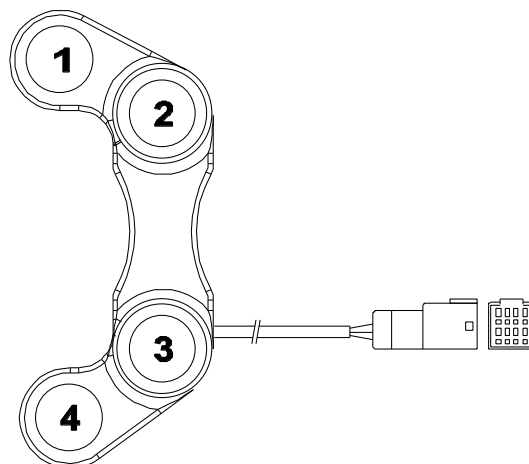

No modification of the bike wiring is necessary, this kit plugs directly into the 8 way connector of the standard loom.

8 function road bike switches are also available – [See here](#)

Function:

1	Green	Set	Momentary
2	Black	Dash Mode 1	Momentary
3	Black	Dash Mode 2	Momentary
4	Blue	Lap	Momentary
