

**BD_SW_8B_05 Yamaha R1 2015, including the 2020 version
8 function race style handlebar switch block**

This 8 button race style switch is designed for use on road or track bikes, featured high quality gold plated switch contacts in a billet aluminium high quality body

The aluminium assembly has been ergonomically designed for easy use and encompasses all of the switches found on the standard switch**

No modification of the bike wiring is necessary, this plugs directly into the connectors of the standard loom and also provides wiring for the clutch switch and horn.

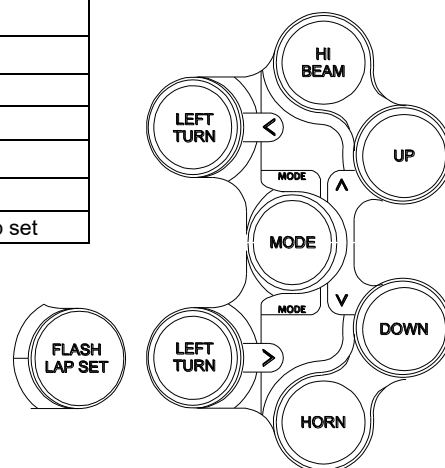

Headlight flash / lap set is located at the rear in easy reach of the index finger.

** Hazard switch is not included as this can be achieved simply by pressing both turn signal switches simultaneously.

**Switch functions**

	Colour	Text on switch	Function
1	Blue	HI BEAM	OFF / ON switch for Hi beam headlights
2	Yellow	<	OFF / ON Left turn indicators
3	Black	^	Dash control mode function switch - up
4	Green	Select / Mode	Dash control Mode / Select function
5	Black	v	Dash control mode function switch - down
6	Yellow	>	OFF / ON Right turn indicators
7	White	HORN	Switch for horn activation (close to thumb)
8	Black – REAR	None	Rear index finger switch for headlight flash / lap set

Replaces this standard switch block

Matching right side switch is available parts number [BD-SW-5B-11](#) (choose the option to include brake light switch)

Suitable for road or race bikes, this simple to use block features up/down and select buttons rather than the original scroll wheel.

Bike Sport Developments Ltd
