

**BD\_SW\_2B\_23**

**Start / Kill 2 button handlebar race switch for Suzuki GSXR1000 – 2017 onwards**

This switch is a direct replacement for the standard Start / Kill switch assembly found on the GSXR

This aluminium assembly has been designed ultra-slim and encompasses a red latching switch for RUN/STOP and a black momentary switch for the starter motor. Note – Run position is with red switch IN

No modification of the bike wiring is necessary, this kit plugs directly into the standard loom.

Brake light switch wiring is not included, nor any control of the hazard warning lights as they are not needed for track bikes.

**Function:**

1	Red	Run / Stop	Latching
2	Black	Starter	Momentary
