

**BD_SW_2B_27 Stop/Run – Start, 2 button handlebar race switches for
Kawasaki Ninja 300_400**

This switch is a direct replacement for the standard Start / Kill switch assembly found on the Ninja 300 and 400

This aluminium assembly has been designed ultra-slim and encompasses a red latching switch for RUN/STOP and a black momentary switch for the starter motor.

No modification of the bike wiring is necessary, this kit plugs directly into the black 6 way connector of the standard loom.

Brake switch wiring is not included for this part as it is not required on a race bike

**Function:**

1	Red	Run / Stop	Latching
2	Green	Starter	Momentary

**Electrical / Mechanical Characteristics**
