

BD_SW_3B_16 Yamaha R6 2018 YEC/GYTR kit, 3 button left side race switch for WSSP specification without TC functions**MAP, PIT limit speed, Rain light**

The aluminium assembly has been designed ultra-slim and encompasses these waterproof switches for 'plug n play' application of the 2018 YEC kit Yamaha R6 – WSSP specification

- Yellow latching ON/OFF MAP (push IN for map 2)
- Blue momentary (push and hold for pit speed limit)
- Red latching ON/OFF for rain light

No modification of the bike wiring is necessary, this kit plugs directly into the connectors of the standard YEC loom.

Clutch wiring is not included in this assembly as it is not required on the GYTR wiring loom

Matching right side switch is available – BD_SW_3B_12A

*Note that this switch is specific to the European specification bikes with YEC kit wiring
For USA specification bikes with standard wiring, use parts number BD_SW_3B_12B*
