BD_SW_5B_06 Five button handlebar race switches for - Aprilia RSV4 up to 2016

This switch is a direct replacement for the standard left hand switch assemblies found on the RSV4 replacing both the large plastic housing and the flipper switch assembly.

The set is specifically designed for track use where the turn signals, horn and lights controls are not needed.

No modification of the bike wiring is necessary as this plugs directly into the 9 way and 8 way wiring loom connectors.

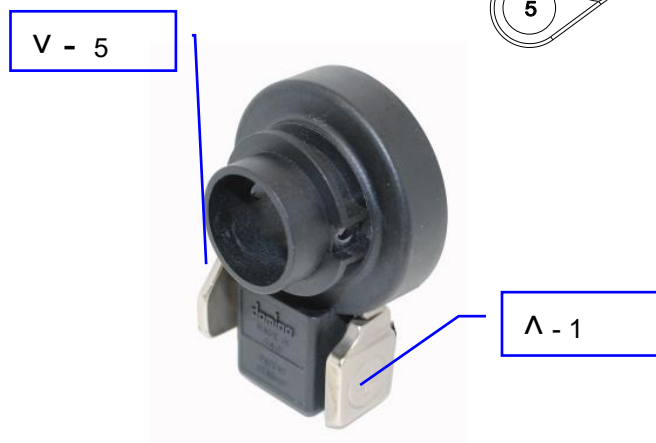

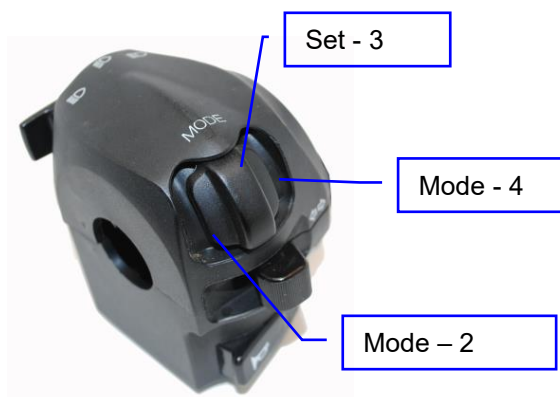

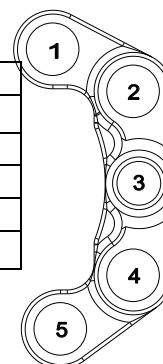

Right side 2 way race switch also available

Part number BD-SW-2B-16

Switch functions

	Colour	Text on switch	Function
1	Green	$\wedge$	+ function originally found on the flipper switch
2	Black	MODE	Mode function switch - Left
3	White	SET	Dash control 'set' function
4	Black	MODE	Mode function switch – Right
5	Blue	$\vee$	- function originally found on the flipper switch

Caution: Do not press button 2 and 4 at the same time
