

BD_SW_3B_04 Three button handlebar race switches for

- **Ducati 899**
- **Ducati 1199**
- **Ducati 959**
- **Also can be used on 1299, Superleggera and 1199R – 2015 onwards**

This switch is a direct replacement for the standard left hand switch assembly found on the Ducati bikes listed above.

The set is specifically designed for track use where the turn signals and lights controls are not needed.

No modification of the bike wiring is necessary as this plugs directly into the 8 way wiring loom connector.

**Switch functions**
