BD_SW_2B_02 2 button dash mode switches for Ducati 848, 1098, 1198, Desmosedici

This switch is intended to replace the standard left hand handlebar switches on Ducati 848/1098/1198/Desmosedici track bikes which no longer require the light and turn signal controls, yet still require the use of the dash MODE functions.

The aluminium assembly has been designed ultra-slim and encompasses 2 green momentary switches.

No modification of the bike wiring is necessary, this kit plugs directly into the 8 way connector of the standard loom.

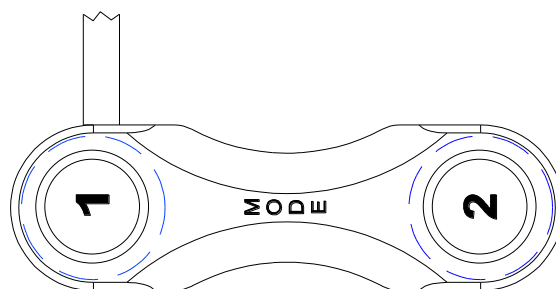

Mating right side switch assembly BD-SW-2B_01

Function:

1	Green	Mode – UP	Momentary
2	Green	Mode - DOWN	Momentary

Electrical / Mechanical Characteristics
