

BD_SW_3B_18

**Up – Select - Down - 3 button handlebar race
 Kawasaki ZX636R – 2019 onwards**

This switch is a direct replacement for the standard left switch assembly found on the ZX636 from 2019.

Designed for use on race bikes which need greater crash protection, do not need the lights, turn and horn controls, or simply need to save space on the handlebar.

The clutch wiring is included in this kit.

Rugged machined aluminium enclosure and fully sealed IP67 switches.

No modification of the bike wiring is necessary, this kit plugs directly into the connectors of the standard wiring loom.

Compatible right side switch
