

**BD_SW_2B_15 Start / Kill 2 button handlebar
race switches for MV Agusta F4 (all models)**

This switch is a direct replacement for the standard Start / Kill switch assembly found on the F4, all models

This aluminium assembly has been designed ultra-slim and encompasses a red latching switch for RUN/STOP and a black momentary switch for the starter motor.

No modification of the bike wiring is necessary, this kit plugs directly into the 5 way connector of the standard loom.

This switch does not include the wires for the brake light switch, but we can add them at no extra cost at the time of your order.

Function:

1	Red	Run / Stop	Latching
2	Black	Starter	Momentary
