

COAST - BOATS, HARBOURS, BEACH

PEN & INK

GLYN OVERTON

Thursday 7th March 2024 - 10am - 4pm

We all love our holidays by the sea but are often too busy enjoying time with the family to have time to sit and record the event. However we do bring photographs back and the Winter months are an ideal time to put pen to paper and create personal memories. Whether it is boats in the harbour, family groups on the beach, yachts on the sea or attractive coastline and coves, there are plenty of subjects for sketching. We will look at pen techniques, mark making and tonal values. Then, working from photographs you will be able to develop your own final image which could be printed to make cards or prints for friends.

MATERIALS

White smooth Cartridge Paper

Pens - Edding or similar fine liners - 01.03.05. Pencil. Ruler Eraser.

Some images will be provided but others may be found in Magazines, Pinterest and Google images as well as your own photographs
