## TdSCR 508

TdSCR 504/508/512/516

The only switch you need
Independent outputs for legacy or dSCR mode; can be used as cascade, standalone or terminated.

## European IRS Certification Scheme

The full range of dSCR multiswitches are certified to the EICS scheme demonstrating the high quality of the solution and compatibility with all major satellite and TV platforms.

## Ultimate flexibility

With your choice of $4,8,12$ or 16 outputs, TRIAX multiswitches are compatible with Quattro and Wideband LNBs, and support 1 or 2 satellite positions.

## Trust TRIAX

With 70 years of reliability and innovation, we ensure you live up to your own customer promises.

## Reduce costs

Market-leading low power consumption means you can build large, cascadable systems with a single PSU connected at any point in the system.

## Easy planning and installation

Simple integration with existing TRIAX solutions; $5 x$ Quick F connectors included.

## Safety first

Earth Bars included for all subscriber outputs
