

Titan 50 Music Horn Speaker

Titan 50 Music Horn

Titan has been specifically designed for all speech and music reproduction over a wide frequency range. This makes it ideal for venues such as sports stadia, exhibitions, competition events and a range of other outdoor activities, since it is also weather resistant to IP65 rating. Again unlike many other horn loudspeakers, the Titan has been aesthetically designed, both in its truncated rectangular shape and its white colour, to blend into the architecture of most venues.

TECHNICAL SPECIFICATIONS

Technical Specification

Power Taps:	50, 25, 12.5, 9, 4.5, 3.5W And 8ohm
Frequency Response:	90Hz - 20kHz
Sensitivity:	99+/-3 dB at 1W/1m
Colour:	Cream
Material:	ABS
Mounting Size:	363 x 253 x 310mm
Weight:	3.9kg
