Dear Collector,

With the passing of Her Majesty The Queen, the stamp world has become very busy.

We have simplified our clubs; we have two main clubs for new issue stamps, **Classic** and **Signed**. Being a member of one of these clubs means covers will automatically be reserved for you before they are advertised for general sale, so there is no need to order. Upon general sale there may only be a limited number, so will be subject to availability.

Clubs are free to join and there is no obligation to buy every cover. Please just notify us of any you wish to cancel. Cover are reserved at our special 'club price'. **No obligation, no contract, change, add or cancel to your interests.** Becoming a member simply means that you will not miss out. What's stopping you?

Full details at www.buckinghamcovers.com/clubs

We also run clubs for thematics like Rail, Maritime and Flight that can be found on our website.

Happy Browsing & Best Wishes

02/10/01 The Nobel Prize. Signed by **Desmund Tutu**.

Did you know?

The Nobel Prizes are five separate prizes that, according to Alfred Nobel's will of 1895, are awarded to "those who, during the preceding year, have conferred the greatest benefit to humankind." Alfred Nobel was a Swedish chemist, engineer, and industrialist most famously known for the invention of dynamite. When he died in 1896 he left all of his "remaining releasable assets" to be used to establish five prizes which became known as "Nobel Prizes." Nobel Prizes were first awarded in 1901.

Nobel Prizes are awarded in the fields of Physics, Chemistry, Physiology or Medicine, Literature, and Peace. In 1968, Sveriges Riksbank (Sweden's central bank) funded the establishment of the Prize in Economic Sciences in Memory of Alfred Nobel, to also be administered by the Nobel Foundation. Nobel Prizes are widely regarded as the most prestigious awards available in their respective fields.

The Nobel Prizes, beginning in 1901, and the Nobel Memorial Prize in Economic Sciences, beginning in 1969, have been awarded 609 times to 975 people and 25 organizations. Five individuals and two organisations have received more than one Nobel Prize
