YEARS OF ADVENTURE

Family Camping Guide

60 YEARS OF ADVENTURE

1966 VANGO

After acquiring James Macdonald & Co., the company re-branded as Vango, settling in new markets. Harriett Hamilton and Alister Mouldie launched the Force Ten Classic on a cigarette pack.

Vango

60 YEARS OF ADVENTURE

1967 FORCE TEN CLASSIC

The Force Ten Classic tent, with its integrated flysheet and 16 pole design, became an instant hit for its stability and easy access. Inspired by a London play, Alister coined the slogan 'A Tent for All Seasons, When Season is a Moving Target.'

Vango

60 YEARS OF ADVENTURE

60 YEARS OF ADVENTURE

1968 - 1969 INNOVATION

This was the stage for ongoing innovation, with new gear like the Scots Guard tent, Canada sleeping bags, Croftall coat hangers and Skibo Down jacket.

...thanks to VIVA SOFT

By 1968, Alister could walk the right hand.

60 YEARS OF ADVENTURE

FORCE TEN

A TENT FOR ALL SEASONS

1972 MT EVEREST

Chris Brunning and Doug Scott chose Vango's Force Ten Mark II for their Everest attempt, tested by high winds at 27,000 feet—just returned two years later.

Vango

60 YEARS OF ADVENTURE

1974 - 1975 MOUNT EVEREST

On their second Everest attempt, Doug Scott and Doug Huston submitted via the Southwestern Pacific-British Oil Company Vango's Force Ten tent, while Chris Brunning withdrew due to illness.

Vango

60 YEARS OF ADVENTURE

60 YEARS OF ADVENTURE

1977 - 1979 EXPEDITIONS

Vango supported past and present expeditions, including British 82 and Ferganapower tents, where Peter Abrahams, Jim Jones and Doug Scott submitted without success, and before, Vango long-time marketing manager Chris Brunning's strong reputation.

There is only one
**FORCE
TEN**

Vango

60 YEARS OF ADVENTURE

60 YEARS OF ADVENTURE

1993 TENSION BAND SYSTEM

Vango's Tension Band System (TBS), developed with Aere Tals, standardised tents as strong, simple and versatile as a key feature in Vango's range, from hiking to family models.

Vango

60 YEARS OF ADVENTURE

Rucksacs

rucksacs for carry & comfort

1995 BI-RADIAL

After 20 years, Alister Mouldie Sr. retired, with Richard Collier becoming MD. Vango then launched the Bi-Radial rucksack system, building on previous innovations.

Vango

60 YEARS OF ADVENTURE

Clothing

clothing for comfort & protection

1996 PROTEX®

Vango expanded into the family camping market and introduced Protex, a sustainable waterproof fabric that keeps tents cool in heat and warm in cold, now a core feature across their range.

Vango

60 YEARS OF ADVENTURE

1997 OMEGA®

Vango pushed sleeping bag design further with Omega's construction ergonomically designed for maximum warmth and heat retention.

Vango

60 YEARS OF ADVENTURE

60 YEARS OF ADVENTURE

1998-1999 FORCE TEN EXTREME

The decade closed with Force Ten Extreme tents—lighter, stronger, and built with cutting-edge fabrics, setting a new standard for high-tech, low-impact adventure.

Vango

60 YEARS OF ADVENTURE

2000 FESTIVALS

As festivals boomed in the 2000s, Vango met the demand for easy, reliable gear—driving a surge in popularity and sales.

Vango

60 YEARS OF ADVENTURE

2015 AIRSPEED

Airspeed improved the AirBamboo system with a more user-friendly rain. Vango's growing range now serves everyone—from relaxed family campers to hardcore adventurers—with versatile, technical gear for every journey.

Vango

60 YEARS OF ADVENTURE

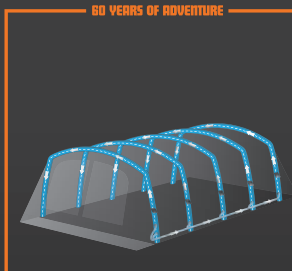

2018 PROTEX 4:2

Vango introduced Protex 4:2—an Eco-conscious fabric with double the rip strength, 1.5x better stitch retention, and enhanced water resistance thanks to six PU coatings.

Vango

60 YEARS OF ADVENTURE

2019 ADVANCEMENTS

Vango keeps innovating with features like Mils Construction for extra heat space, the Drought Seal System for draft-free canopies, and Coloursafe UV protection for longer-lasting, UV-50+ gear.

Vango

60 YEARS OF ADVENTURE

2020 PROJECT HYDROGEN

After years of research and development, Vango launched Project Hydrogen—the world's lightest two-skin tent at 700g, ideal for hike-packing and ultralight living. It won the 2020 G&A and GPO awards.

PROJECT
HYDROGEN

60 YEARS OF ADVENTURE

60 YEARS OF ADVENTURE

2021 S.I. PRO

In 2021, we reached 10 years of AirBamboo technology, replacing poles with self-stake sleeves for quicker tent setup. Our innovation continued with S.I. Pro—Single Point Inflation, inflating all boards with one pump for even faster setup.

Vango

60 YEARS OF ADVENTURE

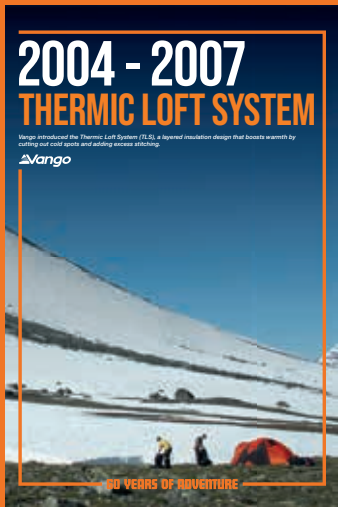

60 YEARS OF ADVENTURE

2022 EARTH COLLECTION

The Earth Collection consisted of sustainable materials, incorporating recycled plastics across our Family, Adventure, Hiking, and Awnings collections to push design boundaries.

Vango

YEARS OF ADVENTURE

Discover the outdoors with the 2026 Vango Family Collection—crafted to make every camping experience easier, brighter, and filled with adventure.

As we celebrate 60 years of adventure, our heritage of innovation continues to inspire new ways for families to explore together. This year, we proudly introduce an expanded range of Technical Cotton (TC) tents, offering enhanced breathability, comfort, and long-lasting durability for unforgettable holidays in every season.

Our pioneering Dynamic Weave 100™ fabric takes centre stage across the 2026 range, delivering exceptional strength and durability with fantastic colourfastness, without compromising on pack weight. Paired with a refreshed selection of family-friendly accessories—from relaxing furniture options to cosy sleeping solutions—your campsite will become a true home from home.

Whether you're setting off on your very first family trip or returning to a favourite spot, Vango's 2026 range is designed to help you relax, reconnect and create memories that will last a lifetime.

Sleeps: 6 people

Floorplan:

Features:

- Vis a Vis Layout
- Vango PowerFlex® Fibreglass Poles
- Fully Sewn-in Groundsheet
- Villa Construction
- King Pole Compatible Side Door
- Toggled Privacy Curtains
- Easy Pack Carry Bag
- TBS®II Tension Band System
- Adjustable Pegging System
- High Visibility Guylines
- Vango AirZone

Additional information can be found in the Features Glossary (page 51).

SORRENTO 600XL

Separate bedrooms for additional privacy.

THE BENEFITS OF **DYNAMIC WEAVE® 100**

Learn about our strong & lightweight Dynamic Weave® 100 fabric.

Crafted using 75D and 100D cross-hatch fabric for maximum strength, durability and minimum weight.

PULLING STRENGTH

Proven to be 23% stronger than standard family tent fabrics.

TEAR STRENGTH

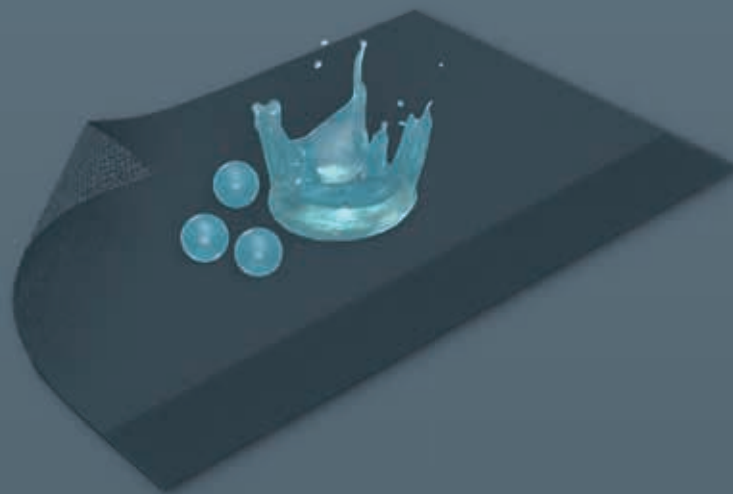

Shown to be 13% tougher than standard family tent fabrics.

UV TESTING

Our fabric lasts 4x longer in UV exposure than the minimum requirement for tent fabrics*.

* Minimum requirement as stated by the British Standard Institute's (BSI) ISO5912 rating on UV colour retention.

DYNAMIC WEAVE® 100

Designed with a focus on pack size, weight and longevity, this innovative fabric is durable and waterproof.

Fabric features:

- **4,000mm HH** - Waterproof and easily cleaned.
- **Weight** - 87g/m²
- **Dynamic Weave®** - This blended composition creates a strong and durable fabric, designed to last.
- **Fire Retardant** - Meets ISO5912* standards.
- **COLOURLOCK eco®** - Improved colour retention and UV protection while reducing environmental impact**.

* ISO5912 - All Vango tents are designed to the stringent international standards of ISO5912, which specifies requirements on safety, performance, rain resistance and fitness for use.

**Reduced water usage, chemical waste, and carbon emissions compared to standard.

THE BENEFITS OF TC FABRIC

TC fabric is a mix between polyester and cotton.

CLIMATE CONTROL

- Breathability and insulation increased.
- Adapt to the environment around them.

REDUCED CONDENSATION

- Moisture passes through reducing condensation.
- Creates a more comfortable atmosphere.

PREMIUM FEEL

- Rich Polycotton high-quality fabric.
- Luxurious to the touch for added comfort.

LONGEVITY

- Incredibly durable and strong fabric.
- Stands up to UV rays for a longer period of time.

How does TC Fabric Work?

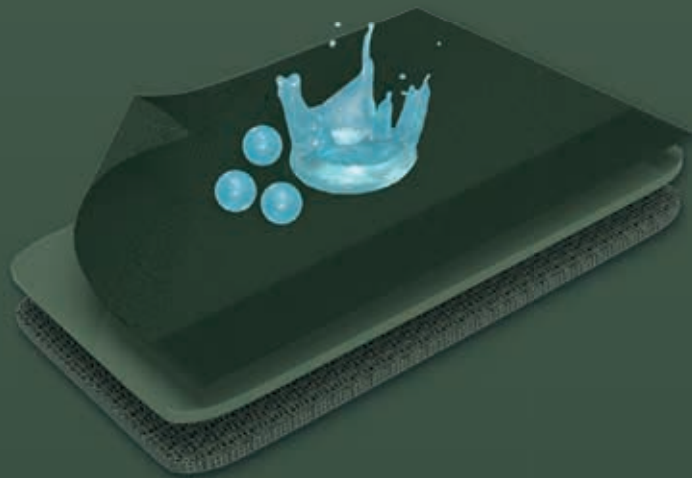

DRY WEATHER

- Fabric fibres are open allowing breathability.
- Air is able to flow through fabric and cool tent.
- Creates a cool, comfortable atmosphere that is perfect on hot days.

WET WEATHER

- Water makes the fabric fibres swell.
- The swollen fabric slows the water penetration.
- Must ensure you don't touch the inside of the fabric as this will release the moisture.

SENTINEL EXCEL TC

Sentinel Excel TC is breathable and regulates temperature, keeping the tent cooler in heat and warmer in cold.

Fabric features:

- **Water Repellent** - Treated to repel water.
- **Weight** - 210g/m²
- **Polycotton** - 65% Polyester 35% Cotton mix.
- **Seams Sewn Using Cotton Thread.**
- **DWR Water Repellent Outer Coating.**
- **Climate Control** - Breathable and adjusts temperature to suit environment.

OUTDOOR ADVENTURE MEETS RESTFUL RETREAT

Vango sleeping bags, mats and accessories ensure a fantastic night's sleep for the whole family.

STELLAR SINGLE ▼

- **Grade A Quality Fill** - Superior fibre fill which is designed to be durable, warm and lightweight, while retaining its loft and soft touch.
- **Double Layer Construction** - Two layers of fill for greater warmth.
- **Polair® Shell** - Smooth to touch, hardwearing and washable Polair® polyester fabric (190T).
- **Polair® Lining** - Soft lining which is also hardwearing and washable, Polair® polyester.
- **ThermoLock Insulation** - Provides warmth and retains loft in damp conditions.
- **Shaped Hood** - Improves warmth by reducing heat loss from the head. Drawcord allows adjustment of the hood for heat retention.

Aurora Grande
Available

AURORA KINGSIZE ▲

- **Grade A Quality Fill** - Superior fibre fill which is designed to be durable, warm and lightweight, while retaining its loft and soft touch.
- **Offset Double Layer Construction** - Counteract seams prevent cold spots at the stitching lines.
- **Polair® SuperSoft Shell** - A soft to touch 210T microfibre shell fabric that is wonderfully cosy, snug and breathable.
- **Polair® Snug Lining** - Soft and cosy brushed Polair® polyester fabric that offers a warm handle. Ideal for snuggling into at night (190T).
- **ThermoLock Pro Insulation** - Increased durability, extra warmth and retains loft in damp conditions.

GRAVITY GRANDE ▼

- **Polair® Shell** - A soft touch, durable, 190T polyester fabric that's machine washable for comfort and longevity.
- **Polair® Fabric Lining** - A super soft and comfortable 190T brushed polyester microfibre lining that's incredibly warm and soft to touch.
- **Grade A Insulation Fill** - A superior fibre insulation that's durable, warm, lightweight, soft to touch and retains.
- **Single-Layer Stitch Construction** - Reduces cold spots by ensuring the fill is evenly distributed within the bag.
- **ThermoLock Insulation** - High loft insulation that retains warmth even when wet.

NEW FOR
2026

STELLAR JR. ▲

- **Grade A Quality Fill** - Superior fibre fill which is designed to be durable, warm and lightweight, while retaining its loft and soft touch.
- **Double Layer Construction** - Two layers of fill for greater warmth.
- **Polair® Shell** - Smooth to touch, hardwearing and washable Polair® polyester fabric (190T).
- **Polair® Lining** - Super soft lining which is also hardwearing and easily washable, Polair® polyester.
- **ThermoLock Pro Insulation** - Increased durability, extra warmth and retains loft in damp conditions.
- **Shaped Hood with Elasticated Opening** - Reduces heat loss from the head. No drawcord closure on Junior models for safety.

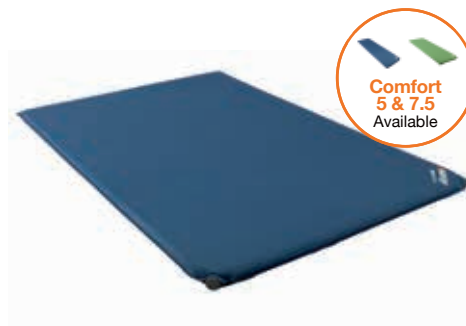

SHANGRI-LA LUX 16 DOUBLE ▲

- **Integrated Rechargeable Pump** – by integrating our rechargeable pump into the design it makes inflation and deflation far more convenient than before. It takes only 1 minute to inflate and 1 minute to deflate fully ready to be rolled and packed away with ease.
- **Dreamlock Construction** – innovative cutting design which allows the mattress to pack smaller and easier than before. With the new design this allows us to reduce the pack size by 20% from its previous model.
- **Cyclone Valve** – Allowing fast and easy inflation and deflation.
- **Elastic Fabric** – Produced using a soft, elastic yarn knitted into a comfortable fabric providing a home-from-home feeling.
- **TPU Lamination Technology** – Modern TPU fabric lamination is lighter and more environmentally friendly than traditional PVC constructions. The result is a smaller pack size that's quicker and easier to inflate, deflate and pack away.
- **Vertical Walls** – A 3-dimensional construction with vertical walls produces a larger sleeping area without adding to the pack size for a more comfortable nights sleep.

COMFORT 5 DOUBLE ▼

- **Polyester Peach Top Fabric** – Comfortable and soft fabric which is warm to the touch.
- **75D Non Slip Polyester Base Fabric** – The fabric won't slip on your inner tent's floor.
- **5cm of Insulating Foam** – For a comfortable sleep.
- **Carry Bag Can Be Used As a Pillow** – Constructed from soft, comfortable brushed fabric, allowing for use as pillow.
- **Easy Operation Valve** – Quick inflation and deflation, securely locking when not in use.
- **Repair Kit Included** – Patch your mat in an emergency if the worst happens and you get a puncture.
- **REACH Approved Materials** – Materials used meet and exceed the European REACH standard, ensuring safe use and peace of mind.
- **Carry Bag and Securing Straps Included.**
- **Cyclone Valve** – Allowing fast and easy inflation and deflation.

◀ DEEP SLEEP MEMORY PILLOW

The Vango Deep Sleep Memory Foam Pillow has the benefits of a fully supported memory foam pillow, with the small pack size of a camping pillow. The pillow's air inner provides its core structure and this, surrounded by a sumptuous memory foam mid-layer, offers a luxurious night's sleep.

ARCADIA 10 GRANDE ▲

Designed with a stylish, soft-touch flocked finish top and durable non-slip base, the luxurious Vango Arcadia 10cm Grande self-inflating sleeping mat offers unrivalled comfort and convenience. With the Cyclone Flip Valve inflation and deflation are much quicker and easier than traditional valves. Simply flip open the valve and watch the mat expand. Prefer a firmer mattress? Simply top it up with a few extra puffs of air. After a great night's sleep, the Cyclone valve's large opening means the air evacuates quickly making packing away really easy.

DEEP SLEEP ERGO PILLOW ▶

The Vango Deep Sleep Ergo Pillow is ergonomically designed to offer you the best sleep possible wherever your adventures take you. Featuring a soft, stretchy fabric for extra relaxation and comfort, the Deep Sleep Ergo folds down to a compact size.

MICRO CAMPBED ▼

- **Steel Frame** – Strong and reliable.
- **Packs down to approximately 1 litre in volume for ultralight adventures.**
- **Carry Bag Included** – Convenient bag for storage and keeping the product clean.
- **Max. Loading Weight** – 120kg/18st 12lbs.

◀ SELF INFLATING PILLOW

The ultimate in effortless comfort, the Vango Self Inflating Pillow inflates within seconds by simply releasing the valve and allowing air to be drawn into the pillow. The luxuriously soft pillow offers superior comfort allowing you to have the perfect night's sleep. To deflate the pillow, simply open the valve and roll the pillow up effortlessly,

MEALTIME MAGIC MADE IN THE WILD

Make your mealtime unforgettable with help from Vango dining accessories.

◀ RANGER BBQ

- **Chrome Steel Burner Grate** - A high quality burner grate to support your pots and pans and allow air to circulate.
- **Stainless Steel Body and Frame** - Sturdy material assures the firepit won't fall over during cooking.
- **Detachable Grill** - Easy for cleaning and also helps fuel the fire with ease.
- **Dual Ventilation Points** - Allows more oxygen to pass through.
- **Large Ash Tray** - Catches hot embers from falling on the grass or ground.
- **Compact Folding Design** - Easy to fold and pack away.
- **Carry Bag Included** - Convenient bag for storage and keeping the product clean.

◀ 2L STAINLESS STEEL KETTLE

- **Stainless Steel** - Tough and durable.
- **Folding heat resistant handle**
- **Whistling kettle**
- **Lid Detaches Completely** - For ease of filling.
- **Push/pull** - To open and close spout.

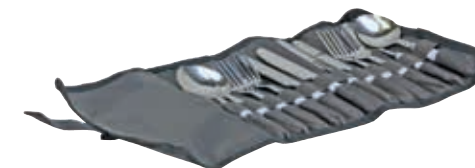

NOMAD FIRE PIT ▶

- **7 Piece Self Assembly Fire Pit** - Easy to assemble yourself.
- **Smokeless System** - Smoke is superheated causing it to dissipate.
- **Vented Base Plate** - Allows better air flow for your fire pit.
- **Compact Folding Design** - Easy to fold and pack away.
- **Stainless Steel Body and Frame** - Sturdy material assures the firepit won't fall over during cooking.
- **3 Lock Latches** - Secures the walls to the base plate.
- **Carry Bag Included** - Convenient bag for storage and keeping the product clean.
- **Carry Handle** - For easy transportation to and from the campsite.

FAMILY CUTLERY SET ▶

- **Stainless steel** - Tough and durable.
- **4 x knives, 4 x forks, 4 x spoons.**
- **Storage Bag** - Adds protection when carrying in your rucksack.

SCRAN GRIDDLE ▼

- **2.5m Cable with UK Plug** - Extra long cable provides flexibility for cooking.
- **Power: 1500 Watts** - Allows for efficient cooking.
- **Flat or Ribbed Non-stick Grill Plate Option** - Healthy cooking options and easy to clean.
- **Adjustable 5 setting Thermostat with Light Indicator** - Control the temperature whilst cooking (80-240°C).
- **Heat Resistant Handles** - For added protection.
- **Leg Height Adjuster** - Allows unwanted grease to easily drain away from food.

SIZZLE INDUCTION HOB ►

- **LED Controls** - Easy to use.
- **Automatic Pan Sensor** - Must be stainless steel bottom pans, audible beep if incorrect.
- **Integrated Cooling Fan** - Reduces the risk of overheating.
- **2.5m Cable with UK Plug** - Extra long cable provides flexibility for cooking.
- **Power: 800 Watts** - Designed for outdoor use with a max temperature of 200°C.
- **Heating Lock** - Ensures pans are kept warm.
- **Storage Bag** - For easy transportation.
- **12 - 19cm Cooking Area** - Suitable for use with pans 12 - 19cm in diameter.

INFERNO COOKER ▲

- **Stainless Steel Burner** - 2.4kW burner power.
- **Recessed Drip Tray** - Designed to help protect the flame.
- **Detachable Stainless Steel Pot Support** - Strong, durable, and removable for easy cleaning.
- **Stainless Steel Pot Support Storage** - Stores in place underneath burner base.
- **Built In Piezo Ignition** - Easy to light, no matches required.
- **Carry Handle** - For easy transportation to and from the campsite.
- **Retractable Braided PTFE Hose With Auto Cut Off** - Built in gas safety keeps it compact.
- **Estimated Burner Time** - 150 mins.

BLAZE COOKER ►

- **Stainless Steel Burner** - 3kW burner power.
- **Low to Ground Design** - Ensures stability when cooking.
- **Hi/Low Burner Control** - Easily control the temperature of the cooker.
- **PVC Hose** - Controls gas supply with auto shut-off.
- **Plastic Feet** - Add extra stability when cooking.

◀ HARD ANODISED COOK KIT - 4 PERSON

- **Ideal cook set for up to 4** - Includes 2 pots and 1 frying pan.
- **Aluminium** - Lightweight & durable construction.
- **Hard Anodised Coating** - Durable and easy to clean.
- **Nesting design packs together for compact and easy storage.**
- **1500ml Medium cooking pot & lid** - 17 x 9cm.
- **2500ml Large cooking pot & lid** - 19.5 x 12cm.
- **Frying pan with folding handle** - 19.7 x 5cm.
- **Ergonomically shaped, heat resistant handles.**
- **Storage Bag** - For easy transportation.

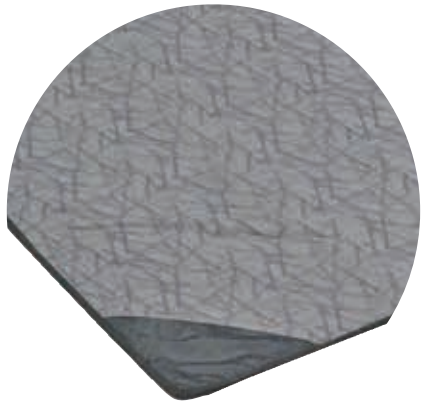

ALUMINIUM COOK SET ►

- **Aluminium** - Lightweight & durable construction.
- **Non-stick frying pan, diameter 20cm.**
- **3L pot, 20cm diameter.**
- **Aluminium kettle 1.3L.**
- **2L pot, 18cm diameter.**
- **1.5L pot, 17cm diameter.**
- **Removable pot handle.**

THE FINISHING TOUCHES FOR EVERY ADVENTURE

Complete your set-up with home comforts
& storage options to keep your awning tidy.

INSULATED FITTED CARPET ▼

Make your tent a home by adding warmth and comfort underfoot with a Vango Carpet, an added luxury you won't want to be without. The carpet comes in its own easy to pack carry bag for simple transportation and storage.

◀ GROUND SHEET PROTECTOR

Protect your tent by adding a Vango Groundsheet Protector to your essentials. Designed to extend the life of your tent by protecting against tears from stones, it's very easy to clean and helps mark out your pitching position.

UNIVERSAL CARPET ▲

Add a homely touch to your tent by adding warmth and comfort underfoot with a Vango Carpet. Designed to fit a variety of Vango tents, the Carpet not only gives extra protection to your groundsheet but is an added luxury you won't want to be without.

AIRBEAM® TEMPEST PUMP ▶

- **USB Cable Included** - Charge directly from any standard USB port.
- **Rechargeable Lithium Battery 2000mAh/90W** - Never have to buy batteries again.
- **Charge Time** - 5V2A - 3 hours & 9V2A - 2 hours.
- **Runtime** - 30 mins - Ensures you get all of your equipment set up for your camping trip.
- **3 Types of Adaptor** - Includes AirSpeed, Bravo and Boston Adaptors.
- **Power Bank Function** - Rechargeable via USB-C, with a USB output port. (Charging cable included).
- **LED Display Screen** - Allows you to clearly see how inflated your equipment is.

LIGHTBEAM 250 RECHARGE ►

The LightBeam 250 Recharge is a lightweight and flexible design that provides a variety of lighting options for your camping trip. The run time of the 250 recharge is 4-40 hours, dependent on light mode and has two magnetic attachment points for a quick and easy set up. The light also has two elastic webbing straps which allow the light to be compatible with Vango's unique SkyTrack®.

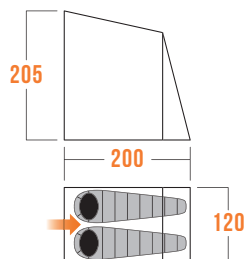

COMET LIGHT ►

The Vango Comet Light is a rechargeable telescopic light on a sturdy tripod base which gives users the ability to change the height and brightness setting depending on their needs. The Comet Light can act as a torch, a table light or a stand light meaning it can go with you anywhere.

UNIVERSAL INNER ▲

The Universal Inner allows you to easily add an additional bedroom to your 6 person Sherwood tent. Easily attached using our unique SkyTrack® II System, it's suitable for either storage or extra sleeping space. This inner features Midnight Bedrooms made from a premium darkened fabric used in the bedrooms for a great night's sleep.

VANGO GLACIER 23L ▼

- **Superior Rotomolded Construction** - Engineered to withstand the toughest conditions.
- **PU Insulation** - Hi performance insulation, up to 5 days ice retention.
- **Strong Folding Carry Handle with Comfort Grip** - Comfortably lift and carry your Glacier around with ease.
- **2 Padlock Points** - Ensure things are kept safe.
- **Thermal Lid Gasket** - Locking system locks and seals for maximum chill.
- **2 Cup Holders** - Great for multiple people to enjoy a drink and place on their cooler around the campsite.

C-PINNACLE 40L ▲

- **40L Capacity** - Can hold up to 50 cans.
- **Temp Range -22°C to +20°C** - Suitable for all occasions.
- **LED Display panel with soft touch buttons** - Easy to read and use display panel with easy control buttons.
- **ECO Mode & MAX Mode option on the panel** - Allows the user to choose what option they want.
- **Insulation PU Polyurethane.**
- **Withstand a short-term inclination of 30°** - Maintains its cooling power when tilted or placed on an incline.
- **Internal Light** - Allows you to see clearly in your cool box in dark conditions.
- **Single Compartment With 2 Storage Baskets** - Chill or freezing, keeps items separated.
- **Strong Carry Handles** - Allows support and ease carrying the cool box where you're going.
- **Drain Plug.**
- **DC 12V/DC 24V, available for car, trucks and buses** - Can charge DC from your vehicle.

VANGO PINNACLE 57L - 80HR ▼

- **High Density Polyethylene** - Superior in strength and highly durable.
- **Polyurethane Foam Insulation** - This high-quality foam insulation maintains cool temperatures.
- **57L Capacity** - Holds 75 cans.
- **Two Way Handle** - Makes for easy lifting.
- **Easy Drainage** - Empty out your cool box with ease through the tap positioned at the bottom.
- **Tough, Impact Resistant Exterior** - A strong and durable exterior to protect your goods.
- **Cup Holders** - 6 handy cup holders in the lid of the cool box to place your cans/cups.
- **Cooling Time** - 80 hours / 3+ days.

FAMILY CAMPING FEATURES GLOSSARY

Welcome to our Features Glossary - your go-to guide for getting to know your camping gear inside and out.

Every Vango Family Tent is packed with thoughtful design details and clever technology, and this page helps you understand exactly what they all do.

Here, you can explore the features that make your kit durable, comfortable, and adventure-ready - from weatherproof fabrics and lightweight materials to smart storage solutions and comfort-driven designs. Whether you're gearing up for your first weekend under the stars or your next big expedition, our glossary helps you get the most out of every piece of equipment you own.

Because the more you know your gear, the better every adventure gets.

- **Additional Groundsheet Protector** - That will protect and extend the life of your groundsheet and tent.
- **Adjustable Pegging System** - Allows tent to be pitched perfectly on uneven surfaces.
- **Adjustable Rear Ventilation** - Mesh panel with adjustable cover at rear of tent.
- **AirBeam® Pump** - Included with all AirBeam® tents and awnings, our ergonomically designed pump ensures effortless inflation. Features a built-in pressure dial and a convenient carry bag for easy transport.
- **AirSpeed® Valve** - Inflate and deflate your tent effortlessly in minutes with the unique and conveniently positioned valve.
- **AirZone Panel** - Increases the airflow into the living space.
- **Bedroom Pockets** - Conveniently positioned pockets for storing your essentials.
- **Built-in Front Awning** - Provides extra enclosed space perfect for socialising, dining and storage.
- **Cable Entry Point with Tidies** - Zipped entry point for power cable, with touch fastener tidies to keep cables out the way.
- **Clear Access Bedrooms** - A wider opening and no step over into the bedroom allows for easier access.
- **Colour Coded Poles** - For easy pitching.
- **Covered Entrance** - Gives a sheltered entrance to your tent, which prevents rain from dripping in to the living area.
- **Covered Side Door** - Provides a sheltered entrance to your tent, which prevents rain from dripping in.
- **Detachable Webbing Storm Straps** - Provides secure guying at the front and rear of the tent which can be replaced if requires are required.
- **Diamond Clear Windows** - Maximise light and visibility to provide a bright and airy environment.
- **Drop Down Door Step** - Effortlessly enter and exit your tent with the drop down doors. Perfect for pram and wheelchair access.
- **Double Living Area** - An extra large living area giving more space to relax and unwind or store your camping essentials.
- **Easy Pack Carry Bag** - Oversized carry bag made from 15% more material with 50% more volume.
- **Extended Living Area** - Provides plenty of space to relax and unwind.
- **Fire Retardant Fabrics** - Meets European EN6941 safety standard.
- **Flat Front Living Area** - Maximises living space within the tent.
- **Fully Sewn-In Groundsheet** - Adds to the comfort of your tent by providing a bug and draught free environment. The groundsheet is attached to the flysheet with an external storm skirt to provide all round protection.
- **Fully Taped Seams** - All flysheet seams are factory taped which provides a watertight seal.
- **High Visibility Guylines** - Strong and easy to see in low light conditions, the colour blends from the tent to a bright orange to enhance visibility.
- **Inflatable AirBeam® Structure** - With 10 years' experience in AirBeam® technology, we are the leaders in pole free pitching. AirBeam® technology ensures your tent is erect within a matter of minutes, creating a strong and rigid structure allowing you peace of mind and more time to enjoy your holiday (Supplied with AirBeam® pump).
- **King Pole Front Door** - Increase the external space of your tent with the addition of king poles to create a sun-canopy.
- **King Pole Compatible Side Door** - Create a sheltered entrance to your tent. (King Poles not Included).
- **Lantern Hanging Points** - Conveniently positioned to attach your lighting.

- **Large Mesh Roll Away Door** - Front door with two large mesh panels can be rolled to the side to fully open up the living area.
- **Large Mesh Vents on Inner** - Keeps tents cooler in warm conditions and reduces condensation.
- **Lights-Out® Bedrooms** - Helps reduce early morning light so your sleeping pattern doesn't need to be dictated by the sunrise, while providing a 70cm sleeping area per person.
- **Lights-Out® Queen Size Bedrooms** - Helps reduce early morning light so your sleeping pattern doesn't need to be dictated by the sunrise, while providing a 60cm sleeping area per person.
- **Linked-In Groundsheet** - Groundsheet easily links to the tent to keep the weather and bugs out yet can be rolled away if required.
- **Mesh Door** - The living room door has an integrated mesh panel that increases the flow of air within your tent while keeping bugs out.
- **Mesh Window with Cover** - Allows air to circulate within the living area to increase ventilation.
- **Midnight King Size Bedrooms** - Premium darkened fabric used in bedrooms with a 70cm sleeping area per person, allowing for a great and comfortable night's sleep with plenty of room.
- **Midnight Queen Size Bedrooms** - Reducing early morning light and allowing for a comfortable night's sleep, these queen sized breathable bedrooms ensure 60cm of sleeping area per person allowing plenty of space with pockets to store your essentials.
- **Mirrored Bedroom Layout** - Have additional privacy, ideal for older kids or when sharing with friends, with bedroom spaces at either end of the tent.
- **Oversized Corner Pegs** - Large plastic orange corner pegs designed to be used first when pitching. These pegs should be pegged into the matching orange webbing points on the tent.
- **PowerFlex® Fibreglass Poles** - Creates strong, light and reliable structures.
- **PowerLite 7001-T6 Alloy Poles** - Lightweight, compact and durable.
- **Pre-angled Poles** - Achieve greater internal space than with a standard curve. Provides effective bracing against winds.
- **Pre-Attached Extension** - Front canopy built into the design of the tent offering generous extra living space.
- **Pre-Attached Front Awning** - Provides extra enclosed space, perfect for socialising, dining or storage.
- **Queen Size Bedrooms** - Provides a 60cm sleeping area per person meaning you have plenty of room to sleep and store essentials.
- **SkyTrack® II** - A flexible hanging system which allows you to easily attach lighting and storage. The SkyTrack system truly allows you to design your tent to suit your needs.
- **SkyTrack® Blinds** - Adding a bit of extra style to your tent, these blinds give you the ability to slide your curtains to the desired height allowing for optimal light levels at any time of day.
- **Smart Pack Roller Bag** - Full front of the roller bag drops down providing an area for your tent to be rolled and compressed straight into the bag. Patented GB2583812.
- **TBS®II Tension Band System** - Ensures the tent performs in adverse conditions, especially in strong, changeable winds. When tensioned, the bands brace the pole at 3 points, and reduce sideways movement. Adjust TBS®II to remove slack. Do not over tension, as this may deform the poles. Can be stowed away in calm weather. Patented EP1905927.
- **Toggled Inner Divider** - Provides flexible sleeping options, allowing you to split bedrooms to create more privacy or remove to create a master bedroom.
- **Toggled Privacy Curtains** - Provides privacy when required, can be rolled away when not in use.
- **Universal Inner Tent Compatible** - Provides additional sleeping or storage area in your tent living room (not included with tent).
- **Villa Construction** - Upright side walls increase the height within the tent allowing you to fully maximise the internal space.
- **Vango AirZone** - High and low level ventilation panels combine to create a comfortable flow of air through the tent. Air circulation is essential for reducing condensation.
- **Villa Construction** - Upright side walls increase the height within the tent allowing you to fully maximise the internal space.
- **Vis a Vis Layout** - Two inner tents, at separate ends of the tent give occupants great personal space and privacy. Perfect for couples or families that want their own room.
- **Waterproof PE Groundsheet** - Robust and hard wearing fabric to stand up to the rigours of the most active campers.
- **Zipped Inner Divider** - Offers greater privacy between inner bedrooms. Roll away when not required.

VANGO AFTERCARE HERE WHEN YOU NEED US

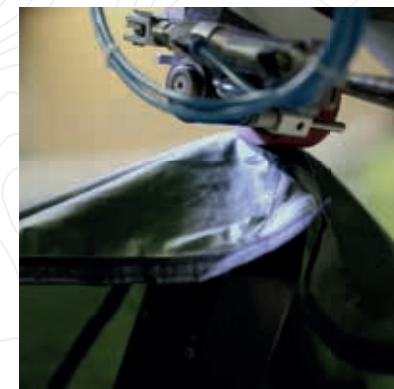

Vango aftercare is here to ensure your kit stays adventure ready, season after season.

We know your tent, awning, sleeping bag, or that well-travelled rucksack is more than just kit. It's a companion, one that's weathered sunrises, downpours, and perhaps the odd culinary experiment gone wrong.

To help you keep it adventure-ready, we work with trusted repair experts who can patch, restitch, or replace worn parts with care and precision. Whether it's a leaky seam, a snapped pole, or a fogged-up window, support is never far away.

Need a replacement part? A dedicated spares department is on hand to supply everything from beams to buckles.

As part of our commitment to reducing our carbon footprint, we partner with Camping Recycled to give second-life products a new home. Ex-display, sample stock and returned items are refurbished and made available for resale, so you can feel good about choosing sustainable solutions with Vango.

FAMILY CAMPING ADDITIONS

A full range of spare parts plus our unique UK based repairs service can be found at campingspares.co.uk

WARRANTY

For added peace of mind, all Vango products have a warranty that lasts for not just one, but two years from the date of purchase. You can then also extend the warranty by a further year through registering your product online*. Another great reason to buy Vango.

*Products must be registered within 6 months from the date of purchase at vango.co.uk/product-registration. Warranty will be extended by one year only and proof of receipt must be obtained.

CARBON BALANCED PAPER

At Vango we care about our planet and printing has a direct impact on it, therefore we work with World Land Trust to reduce the effect on our world. By using a carbon balance material we have offset the equivalent of 1,860kg of carbon dioxide and this support will also enable World Land Trust to protect 355m² of critically threatened forestry. Finally, we would ask that if you no longer need this brochure, please help us continue to reduce waste by recycling it.
