DISCOVER HOW YOUR SUPPORT HELPS

AHMED HAS PROFOUND HEARING LOSS

Three-and-a-half year old Ahmed received a bilateral cochlear implant at the age of two to help with profound hearing loss. He also attended a nursery which was inclusive of children with disabilities, but he still struggled to make progress in learning.

When Ahmed's parents met Wafa from the Learning Centre for the Deaf (LCD) at a cochlear implant workshop, she explained the importance of parental involvement in the learning journeys of deaf children. In September 2024 Ahmed enrolled at LCD's Early Intervention Programme, supported by Embrace, and immediately started to make progress. The programme works closely with families, supporting language development, self-esteem and inclusion.

During the Israeli invasion of Lebanon in Autumn 2024, Ahmed's family had to abandon their house due to nearby bombing and both parents lost their jobs. Throughout this time the LCD team provided emotional support and practical assistance to Ahmed and his family.

“

“We are immensely grateful to the LCD team for their understanding and for accommodating our financial situation throughout this challenging period. Most importantly, we are deeply thankful for the rapid and remarkable progress Ahmed has made.”

Sliman Mansour's deft use of mud in his artwork reflects Palestinian rootedness to the land, as well as the fragility of life and the fragmentation of the political and geographical landscape reflected in the deep cracks of dried mud.

"The mud came from my childhood memories. As a child, I used to work with my grandmother when she was building beehives and even ovens with mud. After a while, once I started making figures, I realised that the mud also reflects the human fate with the cracks, people waiting to disappear, fall down and go away."
– Sliman Mansour

DESIGNED EXCLUSIVELY FOR EMBRACE BY SHATHA SAFI

Self-taught Palestinian visual artist Shatha Safi uses her artwork, inspired by Palestinian history and heritage, as a powerful yet peaceful resistance against occupation. Living in Dheisheh Refugee Camp, south of Bethlehem, Safi's art connects deeply to her family's experience of the Nakba and their displacement from Jerash village in 1948. We welcome her contribution of artwork for our latest Advocacy campaign, Childhood Behind Bars - End the military detention of Palestinian children.

9. **NEW** Gracious Dialogue: A Guide to Listening and Speaking Well About Israel and Palestine

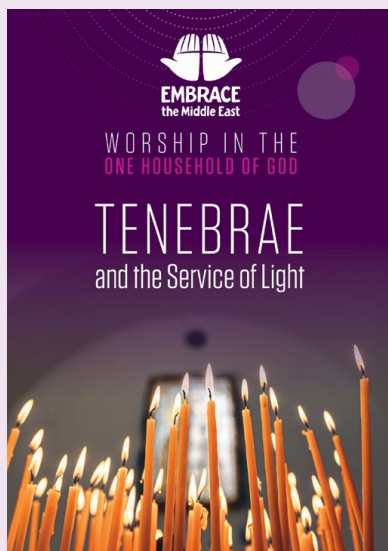

The situation in Israel and the occupied Palestinian territory continues to deteriorate, and the local Christian population continues to decline. How should we, as the Body of Christ, tackle points of theology that are understood so differently, and yet held so sincerely by followers of Christ and members of the same church?

This 4-week introductory resource is designed to help churches and small groups navigate these choppy waters. Each week, using history, a reflection from Romans, and time for discussion, you will be introduced to dialogue that is intended to help people see through another's eyes.

Paperback, 40 pages.

10. **NEW** Tenebrae and the Service of Light Service Booklet

Enjoy this beautiful juxtaposition of the Service of Light and the Service of Shadows (Tenebrae) as a small group or church. The Service of Light, one of the earliest known Christian ceremonies, reminds us, through the lighting of the lamps, that the light shines in the darkness and that the darkness cannot overcome it. The Tenebrae, originating in the 12th century, focusses on the events of Good Friday as the lamps are gradually extinguished and the Passion narrative unfolds. Allow this poignant service to walk you into a contemplative and profound space of worship together. Perfect for Holy Week.

PLANT AN OLIVE TREE

A direct and peaceful way to stand with Palestinians

In the West Bank, olive groves are being cut down and land seized from Palestinian farmers by the Israeli occupation at an unprecedented rate.

For £20 we will arrange for a sapling olive tree to be planted, sustaining this vital Palestinian crop and helping indigenous farmers maintain their claim on the land.

You will receive a registration card for each tree you sponsor, which can be sent on as a gift. Once registered and planted, you will receive a certificate and updates about the farmers you're supporting.

Planting an olive tree in Palestine is a great way to express your commitment to peace and justice.

£5 from your gift will go toward supporting wider work for justice, peace and equality in the West Bank.
